SECTION I

PROJECT DESCRIPTION

A. PURPOSE

This Request for Qualifications (RFQ) invites submittals from experienced firms for the provision of

- Disaster Debris Removal Monitoring and Consulting Services,

services in Cameron County, Texas, immediately after a hurricane or other natural or man-made disaster.

The objective of the RFQ and subsequent contracting activity is to secure the services of a capable and experienced Contractor who is (1) capable of efficiently monitoring the removal of large volumes of disaster-generated waste from a large area in a timely and cost-effective manner.

The County intends to enter into a pre-positioned contract with one (1) Prime Contractor who may utilize both local and non-local resources to provide services in the event of activation by the County following a hurricane or other natural or man-made disaster. The Contractor will be expected to have an initial management team mobilized to Cameron County within 24 hours of receipt of the Notice to Proceed and to have mobilized all appropriate equipment and personnel to the Cameron County area within 48 hours of receipt of the Notice to Proceed.

The County reserves the right to enter into contracts with more than one Prime Contractor in the event that no one firm can provide all of the necessary services.

The period of the contract will be for a term of three (3) to five (5) years (the actual term will be determined on the basis of the County's overall disaster recovery program development) with an annual recertification and price adjustment based on the construction cost index as reported by the May issue of the Engineering News Record (ENR).

The project is referred to as the Disaster Debris Monitoring DDS) Contract in the following sections of this RFQ.

B. PROJECT SUMMARY

1. Introduction

Cameron County is the southernmost county in Texas. Bounded by the Gulf of Mexico to the east and the Rio Grande to the south, Cameron County covers 1,159 square miles and has a population of approximately 318,000 people. The County landscape is a flat alluvial plain with an average elevation of about 40 feet. The Eastern edge of the County is a mix of coastal plains, beaches and marshes with much lower elevations. Land use is predominantly intensive specialized farming and livestock grazing. The County has experienced numerous major storms and flooding events in past years that generated very large volumes of debris and waste and prompted extensive pre-planning for recovery activities.

The Disaster Debris Monitoring (DDS) Contract will encompass the entire area of the county, including individual communities and rural areas. Communities in Cameron County range from the City of Brownsville with a population of approximately 160,000 people, to the coastal resort area of South Padre Island with approximately 2,300 permanent residents (and much higher seasonal levels), and small communities, some incorporated and some unincorporated, with just a few hundred residents.

Cameron County's disaster recovery planning includes considerations for removing and processing the volumes and types of debris and wastes expected to be generated by a major disaster such as a hurricane, and the procedures for disposing of that material. The planning approach is formulated in part on the concept of strategic pre-positioning of the agreements and resources necessary for timely, coordinated recovery operations, including removal of debris and wastes from public property and right-of-ways throughout the County using Contractor forces.

The County has identified the need for one or more Prime Contractors to assist County forces in completing damage assessment and debris/waste removal operations throughout the County. Prime Contractors have been selected for Damage Assessment and Debris Removal. For the purpose of Debris Monitoring, the Prime Contractor must have the capacity to manage a large workforce and to carry the expenses associated with a major recovery operation prior to the initial County payment and between subsequent payments, as well as the capacity to provide the necessary bonds and insurance. Each Prime Contractor must also have: (1) an established management team, (2) an established network of resources to provide the necessary equipment and personnel, (3) comprehensive workforce management, operations, and safety plans, and (4) demonstrable experience in major disaster recovery cleanup projects. Although a single Prime Contractor is preferred, the County may at its sole discretion award multiple contracts if no single Contractor is capable of providing all of the necessary services.

The Contract(s) to be awarded for this project will be a combination of fixed fee and contingency contracts. The County anticipates a certain level of initial work to establish the procedures for integrating the work into the County's continuing disaster recovery program planning, along with potential costs for maintaining the program over a period of time. The County anticipates that the bulk of the services to be provided, specially monitoring of debris/waste removal operations, will be provided on an incident specific basis with anticipated costs identified by a joint County / Contractor team as part of the initial program planning. In addition, the Prime Contractor(s) selected for the project will be required to participate in certain County-directed disaster recovery training and/or exercises at no additional cost to the County.

2. Planning Standard for Disaster Debris Removal Monitoring and Consulting Services

The County has selected a Category 4 wet hurricane that impacts the entire County with equal intensity as its planning standard. The estimated debris volume is 5.0 million cubic yards. This is strictly a planning figure for estimating potential removal and disposal needs; it is not a fixed quantity for the purpose of contractual obligations. The actual volume of debris may be greater than or less than the planning volume, and probably will be considerably less.

The County's goal is to complete the debris/waste removal and disposal process in 90 days. This assumes that the entire area of the County will be accessible within that period. Due to the low elevation and potential for flooding, some areas might not be accessible for several weeks after a major natural disaster. The Contractor must be aware that it might not be possible to initiate operations in all parts of the County simultaneously immediately after a storm.

3. Disaster Debris / HTRW Removal Monitoring Requirements

Planning for post-disaster cleanup operations is a function of the County Department of Public Works and Engineering and the debris/waste management operations will be carried out under the cognizance of the County Engineer.

The County has pre-contracted with one prime contractor for debris removal operations countywide. That contractor will also be responsible, under certain conditions, for removal of hazardous, toxic and radiological waste associated with homes and small businesses that are damaged by disaster. That contractor is responsible for: (1) clearing roadways, (2) removing debris and certain wastes from roadways, public right-of-ways, and public property, (3) operating Temporary Debris Staging and Reduction Areas, (4) volumetric reduction of debris, and ultimate disposal of the debris and waste.

The general concept of disaster debris/waste removal operations includes multiple, scheduled passes of each populated area and each right-of-way directed. This will allow citizens to return to their properties and bring materials to the right-of-ways as recovery progresses. The County will prescribe the specific procedures to be followed after ascertaining the scope and nature of the disaster's impacts. Curbside segregation of debris and disaster-generated or -related wastes will be an element of the County's disaster recovery program. The debris management Contractor will be required to aid in the segregation and waste stream management processes. Any hazardous materials and/or industrial wastes encountered by the debris removal Contractor will be set aside for collection and disposal by the Contractor's properly trained and equipped HTRW removal team. The County will pre-designate approximately four (4) Temporary Debris Staging and Reduction Sites (TDSR) for the sole purpose of the temporary staging and reduction of clean woody debris and construction and demolition materials. The County will also help to identify the public and private landfills that will be used for disposal of storm generated debris. The Prime Contractor will be expected to provide monitoring services at each TDSRS and landfill as well as in the field during clearing, loading and hauling operations

The Prime Contractor will be responsible for monitoring all of the Debris/HTRW Contractor's activities during the course of the recovery/cleanup period. A copy of that Debris/HTRW contract may be obtained from the Cameron County Purchasing Officer, 1100 E. Monroe St., Brownsville, TX 78520, telephone # (956) 544-0871.

4. Contract Activation

The Prime Contractor holding the Disaster Debris Monitoring (DDS) Contract will serve as a general Contractor for the purpose of the specified services, and will be able to use his/her own and Subcontractor resources to meet the obligations of the contract. The Contractor will be expected to use fully qualified and properly equipped local firms and personnel to the maximum extent practicable.

When a major disaster occurs or is imminent, the County will contact the firm(s) holding the Disaster Debris Monitoring (DDS) Contract(s) to advise them of the County's intent to activate the contract. **Within 24 hours of receiving the Notice to Proceed, the Prime Contractor shall have a management team in place in Cameron County to begin planning for the operations and mobilizing the personnel and equipment necessary to perform the work.** Personnel and equipment must be in place, fully prepared for the specified services and able to begin operations within 48 hours of the Contractor's receipt of the Notice to Proceed.

DISASTER DEBRIS REMOVAL MONITORING AND CONSULTING SERVICES

(DEBRIS MONITORING)

RFQ No. 1452 A4

SECTION II

SCOPE OF WORK

The following General Scope of Work is envisioned for the project and should be considered when responding to the RFQ. Nothing in this description shall be construed to limiting the potential scope of work to this description or to requiring that this description be included in the final scope of work for the project.

