**SELF-REPORTING DAMAGE SURVEY:  
SEVERE WEATHER EVENT OF APRIL 22- ONGOING**

The State of Texas through the Texas Division of Emergency Management (TDEM) have launched iSTAT, the Individual State of Texas Assessment Tool damage survey, as a result of the Severe Weather Event of April 22<sup>nd</sup> – Ongoing. The objective of this damage survey is to help State and Local Emergency Management Officials across Texas identify and gain an understanding of the damages that have occurred during this severe weather event.

All residents are encouraged to submit **any and all damages** incurred to property, **for both residence and business locations**. In Cameron County, Severe Thunderstorm Warnings, Tornado Warnings, and Areal Flood Advisory Warnings were issued, with threats including damaging winds and hail.

**Please submit damages by visiting:**

The Texas Division of Emergency Management:

The Cameron County Judge's Division of Emergency Management & Fire Marshal Service will continue to monitor current and projected weather conditions and work diligently across all levels of communication including local, state, power companies, utility companies, and more. At all times, visit your local municipality and power company's social media pages to remain informed.

"Yesterday's weather conditions were unforeseen and ahead of the projected tropical storm and hurricane season which begins June 1<sup>st</sup>. Please submit any damages, as it will help identify and inform the State of damages sustained in Cameron County. Please protect your people, pets, plants, and pipes, and have the necessary resources at home to remain safe," stated Cameron County Judge Eddie Treviño, Jr.
