

Q1: Will HUB certification be considered during this process?

A1: *The Scoring will be per the details included in the RFP document.*

Q2: Can a HUB certified broker partner with a Prime contractor?

A2: *This is at the discretion of all participants.*

Q3: When will schedules be made available?

A3: *It is anticipated that the property schedule will be available prior to the selection of market deadline. Other schedules will be available after the market assignments. Currently the County has approximately 226 scheduled buildings and a total insured value of approximately \$200 million.*

Q4: Does the County currently maintain Public Officials / Management Liability and is full prior acts coverage required.

A4: *There is currently no coverage. Full prior acts is requested, but not required.*

Q5: Will the TDOT/Engineering reports for all 3 international bridges be included in the near future for underwriters use.

A5: *We are still in the market selection phase. There will be plenty of time for underwriting questions once markets are assigned. We do anticipate having updated engineering reports for all three bridges.*

Q6: What is the international bridge property/loss of revenue renewal amounts?

A6: *Cameron County Commissioners Court has approved the international bridge property/loss of revenue renewal as proposed by Zurich American Insurance Company for the premium of \$100,564.00 with no change in coverage terms or conditions. The business income/extra expense limits noted in the RFP are per expiring.*

INSURANCE: PROPERTY & CASUALTY – RFP# 1464A

BATCH 1