Nothing in the following General Scope of Work should be construed as limiting the types of work that a potential Consultant may address in a response to this Request for Qualifications. Responders should address all services which, on the basis of their experience, are deemed necessary to achieving the County's debris management goals.

A. GENERAL SCOPE OF WORK – MONITORING

The Consultant shall provide all expertise, effort, personnel, materials, and equipment necessary for monitoring and documenting the removal and lawful disposal of debris and other wastes generated by natural or man-made disasters that impact Cameron County, Texas.

Specifically, the Consultant will be responsible for monitoring debris and waste removal and disposal operations performed by the County's debris/HTRW contractor relative to:

- County streets, roads and right-of-ways;
- Streets, roads and right-of-ways of all municipalities and communities, incorporated and unincorporated, and rural areas within the County, unless otherwise directed by the County Engineer;
- Public property and facilities;
- Any other public site as may be directed by the Emergency Management Dir/EMC; and
- Private property when necessary to protect the public or to facilitate completion of required work, provided that entry onto private property is specifically authorized by the County Engineer.

Services shall be performed on an "as needed basis" when directed by the County Engineer/ Emergency Management Dir/EMC

The County will provide guidance and direction on priorities and specific needs for the monitoring operations. The Consultant, in concert with the County Engineer, shall determine the method and manner of monitoring the removal and disposal of debris that provide the greatest economy of operations and cost to the County. The Consultant shall then provide for the cost-effective and efficient monitoring of materials accumulated or deposited on public property, as described above and the removal and final disposal of those materials.

The Consultant will be expected to provide all personnel, equipment, forms, record keeping materials, supplies and other resources necessary to carry out the specified services and to provide ongoing and periodic reports to the County for its use in providing documentation to State and Federal officials pursuant to Federal reimbursement of eligible recovery costs. The Consultant must be fully cognizant of all pertinent Federal (FEMA, U.S. Army Corps of Engineers, etc.) and State of Texas documentation requirements and procedures and be prepared to assist the County staff in compiling and managing information and data necessary for those purposes.

Prior to initiating work under this project, the Consultant shall present to the County Engineer for review and discussion a General Operations Plan and sufficient supporting documentation to adequately describe all planned actions for monitoring the removal, handling and eventual disposal of disaster-generated debris and wastes. The Consultant shall agree to execute this plan, with all manners of contingencies recognized, upon being authorized by the County Engineer to begin work.

When identifying resources to be made available under this contract, the Consultant must use a planning standard approach. Specifically, the Consultant shall identify the expected sources and quantities of debris and other wastes that are expected to be encountered and the anticipated level of operational resources (personnel, equipment, TDSRS operations, etc.) that will be deployed by the Debris management/HTRW contractor. The Consultant must then identify sufficient monitoring resources (personnel, equipment, materials, etc.) to ensure the availability of personnel and equipment to initiate all required activities within 48 hours of being so directed. For this purpose, identification of Consultant/Sub-consultant(s) and a general equipment/personnel inventory will suffice.

The Consultant will be responsible for coordinating operations in such a manner as to least interfere with the work of the Debris/HTRW contractor, damage assessment teams, local utility company crews and other recovery operations forces. Such coordination shall be affected through communications with the County Engineer, his authorized representatives, or other County or municipal personnel when so authorized by the County Engineer. To the extent authorized by the County Engineer, the Consultant shall coordinate monitoring operations directly with the Debris/HTRW contractor when necessary to achieve effective and efficient integration of forces.

The Consultant shall provide reports, summaries, and analyses of daily activities associated with the debris and waste removal and disposal operations in the form and frequency specified by the County Engineer upon issuance of the authorization to proceed. The Consultant shall be prepared to advise the County Engineer and other local officials of the types, scopes, forms, and formats of data and information required by Federal and State agencies and shall provide all pertinent documentation in a manner that satisfies those agencies' requirements.

B. PLANNING AND TRAINING SUPPORT

The Consultant shall assist the County staff in planning for debris/waste management operations at the initiation of the contract period and also annually, during the County's preparations for the approaching hurricane season that typically begin in early spring each year, for the duration of the contract period.

DISASTER DEBRIS REMOVAL MONITORING AND CONSULTING SERVICES

(DEBRIS MONITORING)

RFQ No. 1452 A4

SECTION III

RFQ RESPONSE REQUIREMENTS QUALIFICATION CRITERIA AND INFORMATION REQUIRED

CONSULTANTS INTERESTED IN PROVIDING DISASTER DEBRIS REMOVAL MONITORING AND CONSULTING SERVICES MUST SUBMIT SEVEN (7) COPIES OF THEIR RESPONSE TO THIS RFQ IN THE FOLLOWING FORMAT, UTILIZING NUMBERED TABS FOR EACH OF THE SECTIONS.

I. LETTER OF TRANSMITTAL AND AFFIDAVIT

Each proposal must be accompanied by a Letter of Transmittal signed by an authorized representative of the Submitter.

The letter must:

- A. Identify the project by name as “Disaster Debris Removal Monitoring and Consulting Services” and RFQ Number.
- B. Include the following information:
 1. Name of firm or individual
 2. Permanent main officer address, telephone number and fax number
 3. When organized
 4. If it is a disadvantaged business enterprise, the nature of that classification
 5. If a corporation, where incorporated
 6. How many years the firm has been engaged in business under the present name
 7. General types of work performed by the firm
 8. Contracts currently on hand or in effect
 9. The following questions and the firm's answers:
 - a. Have you ever failed to complete any work awarded to you? If so, explain.
 - b. Have you ever defaulted on a contract? If so, explain.
 - c. Will you, upon request provide a detailed financial statement or any other information required by Cameron County?
 - d. Will you submit updated resumes for all key personnel who might be assigned to this project if you are selected for the work?
 - e. Will you, upon request, furnish documentation to support the information in your response to the RFP?
- C. Provide a synopsis of the Consultant’s depth of knowledge of the project’s scope and special requirements as the Consultant perceives them.
- D. Be signed by an individual, identified by name and title, authorized to represent the Submitter in this matter.
- E. Identify the names, titles, telephone, and fax numbers of individuals who are available to be contacted by the County Engineer concerning the submittal and for additional information.

II. EXECUTIVE SUMMARY

Format and Content: Please included in your RFQ's as your cover.

Executive Summary (2 pages max.)

Summary of Proposal as submitted

Introduction (2 pages max.)

Proposals must include confirm that the firm will comply with all of the provisions in this RFP/RFQ. If exceptions will be taken it should be so noted. Proposals must be signed by a company officer empowered to bind the company. A proposer's failure to include these items in their proposals may cause their proposal to be determined to be non-responsive and the proposal may be rejected. Include the following: *Firms Name, Address, Phone #, Contact Name, Phone #, Email address.*

Understanding of the Project (1-page max.)

Proposers must provide a comprehensive narrative statement that illustrates their understanding of the requirements of the project and the project schedule.

Methodology Used for the Project (1-page max.)

Proposers must provide a comprehensive narrative statement that sets out the methodology they intend to employ and that illustrates how their methodology will serve to accomplish the work and meet Cameron County's project schedule.

Management Plan for the Project (1-page max.)

Proposers must provide a comprehensive narrative statement that sets out the management plan they intend to follow and illustrates how their plan will serve to accomplish the work and meet Cameron County's project schedule.

Experience and Qualifications (2 pages max.)

Provide list specific to the personnel assigned to accomplish the work called for in this RFP/RFQ; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFQ.

Provide a narrative description of the organization of the project team.

Provide a personnel roster that identifies each person who will actually work on the contract and provide the following information about each person listed and Title;

Evaluation Criteria (2 pages total max. for all criteria)

Explain your firms' strengths/advantages as they pertain to each of the Evaluation Scoring criteria. Note each criteria separately with explanation for each.

III. MANDATORY QUALIFICATION AND CONTRACTING CRITERIA.

Provide evidence and statements of compliance/intent in the form of written documentation that the Consultant is capable of entering into a contract with the County by satisfying the Mandatory Qualification and Contracting Requirements that follow:

Section 1. Qualification Requirements:

- A. Consultant must have specific experience providing the specified services following a natural disaster. Provide a statement of compliance.
- B. Consultant must not have been prohibited from doing business with any governmental entity for any reason within the last 10 years. Provide a statement of compliance.
- C. Consultant must not be operating under Chapter 11 or any other financial restraints that would preclude his ability to enter into equipment leasing or rental arrangements. Provide a statement of compliance.

