The Employee Benefits Health Trust Fund is an Internal Service Fund. Funds are transferred from individual County funds on a per employee basis in addition to payroll deductions from employees for dependents. Retirees participating in the County's plan submit their premiums directly to the County as well as any COBRA participants. Expenditures include administration expenses, contractual services and payment of claims.

Summary

The County of Cameron is projecting \$17.72M of revenue in FY2024, which represents a 9.2% increase over the prior year. Budgeted expenditures are projected to increase by 8.2% or \$1.34M to \$17.72M in FY2024.

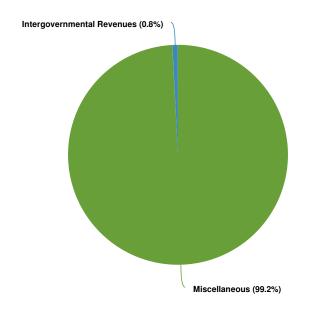

On May 1, 1989, Cameron County established a Limited Risk Management Program for health and life benefits provided for County employees. Premiums are paid into an internal service fund (Health and Life Benefits Fund) by all other funds and are available to pay claims, administrative costs, and claims' reserves. Administrative costs include the cost of individual stop loss insurance (\$250,000 per insured) and aggregate stop loss insurance (determined by the monthly number of insured lives, at a specified dollar value times twelve). Premiums are actuarially calculated based on prior claims' history for the County and include an amount needed to accumulate claims' reserves for catastrophic claims. This year, the Commissioners' Court approved a \$9,000 per employee premium for health insurance. They also approved two plan options, an employee premium and adjustments to the dependent care premiums. Below are the approved rates for FY 2022-2023.

The Venue Tax Project Fund is a Special Revenue non-major fund. Revenues are generated through a hotel tax, a vehicle rental tax, concession payments from events and rental fees. The funds are utilized to service debt, administrative and operation costs of the facilities.

The County of Cameron is projecting \$2.86M of revenue in FY2024, which represents a 0.6% increase over the prior year. Budgeted expenditures are projected to increase by 0.6% or \$16.5K to \$2.86M in FY2024.

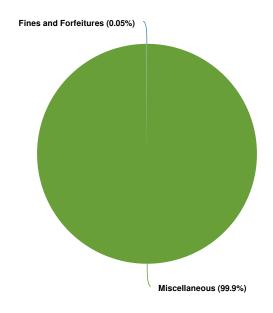

Funds generated from both the Hotel/Motel tax and the Car rental tax are utilized to fund the construction, repair, maintenance and operation of the two approved projects, the amphitheater/event center and the South Texas ecotourism center.

The South Texas EcoTourism Center in Laguna Vista was completed in February of 2022. It is designed to exhibit the natural landscapes of the Rio Grande Valley and its wildlife. The mission is to encourage the exploration of South Texas by highlighting its assets spreading across the counties.

INDEPENDENT AUDITOR'S REPORT

The Honorable County Judge and Commissioners' Court Cameron County, Texas

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cameron County, Texas ("County"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Note 1-F to the financial statements, in fiscal year 2022, the County adopted new accounting guidance, GASB Statement No. 87 (GASB 87), Leases, which establishes a single model for lease accounting based on the foundational principle that leases are financing of the rights to use an underlying asset. The County as a lessee, and as required by GASB 87, has recognized right-to-use liabilities and intangible right-to-use lease assets. Additionally, as a lessor, the County has recognized lease receivables and related deferred inflow of resources for amounts due in subsequent periods related to the leasing activity. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 18 through 30 and schedule of funding progress – OPEB, schedule of changes in net pension liability and related ratios, schedule of employer contributions, schedules of revenues, expenditures, and changes in fund balance – budget to actual, on pages 112 through 120 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying combining and individual non-major fund financial statements and schedule of expenditures of federal and state awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State of Texas Single Audit Circular are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the individual non-major fund budget and actual schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 16, 2023, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County's internal control over financial reporting and compliance.

