System for Prioritizing Assistance Narrative	<p>System for Prioritizing Assistance Narrative</p> <p>Cameron County has been able to assist all qualified families as they apply without any delays; therefore, it has not been necessary to prioritize applicants. The only specific group of applicants being prioritized are those tenants facing eviction and/or disconnection of utility services.</p> <p>According to the most current census data Cameron County as a whole has a population that is considered low income. While there is prioritization of persons facing imminent eviction, we have found that much of our population and the overwhelming majority of our applicants are below 50% AMI.</p>
	<p>As the Treasury Department is aware, Cameron County was required to produce an Improvement Plan, because of lack of productivity with its Emergency Assistance (ERA) Program. The Improvement Plan was created and the Treasury Department subsequently approved it. As such, Cameron County continues to implement the Improvement Plan with significant success in increasing productivity; thus, more families are being assisted.</p> <p>Another program dilemma was that Cameron County had been operating the ERA 1 & 2 Programs by first expanding the ERA 1 Funds. Once these funds would be expended in total, then Cameron County would start expending the ERA 2 Funds by no later than October 1, 2022 after the ERA 1 Program ended. Unfortunately, Cameron County had not anticipated the announced ERA 2 threshold spending requirements of spending at least 60% of the initial advanced allocation for ERA2 (\$5,329,157.71) by September 30, 2022 the end date for ERA 1. As we are aware, noncompliance with this would result in reallocation of the remaining ERA 2 funds.</p> <p>The initial requirement to spend 20% by March 31, 2022 was impossible for Cameron County. Fortunately, the Treasury Department allowed Cameron County to spend the 20% or \$1,065,831.54 by April 30, 2022. The second requirement is to spend another 20% by June 30, 2022 or within the two months of May and June. Cameron County spent \$1,100,568.72 or 20% during the two-month period. The</p>

Project Description	<p>third requirement is to spend a third 20% by September 30, 2022 or during the three-month period, which will not be a problem for Cameron County.</p> <p>In addition to the above, Cameron County must and will exhaust all ERA 1 Funds during the same period of time. Based on the productivity through June 30, 2022, Cameron County will exhaust all of ERA 1 Funds by such deadline. Cameron County has to exhaust \$2,270,153.25 by September 30, 2022 or \$756,720 as a monthly average for the July, August and September.</p> <p>As noted before, Cameron County's productivity has also increased due to the following three specific undertakings:</p> <ol style="list-style-type: none"> 1) Coordination with the Cameron County's 10 Justice of the Peace (JP) Courts. These JP Courts are the courts that adjudicate evictions for non-payment of rent and other issues. As such, the ERA Inhouse staff has established a coordinated communication system with the JP Courts in which the courts automatically referred the eviction cases to the Intake/Process Assistants. The Intake/Process Assistants then directly communicate with the tenants being evicted and the corresponding landlords. This process has avoided many evictions. 2) Entering into an interlocal agreement with the Cameron County Housing Authority (CCHA). 3) Creation of an Inhouse ERA Implementation Program being operated by Cameron County's American Rescue Act Plan (ARPA) Office. <p>Furthermore, Cameron County has started and will continue to coordinate with additional nonprofits operating in the county to conduct outreach and referrals for the ERA Program.</p>