Section 2. Contracting Requirements:

- A. Successful Consultant must perform as an independent contractor and, as such, must have and maintain complete control over all of its employees and operations. Provide a statement of intent.
- B. Successful Consultant must not assign, sublet, or transfer its interest or obligations of this project. Provide a statement of intent.

Section 3. Insurance Requirements:

- A. Consultant must provide proof of insurance to demonstrate compliance with the County's requirements specified in this package. Provide certification of insurance capacity.
- B. Successful Consultant must not begin any work under the contract until he/she has obtained all required insurance and provided the County Contract Administrator with the related certificates and endorsements. Nor shall the Consultant allow any Subcontractor to commence work until all similar insurance required of the Subcontractor has been so obtained. The Consultant may provide insurance coverage for all his Subcontractors, at Consultant's cost. However, all Subcontractors must provide their own Workers' Compensation Insurance per State law. For the duration of the project, the Consultant must provide the insurance listed below and document required coverage with certificates of insurance. Provide statement of compliance.

Section 4. Use of Subcontractors.

- A. Successful Consultant may use Subcontractors for this project. Consultant must list Subcontractors proposed for this project and their respective duties.
- B. No Subcontractor may provide services unless the County consents. The Consultant shall be responsible for completing all contract work even if a Subcontractor has assumed responsibility to complete certain work. Also, the Consultant shall be responsible for the actions and performance of all Subcontractors. Furthermore, the Consultant agrees that any subcontract for this project will include the same mandatory insurance requirements in favor of the County as are specified in the County's contract with the Consultant, unless Consultant provides such coverage for his/her Subcontractors. However, all subcontractors must provide their own

Workers' Compensation Insurance per State law. Subcontractor certificates of insurance and endorsements must be collected by the Consultant and made available for County Contract Administrator review upon request. Provide statement of compliance.

IV. PROJECT REQUIREMENTS.

Provide detailed information on Consultant's ability to satisfy the project requirements.

Section 1. Experience:

- A. Describe Consultant's overall experience performing large-scale debris removal monitoring and work similar to this project.
- B. Describe Consultant's experience during the last 5 years performing large-scale projects or other work similar to this project. The Consultant must identify similar projects that he/she successfully completed, including date and location, nature of work, value of the contract, and the name and telephone number of the customer's point of contact for reference purposes.
- C. Describe Consultant's most recent experience in mobilizing large workforces under routine and emergency conditions.
- D. If the Consultant intends to use Subcontractors to assist in the work, the Consultant shall also identify similar work successfully completed by the Subcontractors.
- E. Document Consultant's ability to provide appropriate training for personnel that will be employed for work under this project.

Section 2. General Project Requirements

Submittals must acknowledge these basic requirements and base responses to this RFQ on these general specifications.

- A. Cameron County intends to engage a Consultant to assist the County with monitoring the work of the Debris/HTRW Contractor in the field, at Temporary Debris Staging and Reduction Sites (TDSRS), and at disposal sites. Contract monitors are necessary to assure that the terms of the debris and waste management contracts are satisfied by the Debris/HTRW contractor and his subcontractors during the removal and hauling of debris/waste from public access roads, rights-of-way and public property; during handling and processing at TDSRSs; and, at disposal sites. Monitors will be assigned to debris loading areas, TDSRSs, and disposal sites. In addition, roving monitors will be assigned to help verify that the County's debris management plan and contracts are effectively and efficiently executed.
- B. Cameron County will assign a Debris Manager (DM) and will establish a Contract Management Center or other operational group setting to provide overall coordination of recovery operations. The Debris Manager will be the primary point of contact for the Contractor and will resolve contract administration issues and disputes. The Monitoring Services Contractor is to provide expertise for and assistance to the County's Debris Manager and also assist County staff at the Contract Management Center in overseeing and documenting the debris management operations. Services are to be provided in these general task areas, but are not necessarily limited to these task areas:
 - 1. Development of a Monitoring Plan
 - 2. Truck and trailer measurement, certification, marking and tracking

3. Equipment registry and tracking
4. Debris/waste management workforce registry and tracking
5. Field monitoring
6. Debris management tracking
7. Trip ticket management
8. Data administration
9. Invoice reconciliation
10. QA/QC program management
11. Complaint resolution
12. Detailed daily reports on the status, effectiveness, volumes handled, and other pertinent data for all debris operations
13. All monitoring workforce requirements, including but not limited to staffing, training, equipment, safety training and enforcement, mobilization, transportation and logistic support
14. Site Safety Plan preparation and maintenance
15. Compliance with all applicable Federal, State and local rules relative to the monitoring operations
16. Preparation of documentation to support Federal cost reimbursement processes.
17. Related activities for effective and efficient debris management operations deemed necessary or desirable on the basis of the Contractor's experience when authorized by the County Debris Manager

Section 3. Preliminary Specifications

Preliminary Specifications for debris/HTRW monitoring operations have been developed for this project and are attached as Exhibit A. The County intends to use these Preliminary Specifications as the basis for negotiating a contract for consultant services for this project.

The Preliminary Specifications are provided for information only. Submitters are not required to address the Preliminary Specifications in their submittals, but may do so at their option in the appropriate sections of their submittals.

Section 4. Project Approach:

- A. Provide a synopsis of the Consultant's depth of knowledge of the project's scope and special requirements as the Consultant perceives them.
- B. Provide a general description of how the Consultant's intended approach to the work. That description must include a statement of the requirements as Consultant perceives them, resource mobilization strategy, and general field operations strategy. Exceptions to the project work as described by the County must fully be explained.
- C. Provide a brief summary of the Project Work Plans (Field Operations, Communications, Work Site Safety, etc.) that will be developed for the project.
- D. Describe frequency and nature of meetings anticipated or deemed necessary to address project requirements.

V. WORKFORCE INFORMATION

- A. Submitter's are encouraged to review Cameron County's pre-positioned Debris/HTRW Management contract with Ceres Environmental Services, Inc., and the County's Damage Assessment Services Contracts to ascertain the anticipated scope of work in order to estimate the nature and size of the project workforce that will be required.
- B. Submittals must acknowledge these workforce planning standards and must demonstrate the Submitter's ability to satisfy these requirements:
1. Within 24 hours of notification, the Contractor shall provide a sufficient number of professionals and qualified personnel to meet all contract requirements and monitoring needs associated with this project, including, as a minimum force necessary to:
 - a. Establish and staff a monitoring workforce management center in the vicinity of a Cameron County government office designated by the County at the time of notification
 - b. Implement a debris/waste contractor equipment and workforce registration and tracking program
 2. Within 48 hours of notification, the Contractor shall provide a sufficient number of professionals and qualified personnel to meet all contract requirements and monitoring needs associated with this project, including, as a minimum force necessary to:
 - a. Monitor a minimum of 30 debris loading sites
 - b. Monitor operations at a minimum of 4 Temporary Debris Staging/Storage and Reduction Sites (TDSRS)
 - c. Monitor dumping operations at two disposal sites
 - d. Provide a minimum of 10 roving debris monitors to evaluate the effectiveness of debris, hazardous material, and other disaster-related waste removal
 3. All personnel shall be a minimum of 18 years of age, be fluent in the English language and have a valid driver's license issued in the United States. The Contractor will be required to increase its staffing from this point depending on the scope of the debris/waste removal operations, to be consistent with the number of field operations teams deployed by the debris and HTRW contractors. At the discretion of the Debris Manager, the Contractor may be required to replace any debris monitor for cause. As part of this proposal, the Contractor must indicate and explain how he/she will ensure the availability of a sufficient number of personnel to support this scope of work and also how additional personnel will be engaged should the scope of operations require additional monitors to meet County needs.
 4. The Contractor shall provide all debris monitors with appropriate personal protective equipment to include, but not be limited to, eye protection, hearing protection, safety shoes, safety vests, hard hats, and wet weather clothing, to comply with all applicable Federal, state and local occupational health and safety requirements.
 5. The Contractor shall provide debris monitors with necessary transportation, all communications equipment (cell phone, satellite phones, radio, etc.) necessary to remain in contact with their supervisors or other key personnel who in turn are in direct contact with the Contract Management Center. The Contractor shall also provide all required logistical support for the personnel he/she engages, including lodging, meals and other necessary support services. The Contractor's supervisory personnel will be wholly responsible for support the Contractors operations and resolving conflicts within the scope of or in any way associated with those operations.
 6. The Contractor shall provide temporary office space and other facilities as necessary to carry out the scope of the work and to support the Contractor's workforce.
 7. Upon activation of the contract, the Contractor shall immediately contact the County's Debris Manager to coordinate workforce assignments. It is anticipated that the County's debris management contractor will establish debris management zones within the County and the Contract will be expected to assign monitors in a manner consistent with the debris removal operations.

