

QUESTION & ANSWERS – BATCH 1

Insurance – Worker’s Compensation

RFP #1470

1. Provide additional details about the current safety services provided and what the County is seeking in regards to safety training.

The County prides itself as a safe place to live and work. Although there are no specific safety services defined, the County is interested to learn what might be available and how those programs would be implemented.

2. Is the current safety manual up to date, or will it need to be reviewed and updated?

The current safety manual is up to date

3. Will the financials of any associational pool or trust be reviewed by the County prior to making a decision?

Yes

4. Is the County only seeking deductible options, or would are they also considering a self-insured program?

Deductible options only this time.

5. Has the current provider given any indication that they do not plan to renew, or have issued any kind of non-renewal notice?

There has been no indication from the current provider that they do not intend to offer renewal terms.

6. With the \$50,000 and \$100,000 deductible options, what deductible aggregate is Cameron County interested in obtaining quotes for?

There is not specified deductible aggregate target. All options will be considered.

7. What is the current policy premium/contribution?

That information is not relevant for this phase of the project

8. Please provide current policy declarations page for review.

That information is not relevant for this phase of the project

9. Please provide loss runs from 2017 to current

That information is not relevant for this phase of the project

10. Are Elected Officials included in Workers’ Compensation coverage?

Yes
