

WORKERS COMP INSURANCE

RFP # 1470

Q & A BATCH 3

Cameron County, Texas

Q3

If the top carriers that we selected are unable to give us quote for some reason, are we allowed to use other carriers that weren't listed? **Yes. Any market that is not assigned will be available pursuant to that insurance carriers broker recognition process. No additional exclusive market assignments will be made by the County.**

I needed some clarification regarding the following...

- **Building Maintenance & Janitors – 9014**: During the previous 3-year coverage period with Texas Association of Counties, the payroll reported with this class code has been over a \$1M with over 70 employees, compared to what was provided for the estimated 2023 payroll of \$49,622.56 with only 2 employees. *Could you please advise the reason for such a significant drop in payroll and employees?*

9014	BUILDING MAINTENANCE & JANITORS	2	49,622.56
------	---------------------------------	---	-----------

the correct payroll for 9014 is as follows: 90 employees and \$1,797,578.08 in payroll.