- C. Submitter's must provide a detailed description of the resources (workforce and equipment) available to be employed on the project, including:
 - 1. Summary of the Submitter's personnel that will be dedicated to the project, including:
 - a. The number of management employees that will be assigned to the contract, their job titles, and responsibilities.
 - b. The names of and resumes for all members of the Project Management Team.
 - c. The name of the Submitter's claims representative.
 - 2. List of the Subcontractors with whom the submitter has agreements for post-disaster support.

VI. CAPABILITY, CAPACITY, AND AVAILABILITY.

- A. Describe how Consultant intends to maintain its capability, capacity, and availability of forces to respond if activated by the County following a hurricane/natural or man-made disaster. Knowing that the Consultant may have similar contracts in other geographic areas, describe how Consultant will satisfy all contractual obligations for Cameron County simultaneously with other obligations. Provide detailed resumes for key managers with a reference number for each. Identify all participants as local or non-local and provide percentage of participation in each previous project listed above. Identify the engineering and technical staffs who will be working on each project and include responsibility (project engineer, consultant, etc.) and designation of primary contact for County staff.
- B. Describe how Consultant intends to complete the project in the timeframe desired by the County. Comment on how Consultant's ability to perform will be affected by a smaller and/or larger hurricane/disaster event generating significantly smaller or larger volumes of hazardous wastes for removal and disposal.

VII. DESCRIPTION OF MONITORING SERVICES

- A. Submitter must provide a detailed description of the services that Submitter will perform upon issuance of each Notice to Proceed. The description of services shall address all elements of the General Scope of Work described in Section II of this RFQ. In addition, the Submitter may include other services which, in the Submitter's experience, are necessary or desirable in carrying out the intent of the proposed Contract and/or achieving the County's stated goals with respect to debris/waste management operations following a disaster. Submitter's are encouraged to review the County's pre-positioned Debris/HTRW Management contract with Ceres Environmental Services, Inc., to ascertain the anticipated scope of work.
- B. The description of services must, at a minimum, include the following:
 - 1. A detailed description of the method and manner of monitoring the removal and lawful disposal of disaster-generated debris to ensure that the debris removal and HTRW removal contractors are performing in accordance with the provisions of the contracts, satisfying applicable local, State and Federal statutory and regulatory requirements and adhering to FEMA guidelines that govern the eligibility of those recovery services for Federal reimbursement of the County's costs. The information provided should demonstrate how the Submitter will satisfy the requirements of the project, including:
 - a. Scope and sequence of monitoring operations to be performed
 - b. Manner in which volumes of debris/waste will be estimated in the field, at TDSRS locations, and at landfills or disposal sites

- c. Methodology for monitoring the collection, tracking, and disposal of HTRW materials
 - d. Description of the documentation, accounting, and financial processes, procedures and controls that will be utilized in managing, monitoring and accounting for the resources to be employed
 - e. Organization Chart that identifies the assignment of specific responsibilities to key personnel to ensure that all management functions are identified and an organization developed to ensure that all project requirements are satisfied
 - f. Furnishing and operating an automated/electronic (paperless) debris tracking system.
2. A summary of the Submitter's project approach and proposed operating procedures relative to these key elements of the project, including at a minimum:
 - a. Debris/HTRW Contractor workforce and equipment registration and tracking
 - b. Equipment identification in the field
 - c. Truck certification, registration, and marking
 - d. Debris/HTRW Contractor workforce tracking
 - e. Document management and controls, including Load Tickets and reports
 - f. Data collection
 - g. Data assimilation/integration
 - h. Employment of GIS mapping, use of GPS, and other means of documenting
 - i. Communications with Debris/HTRW Contractor workforce
 - j. Assembling the data necessary to prepare the Status Reports described below
 - k. Database management
 - l. Quality Assurance (QA) for Loading Site Monitors
 - m. Quality Assurance for TDSRS Operations Monitors
 - n. Quality Assurance for Landfill Operations Monitors
 - o. Complaint tracking and resolution
 - p. Monitoring workforce health and safety training and compliance monitoring
3. A summary of Submitter's capability to manage data collection and provide status reports and documentation required for the project, including:
 - a. Morning summaries from the Debris/HTRW Contractor addressing:
 - Number of crews and types and quantities equipment to be deployed that day
 - Areas where crews and equipment will be assigned
 - Status of TDSRS operations, including volumetric reduction methods to be employed
 - Changes in operational status or problems encountered since the previous report
 - Numbers of monitoring crews to be dispatched and locations where crews will be assigned
 - b. Evening summaries addressing:
 - Overall status of Debris/HTRW removal operations
 - Number of crews and types and quantities of equipment employed that day
 - Issues or problems affecting field operations
 - Complaint referrals

- Damage referrals or updates
 - Monitoring issues
 - TDSRS issues
 - Overall status of geographic area
 - Numbers of monitoring crews deployed and locations where crews were assigned
- c. Daily reports that address the types and volumes of debris/waste collected, transported, processed, delivered to disposal sites, etc., on the previous day, broken down by:
- Contractor
 - Other forces
 - TDSRS
 - Community drop off site
 - Disposal site
 - Locations where debris/waste was collected (or 100% cleared)
 - GIS based maps that indicate the overall status of debris/waste removal operations
- d. Daily reconciliation of Debris/HTRW Contractor's time and materials summaries, Load Ticket submittals, and invoices, including:
- Review invoice and backup with Debris/HTRW Contractor
 - Reconcile invoice with database records
 - Provide reviewed and approved invoice to County for payment

VIII. AUTOMATED DEBRIS TRACKING AND REPORTING SYSTEMS

Per FEMA policy document 327 Public Assistance Debris Monitoring Guide, *Recent advances in automated debris management tracking systems have provided real – time and automated tracking and reporting...FEMA embraces technological advancements and recognizes the potential benefits of these automated systems.*

Proposer must demonstrate ownership or licensing of a proprietary automated debris tracking and reporting system. Proposer must demonstrate in its proposal that it maintains on hand sufficient automated debris tracking equipment dedicated to meet the needs of the County. If Proposer is licensing such technology, Proposer must provide a written letter from licensor acknowledging licensor has a minimum of 100 devices on hand for Proposer's use in the event of a disaster and that such devices will be made available for the City's/County's recovery efforts. Proposer shall include graphic illustration and explanation of system capability and be prepared to demonstrate system functionality if requested at the time of proposal evaluation and/or interview. Proposer shall be required to submit hourly rates (in fee schedule) for operations with and without use of the automated system. Proposer's inability to provide **automated system** in a timely manner shall be grounds for default.

IX. EXCEPTIONS TO RFQ REQUIREMENTS

Submitter's must fully explain any exceptions taken to the requirements of this RFQ, including why any of the specified information was not included or why such information should not be considered in selecting a Consultant for the project.

X. OPTIONAL ADDITIONAL INFORMATION

- A. Submitter's may provide relevant information in addition to the material and information specified in this RFQ, to the extent that such information bears directly on the subject of this RFQ.
- B. Submitter's may not include information on pricing or cost estimates for services addressed in their responses to this RFQ.

SECTION IV

EVALUATION OF RESPONSES

A. EVALUATION AND SELECTION CRITERIA

WEIGHTED QUANTITATIVE SCORING:

Each Vendor will be assigned a score of 0 - 4 by each evaluator for each criteria

4 = Very good / Exceeds expectations

3 = Above expectations

2 = Meets expectations

1 = Does not meet expectations

0 = non-responsive

Consultants will be evaluated for this project solely on the basis of the information submitted in response to the Request for Qualifications. The County will use a two-step evaluation process to identify the Best Qualified responder.

