**Subject:** Questions regarding bid #1425I

Good afternoon,

I had questions needing clarification for the Fire Alarm System Inspections bid, #1425 I

1. Do you require semi-annual inspections or annual? **Annual** On the pricing sheet, says w/o repairs w/o call backs \$/pr/year 1-ea. Please clarify **This simply means cost for the inspection alone. If deficiencies are found, they will be handled with a separate work order and P.O.**
2. Testing to be done after hours? Then states on page 12, after that statement, to be done during regular hours. Please clarify. **This has been updated on the bid. All but 4 locations will be done afterhours 5:00PM CST.**
3. Batteries, replace all batteries every year, do you have a list of battery size? Please clarify. **This has been updated on the bid. They are 12V 7.2AH and 12V 55AH.**
4. Do you have a list of devices for each system? The pricing is based on devices tested, this info would help me to price it accurately and not over priced with the unknown. **Unfortunately, we don't have a list of devices for each location.**

Thank you,

Tanya Wychopen  
Security International Inc.
