RFP #1452A1

Debris Management-Removal Disposal Post-Hurricane/Disaster Recovery Operations

1. If line items 1.3 and 1.4 are not for hauling reduced material from the TDSRS to the final disposal site, where should we include this pricing? I looked through everything and tried my best to figure it out before reaching out, but I was unsure and wanted to ask before I put pricing on this.

A –

Section 1.2 reads “..... (Trips with one-way miles in excess of 30 miles compensated at the rate quoted in Items 1.3 or 1.4).”