1. Step I. Submitters must demonstrate that they satisfy the mandatory qualification and contracting criteria and project requirements by submitting the information specified in Section III of this RFQ. All submittals will be screened for compliance with the mandatory qualification elements, such as the required statements of compliance. Those that satisfactorily complete that screening process will proceed to Step II.
2. Step II. Submitters will be evaluated on the basis of the technical and project performance information they submitted. Step II will result in point awards in the following categories. The point values shown are the maximums associated with each category.

Consultant Experience	40 points
Project Approach	20 points
Capability, Capacity and Availability	20 points
ADMS Capabilities	10 points
<u>Other supporting information</u>	<u>10 points</u>
TOTAL	100 POINTS

3. The total points assigned for each proposal will be the basis for identifying and selecting the best qualified submitter.
4. Submission of a response to this RFQ implies Submitter's acceptance of the evaluation technique and that subjective judgment must be made by Cameron County during the assigning of points.
5. The County reserves the right to deny qualification to any Consultant that, in the opinion of the County, does not satisfy the Mandatory Pre-Qualification Criteria or is not capable of satisfying the Project Requirements. The County may, at its own discretion, waive defects, irregularities, or informalities in the pre-qualification process or in any response to the process that, in the County Contract Administrator's opinion, seems most advantageous to the County and in the best interest of the public.

B. GENERAL PROVISIONS

1. Submitter's may request additional information on the project for the purpose of fully understanding the County's disaster recovery preparedness program and the obligations of the successful Consultant. Such requests must be submitted in writing or by facsimile transmission to:

Michael Forbes, Purchasing Agent
Cameron County Purchasing Office
1100 E. Monroe Street
Brownsville, TX 78520

All questions must be received no later than 7 calendar days prior to the submission deadline specified for submittal of responses to the RFQ. Any information given to one Submitter will be furnished to all prospective Consultants as an addendum to the RFQ if the County determines that such information is necessary for Consultants to submit proposals or that the lack of such information would be unfairly prejudicial to uninformed Consultants.

2. The Project Award Schedule, Section V, stipulates the anticipated timeframe for the RFQ process and subsequent contracting action. Inclusion of that schedule does not commit the County to selection of a Consultant or award of a contract by any specific date.
3. The County reserves the right to extend the proposal submission deadline, reject all submittals, reissue the RFQ package, or cancel the RFQ process at any time.
4. In accordance with Section 252.049 of the Texas Local Government Code, responses to this RFQ will be opened in a manner that avoids disclosure of the contents to competing submitters and keeps the submittals secret during the qualification process. All submittals will be open for public inspection after a contract is awarded, but trade secrets and confidential information in the submittals are not open for public inspection. It is specifically provided, however, that each Submitter must identify any information contained in the submittal that the Submitter asserts is either a trade secret or confidential information. This material must be identified conspicuously by marking each page containing this information. In the event such material is not conspicuously identified, then by submitting a response the Submitter agrees that such material will be considered public information.

DISASTER DEBRIS REMOVAL MONITORING AND CONSULTING SERVICES (DEBRIS MONITORING)

Section VI

PRELIMINARY SPECIFICATIONS

1. GENERAL

The following preliminary specifications have been developed by Cameron County for monitoring of disaster related debris and waste management operations carried out by the County's designated Debris/HTRW Contractor. These Preliminary Specifications will be used in negotiating final specifications for the project once a Consultant has been selected.

2. LOADING SITE MONITORING SERVICES

Monitors will be assigned in accordance with the Contractor's Monitoring Plan and shall be responsible for carrying all provisions of this contract without specific additional direction from Cameron County. The following minimum conditions apply:

- 2.1 Contractor shall, within 48 hours, be prepared to provide qualified on site personnel to monitor debris removal operations at up to fifteen (15) debris loading sites located throughout Cameron County. Additional sites may be added as debris removal efforts increase. Each loading site will operate, at a minimum, approximately 12 -14 hours per day, 7 days per week. Exact number and location of loading sites will be determined by Debris Manager in coordination with the debris removal Contractor.

The Contractor will have Loading Site Monitors stationed at each loading site operated by the debris removal Contractor and coordinated with the Debris Management Center the day before beginning the work. The Contractor must be prepared to provide a minimum of two Loading Site Monitors to be stationed at each loading site. Each truck driver will be given a load ticket that validates where the material originated and that it is eligible for pickup. Load tickets will be issued in accordance with established procedures and as a minimum must contain either a street address or the nearest intersection or Global Position Satellite (GPS) location to be valid. The volume of debris hauled will be estimated at the TDSRS by the Disposal Site Monitor. Load Tickets will be provided by Cameron County. Each monitor will be fully accountable for all Load Tickets issued to him/her.

- 2.2 Contractor shall provide all management, supervision, labor, transportation, mobile communications equipment, all safety equipment, digital cameras, video cameras, and other equipment necessary to initiate debris load tickets to document the removal of eligible debris from public access roadways, public rights-of-way, and public property within Cameron County.
- 2.3 Contractor must be prepared to provide a minimum of two Loading Site Monitors per site per day at a minimum of a 12-14 hour shift. - 4.8 Roving Debris Monitors must be capable of working in an outside environment and be able to climb a staircase ladder of 10 feet high.

5. DEBRIS MANAGEMENT CONSULTING SERVICES

- 5.1 The Contractor shall provide an experienced professional (Consultant) to assist the County in overseeing the debris/HTRW management operations, including but not limited to clearing, loading, hauling, reduction, TDSRS/landfill operations, and other related activities. The Consultant must have broad debris removal operations management experience, including experience with debris removal operations, oversight of temporary debris storage and reduction sites, debris recycling and disposal. Required experience includes in-depth working knowledge of recovery operations, U.S. Army Corps of Engineers and similar debris management guidelines, and FEMA eligibility and reimbursement guidelines.
- 5.2 The Consultant will work directly with the County's Debris Manager or as otherwise directed by that official. The Consultant shall perform work as assigned which may include but not be limited to review of debris management plans and procedures, drafting task orders, work plans and reports, audit of debris management/HTRW contractor activities, operations, develop information for public dissemination on debris removal, reduction and disposal, and other duties as assigned.
- 5.3 The Consultant shall be available on site at the Debris Management Center for a minimum of two weeks following mobilization. The Debris Manager will establish the service requirements and length of time those services are needed based on needs of the County.

6. OPERATIONAL REQUIREMENTS

- 6.1 The Contractor will oversee documentation of the equipment and other resources provided by the County’s debris/HTRW management contractor prior to the clearing, removal or hauling of any debris. At a minimum, the Contractor shall provide all necessary personnel and equipment to:
- Assign a unique number to each truck, trailer or other piece of equipment
 - Photograph each piece of equipment
 - Accurately measure the inside of each truck/trailer load bed and calculate its full load capacity
 - Identify the owner/operator of the equipment
 - Ensure that each piece of equipment is clearly labeled on both sides with: the name of the prime contractor and, if appropriate, the subcontractor; the owner or /operator, as appropriate; the equipment number assigned; and, for trucks and trailers, the full load capacity as calculated
 - Document all results in a searchable digital data base
 - Provide for continuous monitoring and updating as equipment is placed into or removed from service
 - Provide daily reports to the County Debris Manager on the types and numbers of equipment in use
- 6.2 The Contractor will assist the County in managing a Load Ticket Program to document the volume of debris loaded and transported to a TDSRS or landfill site. Each load of eligible debris shall be tracked using a 6-part load ticket similar to the one shown in Figure 1. The County Debris Manager will provide the load tickets.

6.5 Operational Requirements of Roving Debris Monitor(s)

The Roving Debris Monitors will provide general oversight of debris management removal and disposal operations by the County’s debris/HTRW management contractor.

The Roving Debris Monitors will be the "eyes and ears" in the field for the Debris Manager. Therefore, their observations and reports must be backed up with photographs and video wherever necessary to demonstrate the contractor’s performance.

