Re: Soule Source Vendor: StormGeo

Commissioners Court,

In my opinion, procurement of the StormGeo subscription for meteorological services will assist Cameron County Emergency Management office in our effort of ensuring protection of lives and property of our citizens. This system will allow our staff and county leadership to be aware of the potential impending threats to Cameron County and ensure that necessary action can be taken to mitigate the event in a timely manner. StormGeo is a sole source provider of these services, attached you will find the sole source letter from the vendor.

Note: Price increased by \$321 as compared to last year.

Respectfully,