CAMERON COUNTY, TEXAS MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) FOR THE FISCAL YEAR ENDED SPETEMBER 30, 2022

This discussion and analysis of the Cameron County, Texas ("County") financial performance provides an overview of the County's financial activities for the fiscal year ended September 30, 2022. The MD&A should be read in conjunction with the accompanying transmittal letter, the basic financial statements and accompanying notes to the financial statements.

FINANCIAL HIGHLIGHTS

The County's governmental activities total assets and deferred outflows exceeded total liabilities and deferred inflows at the close of the FY 2022 and FY 2021 by \$148,049,281 and \$133,551,402, respectively. Of this amount, \$30,808,400 is restricted for specific purposes; the largest restriction is 51%, or \$15,609,863, is for special revenue/grant programs. As required by GASB 34, net position also reflects \$119,638,717 that is net investment in capital assets. With the presentation of the investment in capital assets, unrestricted net position is (\$2,397,836).

In contrast to the government-wide statements, the fund statements of the governmental funds report a combined fund balance at year-end of \$108,916,025 of which \$22,054,696, or 20% represents unassigned fund balances. The more significant components of unassigned fund balance are maintained in the General Fund as unassigned reserves; Special Revenue fund balances are restricted by external funding obligations and the Special Road and Bridge fund balances are restricted for road improvements throughout the County.

The general fund unassigned fund balance of \$22,062,719 equals 23% of total \$96,631,258 general fund expenditures. In FY 2022, the General Fund's net change in fund balance totaled \$1,481,730. The County's self-funded Health Insurance Fund required an operating transfer of \$3,774,227 due to increasing health costs. The transfer needed was funded by the General Fund, Special Road & Bridge Fund, American Rescue Plan Act Fund and Enterprise funds. In FY 2022, the County's employee contribution to the Health Insurance Fund was increased to \$650 per month per employee in efforts to keep pace with health expenditures. The County continues to work with health consultants to explore medical coverage options.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains required supplementary information and other supplementary information in addition to the basic financial statements.

The Government-wide financial statements - *The government-wide financial statements* are designed to provide readers with a broad overview of the County's finances in a manner similar to a private sector business. They present the financial picture of the County from an economic resources measurement focus using the accrual basis of accounting. These statements include all assets of the County (including infrastructure) as well as all liabilities (including long-term debt). Additionally, certain eliminations have occurred as prescribed by GASB Statement No. 34 in regards to interfund transfers, payables and receivables.

The <u>statement of net position</u> presents information on all the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as *net position*. Increases or decreases in net position contrasted with budgetary decisions should serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The <u>statement of activities</u> presents information showing how net position changed during the most recent fiscal year using full accrual basis of accounting. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

The government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other business functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of the County include general government, law enforcement and public safety, highways and streets, health and welfare.

Fund financial statements - A *fund* is a grouping of self-balancing accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds - *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. Unlike the government-wide financial statements, however, governmental funds financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate the comparison between *governmental funds* and *governmental activities*.

The County maintains 48 individual governmental funds (excluding fiduciary funds), 36 special revenue funds, 9 capital project funds, 2 debt service funds, and the General Fund. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund, Special Road & Bridge, 2022 Certificates of Obligation, and American Rescue Plan Act funds which are classified as major funds for the fiscal year ended September 31, 2022. Data from the other non-major governmental funds are combined into a single, aggregated presentation titled "Non-major Governmental Funds." Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* in the other supplementary information section.

The County adopts an annual appropriated budget as a management control device during the year for the General Fund and Special Road and Bridge Funds. A budgetary comparison schedule (original versus final) has been provided for the General Fund and Special Road and Bridge Fund to demonstrate compliance with budget.

Proprietary funds - *Proprietary funds* provide the same type of information as the government-wide financial statements, only in more detail. The Internal Service Fund (a component of proprietary funds) is used to report activities that provide supplies and services for other programs and activities such as the County's self-insurance program and employee benefits trust. Because these services predominantly benefit governmental rather than business-type functions, the Internal Service Fund is reported with *governmental activities* in the government-wide financial statements.

Fiduciary funds - *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. The County's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position. These activities are excluded from the County's other financial statements since the County cannot use these assets to finance its operations. The accounting used for fiduciary funds is much like that used for proprietary funds. The County is responsible for ensuring the assets reported in these funds are used for their intended purposes.