The Roving Debris Monitors are expected to make multiple visits to all loading sites and TDSRS/landfill sites on a continuing although random basis.

7. REPORTING

- 7.1 The Loading Site Monitors shall also maintain a log that contains the following information:
 - a. Debris loading site location
 - b. Loading Site Monitors' Name
 - c. Supervisor's Name
 - d. Number of Load Tickets issued during the shift
 - e. Starting load ticket number ____
 - f. Ending load ticket number ____.
 - g. Any problems encountered or anticipated

Each Loading Site Monitor shall submit his/her copies of the load tickets and the load ticket log to the designated supervisor at the end of each shift. The Contractor's supervisor shall ensure that the load tickets and log are submitted to the Contract Management Center not later than 9 a.m. the following day along with a summary report that describes the nature of the work completed on the previous day and the status of debris management operations. The format and content of the daily report shall be as specified by the County’s Debris Manager.

- 7.2 Each Disposal Site Monitor will maintain a log that contains the following information:
 - a. TDSRS or landfill site location
 - b. Debris Management Site Monitors' Name
 - c. Supervisor's Name
 - d. Truck/trailer number and volume of debris hauled into the site
 - e. Cumulative total of debris delivered at the site during the shift
 - f. Any problems encountered or anticipated

Each Disposal Site Monitor will turn in his/her copies of the load tickets and the load ticket log to the designated supervisor at the end of each shift. The Contractor's supervisor will ensure that the load tickets and log are submitted to the Contract Management Center not later than 9 a.m. the following day along with a summary report that describes the nature of the work completed on the previous day and the status of debris management operations. The format and content of the daily report shall be as specified by the County's Debris Manager.

- 7.3 Each Roving Debris Monitor(s) will be responsible for providing a detailed report to the designated supervisor at the end of each shift. The Roving Debris Monitor(s) will report any serious or safety related discrepancies observed to their supervisor. The supervisor shall keep Debris Manager informed of situations that impact the execution of the debris removal contract.
- 7.4 The supervisor will collect all written reports and submit them to the Debris Manager by 9 a.m. the following day along with a detailed summary report of the previous day's operations. The format and content of the report will be as specified by the County's Debris Manager.

8. SAFETY

- 8.1 The Contractor shall follow and adhere to all appropriate Federal, state and local occupational health and safe requirements and guidelines.
- 8.2 The Contractor shall prepare the appropriate Site/Workplace Safety Plans required by current OSHA, Texas or other applicable agency rules, hold appropriate safety training sessions for assigned monitor workforces, and ensure that all personnel engaged in work under the agreement observe the specified safety procedures.
- 8.3 All Contractor personnel shall properly wear and maintain all appropriate safety equipment whenever engaged in work under the monitoring agreement. The following are mandatory: hardhat, reflective vest, safety shoes, long pants, appropriate cold and rainy weather clothing, eye and hearing protection.

9. OTHER CONSIDERATIONS

- 9.1 The Contractor shall supervise and direct the work, using qualified labor and proper equipment for all tasks. Safety of the Contractor's personnel and equipment is the responsibility of the Contractor. Additionally, the Contractor shall pay for all materials, personnel, taxes, and fees necessary to perform under the terms of this contract.
- 9.2 The Contractor must be duly licensed in accordance with Federal and state statutory and regulatory requirements to perform the work. The Contractor shall be responsible for determining what permits are necessary to perform under the contract. The Contractor shall obtain all permits necessary to complete the work. Copies of all permits shall be submitted to the Debris Management Center before commencing work.
- 9.3 The Contractor shall be responsible for promptly responding to any notices of violations issued as a result of the Contractor's or any subcontractors' actions or operations during the performance of this contract. Corrections for any such violations shall be at no additional cost. The County's Debris Manager shall be immediately advise of any such violation or notice of violation and the corrective actions being taken.
- 9.4 The Contractor shall be responsible for paying any and all costs associated with violations of law or regulation relative to Contractor's activities. Such costs might include but are not limited to: site cleanup and remediation; fines, administrative and civil penalties; and third party claims imposed on Cameron County by any regulatory agency or by any third party as a result of noncompliance with federal, state, or local environmental laws and regulations or nuisance statutes by Contractor, its subcontractors, or any other persons, corporations or legal entities retained by the Contractor under this contract.
- 9.5 The Contractor must attend all meetings required by Debris Manager to evaluate the performance of all monitors or to discuss any open contract issues.
- 9.6 The Contractor must provide sufficient personnel and management to assure the policies and procedures of work meets the requirements and intent of this contract.

CONFLICT OF INTEREST QUESTIONNAIRE

For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at <http://www.statutes.legis.state.tx.us/ Docs/LG/htm/LG.176.htm>. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

- (A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;
- (B) a transaction conducted at a price and subject to terms available to the public; or
- (C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds \$2,500 during the 12-month period preceding the date that the officer becomes aware that

- (i) a contract between the local governmental entity and vendor has been executed; or
- (ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than \$100 in the 12-month period preceding the date the officer becomes aware that:

- (i) a contract between the local governmental entity and vendor has been executed; or
- (ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

- (1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);
- (2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or
- (3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

- (A) begins discussions or negotiations to enter into a contract with the local governmental entity; or
- (B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

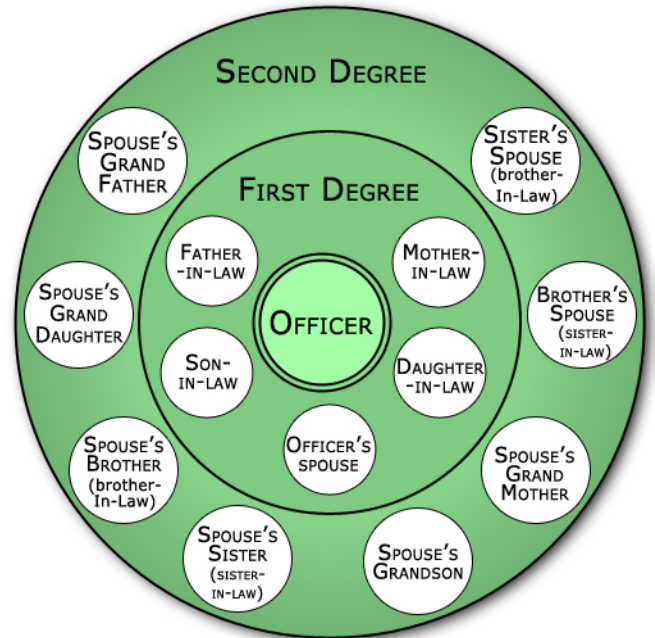

- (A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

HOUSE BILL 89 VERIFICATION

I, _____,
[Person Name]

the undersigned representative of _____
[Company or Business Name]

(hereafter referred to as Company) being an adult over the age of eighteen (18) years of age, does hereby depose and verify that the Company named above, under the provisions of Subtitle F, Title 10, Texas Government Code Chapter §2270:

1. Does not currently boycott the country of Israel; and
2. Will not boycott the country of Israel during the term of the contract with Cameron County, Texas.

Signature: _____

Date: _____

Pursuant to Section §2270.001, Texas Government Code:

1. *“Boycott Israel” means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes; and*
2. *“Company” means a for-profit sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or any limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company or affiliate of those entities or business associations that exist to make a profit.*

THIS FORM MUST BE RETURNED WITH YOUR RFQ

GENERAL TERMS & CONDITIONS (RFQ)

ADDENDA: If RFQ specifications, terms or conditions are revised, the Cameron County Purchasing Department will issue an addendum addressing the nature of the changes and notify interested potential respondents. Respondents must acknowledge receipt and consideration of any such changes by signing the addendum and including it in the RFQ package containing the Respondent's submittal.

ADVERTISING: Unless otherwise required by law, respondents to County RFQs shall not publish and shall keep confidential their intentions and actions respecting any response to the RFQ.

AWARD: Cameron County may hold RFQ responses for a period of up thru RFP award date. Cameron County reserves the right to reject any or all responses to RFQs. Cameron County reserves the right to award a contract, if any, based on the Respondent's response when compared to the EVALUATION CRITERIA (AS STATED IN RFQ) and, in accordance with the laws of the State of Texas, reserves the right to waive any formality or irregularity, to make awards to more than one Respondent. Commissioners Court reserves the right to determine the method and procedures for the final award of all RFQs at any time they so choose, regardless of the Point System used by the Evaluation Committee.

