

Second Week

APPRAISAL DISTRICT SATELLITE “MOBILE” WORKSHOPS

The Cameron Appraisal District will be offering an opportunity for all property owners to discuss their property value matters without the need to travel. The District will be taking the office on the road during these several dates. The mobile workshops will include everything necessary for those who wish to discuss property values face-to-face with appraisers and key staff from the District and to informally settle disputes between property owners and the appraisal district.

The District’s aim is not only to provide taxpayers with an opportunity to discuss property value matters but to get property owners more involved in the valuation process.

Property owners in Cameron County who wish to protest or discuss their property values may attend any one of these workshops. Property owners will be assisted on a “first-come first-serve basis”.