Notes to the basic financial statements - The notes provide required disclosures and additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information - In addition to the basic financial statements and accompanying notes, the report also presents certain *required supplementary information* concerning the County's major governmental funds, non-major governmental funds, special revenue funds, debt service funds, agency funds, and component units. Budgetary schedules, which include the original budget, final budget and actual figures, have been provided to demonstrate compliance.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Of the County's governmental activities total assets and deferred outflow of resources of \$492,561,698, the largest components are: 1) cash and cash equivalents of \$188,001,072 or 38%; 2) tax receivables (net of allowance) of \$7,187,550 or 1% and 3) capital assets, net of accumulated depreciation, of \$222,507,128 or 45%. Deferred outflows of resources are comprised of \$248,650 deferred charges on refunding in addition to \$20,311,415 for pensions and \$4,034,549 for OPEB. Capital assets are non-liquid assets and cannot be utilized to satisfy County obligations. Out of the \$290,314,518 total liabilities, \$111,368,097 are current liabilities; however, the current liabilities for compensated absences of \$1,360,450 are not anticipated to result in the drawdown of emergency reserves. The Net OPEB liability of \$28,369,029 is not anticipated to cause a net position reduction and is presently being funded on a pay as you go basis. Deferred inflows of resources of \$46,611,759 are recognized due to pension reporting requirements, as is \$7,586,140 for OPEB.

The County's governmental activities assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$148,049,281 at the close of the most recent fiscal year.

The County's net position for fiscal years ended September 30, 2022 and 2021 are summarized as follows:

| | | | Increase |

Cameron County's Condensed Statement of Net Position - Governmental Activities

About 21% or \$30,808,400 of the County's net position represents *restricted net position*, which are resources that are subject to external restrictions on how they may be used. Restrictions include highway and street requirements, debt service, capital projects and external funding obligations. The most significant portion, \$119,638,717 or 81%, of the County's net position reflects its capital assets (e.g., land, buildings, machinery and equipment) net of related debt.

Governmental activities increased the County's net position by \$14,544,222. The key components of differences between fund statement increases (decreases) and the statement of activities increases (decreases) are:

- A (\$14,706,535) net difference due to long-term debt repayments consuming current financial resources while debt issuances providing current financial resources.
- A \$5,124 difference in net position from the internal service fund that is reported with the governmental activities in the government-wide statements.
- A \$6,651,844 increase in net position due to capital outlay exceeding depreciation.
- A \$9,695,234 increase in net position due to annual OPEB expense of \$1,065,029 and recognition of pension (income) of \$(10,760,263), which do not require use of current financial resources.
- A (\$174,949) net effect of various miscellaneous transactions involving capital assets, which increased governmental activities net position.
- A (\$89,746) difference in tax revenues on the statement of activities that do not provide current financial resources.
- A \$(62,317) difference from net right-to-use lease assets capital outlay expenditures, which were capitalized.

The Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds in the basic financial statements further details the increase in net position. Program revenues and expenses are presented net of interfund eliminations.

Key elements of the analysis of governmental activities revenues and expenses reflect the following:

- Program revenues of \$106,897,755 equaled 55% of government expenses of \$194,879,373.
- 43% of the expenses are for Law Enforcement and Public Safety (\$84,714,475) while this category provided about 22% (\$23,982,198) of total program revenues. Total expenses increased by \$13,220,088 over the prior year and total revenues increased by \$28,198,061 due to increases in operating grants funding, program revenues and property tax valuations.
- Operating and capital grant revenue and contributions comprise approximately 56% of program revenues.
- The \$(46,343) prior period adjustment resulted from the County's implementation of GASB Statement No. 87 Leases for the fiscal year ended September 30, 2022.

Cameron County's Changes in Net Position - Business-Type Activities

Key elements of the analysis of the business-type activities revenues and expenses reflect the following:

- The Bridge System operating revenues of \$19,502,853 accounted for 58% of the \$33,494,243 business-type activities operating revenues.
- The Bridge System operating expenses of \$5,584,918 accounted for 35% of the \$15,879,838 business-type activities operating expenses.
- The \$563,105 prior period adjustment resulted from the County's implementation of GASB Statement No. 87 Leases for the fiscal year ended September 30, 2022.

FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements. Fund accounting and budget controls has been the framework of the County's strong fiscal management and accountability.

Governmental Funds - The general government functions are reported in the General, Special Revenue, Debt Service and Capital Project Funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the County's annual financing and budgeting requirements.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$108,916,025, an increase of \$13,225,567 in comparison with prior year. This increase was partly due to financing sources provided by FY 2022 bond and tax note issuances. Approximately \$22,054,696 of the fund balance represents *unassigned fund balance*, which is available for spending at the County's discretion. *Nonspendable fund balance* of \$1,221,158 is reserved for inventory and prepaid expenditures. Committed fund balance of \$1,471,955 is reserved for pending litigation, indigent defense, and equipment in the event funding is required. The remainder of fund balance is *restricted* to indicate that it is not available for new spending because it has already been restricted per contractual obligations for: 1) \$53,495,036 for capital projects, 2) \$28,376,414 for special revenue/grant programs, and 3) \$2,296,766 reserve for debt service.

The General Fund is the chief operating fund of the County. The FY 2022 unassigned fund balance of the General Fund was \$22,062,719. As a measure of the general fund's liquidity, we compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 23% of \$96,631,258 general fund expenditures, while \$24,610,098 total general fund balance represents 25% of total general fund expenditures. Budgetary targets for reserves are 24.7% (\$23,867,921) of general fund expenditures, which compares favorably to GFOA recommended reserves for large counties. In fiscal year 2022, Cameron County General Fund's fund balance increased by \$1,481,730.

Special Road and Bridge fund balance of \$12,895,476 reflects an increase of \$1,526,883. Special Road and Bridge tax revenues exceeded the prior year by 4% or \$405,584.

The following table presents the amount of Governmental Fund revenues from various sources compared to prior year amounts:

| | | | Increase | Percent of |
|-----------------------|-------------------|-------------------|------------------|---------------|
| | FY 2022 | FY 2021 | (Decrease) | Change |

| Total | \$ 181,119,296 | \$ 157,357,419 | \$ 23,761,877 | 15.1% |

Governmental Funds - Revenues Classified by Source

• Taxes – the increase of \$2,639,495 was primarily due to an increase in assessed property valuation and tax collections.

• Intergovernmental – the increase of \$26,372,741 was primarily from utilizing funding from the American Rescue Plan Act and Emergency Rental Assistance grant programs.

The following table presents Governmental Fund expenditures by function compared to prior year amounts:

Governmental Funds – Expenditures by Function

Overall, total governmental funds expenditures of \$202,587,502 increased 14.5% as the County continued to return to normal operations after the FY 2020 COVID-19 safety measures.

COMPONENT UNITS

Cameron County Regional Mobility Authority (CCRMA)

Cameron County is reporting as a discretely presented major component unit the Cameron County Regional Mobility Authority (CCRMA - Authority); regional mobility authorities were created by the State of Texas legislatively through the creation of Chapter 370 of the Texas Transportation Code in 2004. CCRMA is a legally separate organization that is authorized to construct, maintain, repair and operate turnpike projects at locations authorized by the State Department of Transportation. CCRMA is authorized to receive revenues from tolls, fees and rents from the operation of turnpike projects. They may also issue revenue bonds for the purpose of financing the costs of these projects. The Authority is governed by a 7-member board, 6 members are appointed by Cameron County commissioners for a term of 2 years and the Chairman of the board who is appointed by the Governor. Cameron County may influence operations of the CCRMA through the appointment process and for reporting purposes, is treated as a discretely presented component unit.