BONDS: If the contract that may be entered into between an RFQ respondent and the County will likely require a performance guarantee or bond, the Purchasing Department will attach a separate page to the RFQ explaining those requirements.

CANCELLATION AND TERMINATION: In any contract resulting from the RFQ, the County shall have the right to cancel all or any part of the undelivered portion of the contract if Respondent breaches any of the terms hereof, including, but not limited to warranties, and/or Respondent becomes insolvent or files for bankruptcy. Such right of cancellation is in addition to, and not in lieu of, any other remedies which the County may have in law or equity. Cancellation of work hereunder shall be affected by the delivery to the Respondent of a "Notice of Cancellation of Undelivered Work" specifying the extent to which performance of work under the contract is or cancelled and the date upon which such cancellation becomes effective.

The performance of work under any resulting contract may be terminated in whole, or in part, by the County in accordance with this provision. The County shall have the right to cancel all or any part of the contract if Respondent breaches any of the terms hereof, including, but not limited to warranties, and/or Respondent becomes insolvent or files for bankruptcy. Such right of termination is in addition to, and not in lieu of, any other remedies which the County may have in law or equity. Termination of work hereunder shall be affected by the delivery to the Respondent of a "Notice of Termination" specifying the extent to which performance of work under the contract is terminated and the date upon which such termination becomes effective.

CHANGE ORDERS: No oral statement of any person shall modify or otherwise change, or affect the terms, conditions or specifications stated in the resulting contract. All change orders to the contract will be made in writing by mutual consent of the Respondent and the County.

CONTRACT RENEWALS: Contract Renewals must receive Commissioners Court approval. For contract renewal status and information, please contact Elisa Cisneros at 956-982-5405 e-mail: Elisa.Cisneros2@co.cameron.tx.us Cameron County Purchasing Dept. or Dylbia Jeffries 956-550-1340 djefferies@co.cameron.tx.us at the Cameron County Civil Legal Division. Any price escalations are limited to those stated by the original contract terms. All contracts with a one (1) year renewal option requires that the Respondent must notify Cameron County of any anticipated price increases in writing at least three months (90 calendar days) prior to the annual renewal award date unless otherwise specified within the specific provisions of the contract up for renewal. This allows the County sufficient time to find an alternative vendor if possible. Respondent fails to notify the County within time noted it shall be assumed that there will be no price increase for the following year's award period if renewed. This procedure does not apply to any contract which allows for Open Market Price increases or Cost allowance increases.

DISCRIMINATION: In order to encourage fair employment practices, the Respondent agrees as follows: 1.) Respondent will not discriminate against any employee or applicant for employment because of race, sex, color, age, religion, handicap, or national origin; 2) in all solicitations or advertisements for employees, the Respondent will state that all qualified applicants will receive consideration without regard to race, color, sex, age, religion, handicap or national origin; 3) the Respondent will furnish such relevant information and reports as requested by the County for the purpose of determining compliance with these regulations; and 4) failure of the Respondent to comply with these laws will be deemed a breach of contract and it may be cancelled, terminated or suspended in whole or in part.

DISQUALIFICATION OF RESPONDENT: Upon submitting a response to this RFQ, Respondent certifies that the Respondent has not violated the antitrust laws of this state codified in Texas Business and Commerce Code 15.01, *et seq.*, as amended, or the federal antitrust laws, and has not communicated directly or indirectly its RFQ considerations, plan or response to any competitor or any other person engaged in such line of business. Any and all responses may be rejected if the County believes that collusion exists among the respondents. If multiples are submitted by a respondent and, after all responses to the RFQs are opened, one or more of the responses are withdrawn, the result will be that all of the responses submitted by that respondent will be withdrawn; however, nothing herein prohibits a respondent from submitting multiples for different products or services.

EVALUATION: All responses will be evaluated in accordance with law and reviewed to assure they are in the best interest of Cameron County. Evaluations shall be based on criteria bearing on performance in the user environment. Any specific criteria section or sections identified elsewhere in this RFQ may be evaluated by one or more evaluators once the basis and details of this process have been approved by the Purchasing Officer and acknowledged by the Evaluation Committee. Detailed information pertaining to this selective evaluation process is available to respondents and the Commissioners Court upon request. Evaluation sheets and summary of all responses are subject to review by the Cameron County Purchasing Department and Evaluation Committee's recommendation to Cameron County Commissioners Court. Compliance with all RFQ requirements, delivery and needs of the using department are considerations in evaluating responses. The Cameron County Purchasing Department reserves the right to contact any Respondent, at any time, to clarify, verify or request information with regard to that Respondent's response. The Cameron County Purchasing Department further reserves the right to hold negotiation discussions with any responsible Respondent's response determined to be reasonably susceptible of being selected for award in accordance with law.

PROTEST PROCEDURES: Procedure - This protest procedure is available to Respondents responding to this RFQ and requesting a debriefing conference.

Debriefing Conference – A debriefing conference must be requested in writing to the Purchasing Department within five (5) business days from the date of the RFQ award by the Cameron County Commissioners Court. Debriefing questions must be submitted (in writing - to the Purchasing Department) no later than two (2) business days before the scheduled date for the Debriefing Conference. These questions will be answered at the debriefing conference. Follow-up questions must be submitted (in writing) no later than one (1) business day after the date of the Debriefing Conference and answered no later than two (2) business days after the date of the Debriefing Conference. Follow-up answers will be sent via e-mail or fax (if e-mail not available). For RFQs, Respondents are given the opportunity to ask questions of the Evaluation Committee relative to their responses and scores received by the Respondent.

Protests are made:

1. To the Purchasing Department after the debriefing conference. Respondent protests shall be received, in writing, by the Purchasing Department within five (5) business days after the debriefing conference.
2. To the Protest Committee, only after the protest to the Purchasing Department was not satisfactorily resolved. Protests to the Protest Committee shall be made within five (5) business days after the Respondent has received notification from the County Purchasing Department of the decision.

Grounds for protest:

1. Errors were made in computing the score.
2. The County failed to follow procedures established in the RFQ, the Purchasing policy on acquisitions or applicable state or federal laws or regulations.
3. Bias, discrimination or conflict of interest on the part of an evaluator. Protests not based on these criteria shall not be considered.

Format and Content - Protesting Respondents shall include, in their written protest to the Cameron County Purchasing Department, all facts and arguments upon which they rely. Respondents shall, at a minimum, provide:

1. Information about the protesting vendor; name of firm, mailing address, phone number and name of individual responsible for submission of the protest.
2. Information about the acquisition and the acquisition method.
3. Specific and complete statement of the County's action(s) protested.
4. Specific reference to the grounds for the protest.
5. Description of the relief or corrective action requested.
6. For protests to the Protest Committee, a copy of the Purchasing Department's written decision on the protest.

Review Process:

1. Upon receipt of a Respondent protest, the Purchasing Department shall postpone further steps in the acquisition process until the Respondent protest has been resolved.
2. The Department's internal protest review procedures consist of the following: a) The Purchasing Department shall perform an objective review of the protest by individuals not involved in the acquisition protested. The review shall be based on the written protest material submitted by the Respondent. b) A written decision will be delivered to the Respondent within five business days after receipt of the protest, unless more time is needed. The protesting Respondent shall be notified if additional time is necessary.

Final Determination - The final determination shall:

1. Find the protest lacking in merit and uphold the agency's action; or
2. Find only technical or harmless errors in the agency's acquisition process conduct, determine the agency to be in substantial compliance, and reject the protest; or
3. Find merit in the protest and provide the agency options which may include a) Correct its errors and reevaluate all proposals, and/or b) Reissue the Respondent solicitation document; or c) Make other findings and determine other courses of action as appropriate.

Protest Committee Review Process: Protests to the Protest Committee may be made only for Protest Committee approved acquisitions and only after review by County Purchasing Department. Protests of the decisions of County Purchasing Department shall be made by letter to the Protest Committee, who may establish procedures to resolve the protest. Protests shall be received by the Protest Committee within five business days after the decision of Purchasing Department in order to be considered. The resulting decision is final with no further administrative appeal available.

