### Helpful Online Reservation Tips:

- Making a reservation is as simple as selecting a park and entering the range of dates intended for your stay and selecting search. Please keep in mind your checkout date does not occur until the following day by 11:00 AM after the “Last Night” of your reservation. The park’s map will then populate with the available sites for the selected dates. Once you choose your site, you will be prompted to enter required fields of information followed by an option to secure your reservation with payment. When finished, a transaction receipt will be sent to the email you’ve provided.
- For guests who know what site they desire, they can enter the date range of their intended stay and site number then select search. If the site is available, the site will populate on the parks map for selection. Follow the prompts to complete your reservation (see instructions above).

- Please note that in order to make a reservation during the months of June & July; guests must reserve a **minimum** of 30 consecutive days in order for the reservation to be accepted. Weekly and/or daily reservations will **NOT** be available for these two months via the online reservation system.
- For guests reserving a month or longer, it is important to note that 30 consecutive days constitutes a month, and is required to obtain the monthly rate. Anything less than 30 days will revert to a weekly and/or daily rate, whichever is deemed applicable by the system. Reservations less than 30 days will be required to process over the phone. Please send us an email with your requested dates and a phone number. One of our Registration Clerks will contact you to set up your reservation.
- Monthly reservations require full payment for the entire month. Multiple month reservations also require payment for one full month. Daily and weekly reservations require full payment for the entire stay.
- Monthly or multiple month reservations spanning two seasons will be pro-rated to include the rates from each season.

15 RV sites have been set aside at Isla Blanca Park dedicated solely to daily rentals for the months of June and July only. These sites will be available for a maximum stay of two weeks. Because the availability of these sites is during the months of June and July, only a daily rate will be offered for these sites. The following sites have been reserved for daily rental only:

C377 C378 C379 C380 C381 C382 C383 C384 C385 C386 C387 C388 C389 C390

It's important to note for our winter guests that Winter reservations will not be accepted on January 15<sup>th</sup>. The release date for Winter Reservations will be announced at a later date. The Parks Department will publicly announce this event as we approach the release date.