Cameron County Health Care Funding District (CCHFCD)

Cameron County under Senate Bill 1623 (SB1623) established "CAMERON COUNTY HEALTH CARE FUNDING DISTRICT" (CCHCFD) on July 2013. SB1623 amended chapter 288 of the Health and Safety Code by making these "districts" components of county government and not separate political subdivisions and designates the Commissioners' Court as the governing body of the district. The CCHCFD annually holds a public hearing setting the amount of mandatory payments required and how proceeds will be spent. A representative of each paying hospital may appear and be heard on any matter related to the mandatory payments required by the CCHCFD. Funds received under SB1623 are restricted to fund intergovernmental transfers from the district to the state to provide the nonfederal share of a Medicaid supplemental payment program, the Texas Healthcare Transformation and Quality Improvement Program, subsidize indigent programs, district administrative expenses and refunds of mandatory payments from paying hospital and refunding the proportionate share of money received by District from HHSC that is not used to fund the nonfederal share of Medicaid supplemental payment program payments. The intent of the CCHCFD is to assist Safety-Net hospitals in gaining fair access to the Texas Transformational & Quality Improvement Waiver and improving access, affordability, delivery and funding for healthcare services without expanding Medicaid. During FY 2022, medical providers were assessed a 6% tax mandatory payment based on 2020 net patient revenue. Funds to be forwarded to state for the FY 2022 were \$42,058,191, generated by the selfassessed tax on the medical providers.

Cameron County Spaceport Development Corporation (CCSDC)

The Cameron County Spaceport Development Corporation (CCSDC) was formed in 2013 by the Cameron County Commissioners' Court under Chapter 22 of the Texas Business Organizations Code, as authorized by Chapter 507 of the Texas Local Government Code, to assist in the promotion and development of a spaceport project in Cameron County. In FY 2018, this component unit received \$2.63 million as the first installment of a total \$13 million allocation from the State Spaceport Trust Fund account. In FY 2021, the second installment of \$10.37 million was received. Both installments were transferred to SpaceX in partnership and support to continue the construction of a commercial launch complex in Cameron County.

For additional financial reporting information, each component unit may be contacted. Cameron County Regional Mobility Authority may be contacted as listed in the notes to the financial statements. Cameron County Health Care Funding District and Cameron County Spaceport Development Corporation may be contacted at Cameron County Administration Department.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Cameron County Auditor is required by policy to present Commissioners' Court with a balanced budget that contains a no-tax increase assumption as a starting point for budget discussions. The budget is prepared in accordance with accounting principles generally accepted in the United States of America by the County Auditor's Office and the County Administrator and approved by the Commissioners' Court following a public hearing. Appropriated budgets are employed as a management control device during the year. The County maintains strict budgetary controls and sets its appropriations at the line item level for each department. Appropriation transfers may be made between line items or departments only with the approval of the Commissioners' Court. Reserves are established as a budget line item and may be transferred to other budget line items with approval of Commissioners' Court.

The final FY 2023 budget was adopted with the total expenditures and reserves amounting to \$189,987,835, an increase of 5% over the FY 2022 budget. Commissioners' Court approved a tax rate of \$0.436893 per \$100 assessed taxable valuation for the October 2022 tax year, same as the prior tax year. At this rate, current property tax revenues were budgeted to increase by 6.78%, generating an additional \$6,317,712 at 100% collection rate.

On November 27, 2018, County adopted a "Compensation & Classification Policy (CCP)." This CCP provided for a pay grade structure of the bulk of County positions identifying all positions with a minimum and maximum grade of pay. These pay grades were based on market conditions, internal relationships and are intended to be competitive among peer organizations in the market place.

Actual FY 2022 General Fund expenditures were \$4.7M less than the final amended budget. This decrease was due to funding provided to departments that did not utilize the full-approved budgeted appropriations. In addition, Commissioners' Court officially adopted an order restricting usage of lapsed salaries. Actual FY 2022 General Fund revenues were less than projected general fund revenues by \$3.1M.

DEBT ADMINISTRATION AND CAPITAL ASSETS

The County's bonds are rated "Aa3" by Moody's Investor Service, "AA" by Fitch, and "AA-" by Standard and Poor's rating agencies.

At September 30, 2022, the County has limited tax general obligation bonds outstanding in the amount of \$168,435,000.