FISCAL FUNDING: A multi-year lease or lease/purchase arrangement (if requested by the Special Requirements/Instructions), or any contract continuing as a result of an extension option, must include a fiscal funding "out" clause. If, for any reason, funds are not appropriated to continue the lease or contract, said lease or contract shall become null and void on the last day of the current appropriation of funds. After expiration of the lease, leased equipment shall be removed by the Respondent from the using department without penalty of any kind or form to Cameron County. All charges and physical activity related to delivery, installation, removal and redelivery shall be the responsibility of the Respondent.

GRATUITIES AND PROHIBITION AGAINST PERSONAL INTEREST IN CONTRACTS: Any elected or appointed official who has any substantial interest, either direct or indirect, in any business entity seeking to contract with the County, shall, before any vote or decision on any matter involving the business entity, file an affidavit stating the nature and extent of interest and shall abstain from any participation in the matter. This is not required if the vote or decision will not have any special effect on the entity other than its effect on the public. However, if a majority of the governing body is also required to file, and do file similar affidavits, then the

member is not required to abstain from further participation. Attached and included is a disclosure of all of this Company's business or pecuniary financial relationships with officers or employees of Cameron County or County entities (if any such relationships exist) must be attached and included with RFQ submitted. The County may, by written notice to the Respondent, cancel this contract without liability to Respondent if it is determined by County that gratuities, in the form of entertainment, gifts, or otherwise, were offered or given by the Respondent, or any agent, or representative of the Respondent, to any officer or employee of Cameron County with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending or the making or any determinations with respect to the performance of such a contract. In the event this contract is cancelled by County pursuant to this provision, County shall be entitled, in addition to any other rights and remedies, to recover or withhold the amount of the cost incurred by Respondent in providing such gratuities. Consistent and continued tie RFQ responses could cause rejection of an RFQ response by the County and/or investigation for Anti-Trust violations. Respondent guarantees that he has not retained a person to solicit or secure any contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the Respondent for the purpose of securing business.

HISTORICALLY UNDERUTILIZED BUSINESS (HUB) CERTIFICATION: If Respondent is a Certified Historically Underutilized Business (HUB), please include a copy of your HUB Certificate with your response. This information will assist Cameron County in the percentage tracking of HUB utilization.

INSURANCE: The Respondent shall secure and maintain, throughout the duration of the Contract, insurance of such types and in such amounts as may be necessary to protect the Respondent and the interests of the County against all hazards or risks of loss as hereinafter specified. The form and limits of such insurance, together with the insurer, must be acceptable to the County. It shall be the responsibility of the Respondent to maintain adequate insurance coverage at all times. Failure of the Respondent to maintain adequate coverage shall not relieve the Respondent of any contractual responsibility or obligation.

SCANNED RE-TYPED RESPONSE - FLOPPY DISK: If in its RFQ response, Respondent either electronically scans, re-types, or in some way reproduces the County's published RFQ package, then, in event of any conflict between the terms and provisions of the County's published RFQ specifications or any portion thereof, and the terms and provisions of the RFQ response made by Respondent, the County's RFQ specifications as published shall control. Furthermore, if an alteration of any kind to the County's published RFQ specifications is only discovered after the contract is executed and is or is not being performed, the contract is subject to immediate cancellation.

SILENCE OF SPECIFICATIONS: The apparent silence of specifications as to any detail, or the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best commercial practices are to be used.

SUPPLEMENTAL MATERIALS: Respondents are responsible for including all pertinent data in the returned RFQ package. Literature, brochures, data sheets, specification information, completed forms requested as part of the RFQ package and any other facts which may affect the evaluation and subsequent contract award should be included. Materials such as legal documents and contractual agreements, which the respondent wishes to include as a condition of the RFQ, must also be in the returned RFQ package. Failure to include all necessary and proper supplemental materials may be cause to reject the entire RFQ.

USAGE REPORTS: Cameron County reserves the right to request, and receive at no additional cost up to two (2) times during the contract period, a usage report detailing services furnished to date under a contract resulting from this RFQ. The reports must be furnished no later than five (5) working days after written request and itemize all purchases to date by the Cameron County department using the services with a description of services rendered, the unit and total price.

WARRANTY: Respondents may not limit or exclude any implied warranties. **Respondent warrants that services provided to the County shall conform to the highest commercial and/or professional standards in the industry.**

APPLICABLE LAW

ASSIGNMENT DELEGATION: No right or interest in this contract shall be assigned or delegation of any obligation made by Respondent without the written permission of the County. Any attempted assignment or delegation by Respondent shall be wholly void and totally ineffective for all purposes unless made in conformity with this paragraph. Any contract entered into pursuant to this request is not assignable, nor the duties thereunder, by either party, without the written consent of the other party, the Commissioners Court, and County Auditor.

CONTRACT OBLIGATION: Cameron County Commissioners Court must award any resulting contract and the County Judge or other person authorized by the Cameron County Commissioners Court must sign the contract before it becomes binding on Cameron County or the Respondent. Department heads are NOT authorized to sign agreements for Cameron

County. Binding agreements shall remain in effect until the contract requirements have been satisfied.

ERRORS AND OMISSIONS: Errors and Omissions in the RFQ of any provision herein described will not be construed as to relieve the Respondent of any responsibility or obligation requisite to the complete and satisfactory implementation, operation, and support of all obligations under any resulting contract.

FORCE MAJEURE: If, by reason of Force Majeure, either party hereto shall be rendered unable wholly, or in part, to carry out its obligations under this RFQ and any resulting contract, then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch. The term "Force Majeure" as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority, insurrections, riots, epidemics, landslides, lightening, earthquakes, fires, hurricanes, storms, floods, washouts, droughts, arrests, restraint of government and people, civil disturbances, explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely with the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

HOLD HARMLESS AGREEMENT: The successful Respondent, shall indemnify and hold Cameron County harmless from all claims for personal injury, death and/or property damage resulting directly or indirectly from Respondent's performance. Respondent shall procure and maintain, with respect to the subject matter of this RFQ, appropriate insurance coverage including, as a minimum, public liability and property damage with adequate limits to cover Respondent's liability as may arise directly or indirectly from work performed under terms of this RFQ. Certification of such coverage must be provided to the County upon request.

INTERPRETATION PAROLE EVIDENCE: Unless a separate contract or addendum hereof is prepared and entered into following the award of this RFQ to a successful respondent, this writing is intended by the parties as a final expression of the terms of this RFQ and the general terms of any resulting contract with the selected Respondent. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any term. Acceptance or acquiescence in a course of performance rendered under this RFQ and any resulting contract shall not be relevant to determine meaning even though the accepting or acquiescing party has knowledge of the performance and opportunity for objection.

LATE RESPONSES: RFQ responses must be received by the County before the hour and date specified. Responses received after the time and date specified will be disqualified and may be returned to sender. The County is not responsible for lateness or non-delivery of mail, delivered to wrong office, carrier, etc.

REMEDIES: The successful Respondent and County agree that both parties have all rights, duties, defenses and remedies available under law.

RIGHT TO ASSURANCE: During the RFQ process and any resulting contract, whenever a respondent or the County in good faith has reason to question the other's intent to perform, demand may be made that the other party give written assurance of intent. In the

event that a demand is made, and no assurance is given within five (5) days, such failure may be treated as an anticipatory repudiation of the RFQ and any resulting contract.

SEVERABILITY: If any section, subsection, paragraph, sentence, clause, phrase or word of these requirements or the specifications shall be held invalid, such holding shall not affect the remaining portions of these requirements and the specifications and it is hereby declared that such remaining portions would have been included in these requirements and the specifications as though the invalid portion had been omitted.

VENUE: Both parties agree that venue for any litigation arising from this contract shall lie in Cameron County, Texas. These General Terms and Conditions shall be incorporated in the response to the RFQ and any resulting contract. The Respondent shall specifically state acceptance of these terms and conditions as a basis for providing the County with a response. The Respondent shall state any exceptions desired to these terms and conditions and may suggest alternate wording that addresses the intent of the term or condition. The County may accept or reject any suggestions in accordance with law.