CAMERON COUNTY, TEXAS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

Amounts reported for governmental activities in the Statement of Activities are different because:

| Net Change in Fund Balances - Total Governmental Funds | | \$ 13,225,567 |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------|------------------|
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. | | 6,651,844 |
| Right to use lease assets capital outlay expenditures which were capitalized. Amortization expense for intangible assets. | 301,079 (363,396) | (62,317) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds. | | (89,746) |
| The net effect of various miscellaneous transactions involving capital assets (i.e., sales and donations) is to increase net position. | | (174,949) |
| The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. | | (14,706,535) |
| OPEB Expense Pension Expense(Income) | 1,065,029 (10,760,263) | 9,695,234 |
| Internal service fund is used by management to charge the costs of health benefits to individual funds. The net revenue (loss) of certain activities of the internal service fund is reported with governmental activities. | | 5,124 |
| Net change in net position - governmental activities | | \$ 14,544,222 |

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Cameron County (the "County") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles. The most significant accounting and reporting policies of the County are described in the following notes to the financial statements.

A. Reporting Entity

The County is a public corporation and a political subdivision of the State of Texas. A Commissioners' Court, composed of four (4) elected County Commissioners and (1) elected County Judge, governs the County. The County provides a vast number of services, including public safety, administration of justice, health and human services, culture and recreation, public improvements and general administration.

As required by GAAP, the financial statements of the reporting entity include those of the County (the primary government) and its component units in conformity with GASB Statement 14 "The Financial Reporting Entity", which supersedes all previous pronouncements issued by GASB and the National Council of Governmental Accounting (NCGA) for defining the reporting entity.

In accordance with GASB Statement 39 Determining Whether Certain Organizations are Component Units and GASB 61 The Financial Reporting Entity: Omnibus-an amendment of GASB Statements No. 14 and No. 34, a financial reporting entity consists of the primary government and its component units. Component units are legally separate organizations for which the County is financially accountable, or the relationship to the County is such that exclusion would cause the County's financial statements to be misleading or incomplete. Blended component units, although legally separate entities are, in substance, part of the County's operations, and data from these units are combined with data of the County. On the other hand, each discretely presented component unit is reported in a separate column in the combined statements to emphasize it is legally separate from the primary government.

Discretely Presented Component Units - The component unit columns in the combined financial statements include the financial data of the County's component units.

<u>Cameron County Regional Mobility Authority (CCRMA)</u> was created by the State of Texas on September 30, 2004. CCRMA is authorized to construct, maintain, repair and operate turnpike projects at locations authorized by the State Department of Transportation. CCRMA receives its revenues from tolls, vehicle registration fees, federal awards from the U.S. Department of Transportation, and rent from the operation of turnpike projects. CCRMA was formed through the efforts of Cameron County, Texas. Although CCRMA is a legally separate entity, it is included as a discretely presented component unit of the government of Cameron County, Texas, because the Commissioners' Court appoints six of the seven Directors to the CCRMA Board. The Cameron County's Commissioners' Court can influence operations significantly by the appointment of directors. CCRMA also has fiscal dependency on Cameron County.

Separate financial statements may be obtained from:

A. Reporting Entity (continued)

<u>Cameron County Health Care Funding District (CCHCFD)</u> was created by Cameron County Commissioners Court on July 2, 2013 pursuant to V.T.C.A., Health and Safety Code, Section 288.002, per Senate Bill 1623. This District is governed by the five (5) members of Commissioner's Court. The purpose of this District is to generate revenue from a mandatory payment required by the District to provide the nonfederal share of a Medicaid supplemental payment program; mandatory payments are based on Hospital Net Patient Revenue. Revenue generated in this fund may only be used to: fund intergovernmental transfers to the state to provide the nonfederal share of a Medicaid supplemental payment program, subsidize indigent programs, administrative expenses of the District, refund a mandatory payment collected in error and refund the paying hospitals the proportionate share of money received from Health and Human Services Commission that is not used. The Cameron County Health Care Funding District is a component unit of the County and is not a separate political subdivision of the State. The Commissioners Court serve as the "Directors" of this district and can influence operations of the CCHCFD.

<u>Cameron County Spaceport Development Corporation (CCSDC)</u> was created by the Cameron County Commissioners Court in 2013, a separate domestic tax exempt nonprofit corporation, as authorized by Chapter 507 of the Texas Local Government Code. This corporation was created in support and to benefit the promotion and development of a spaceport project in Cameron County. This corporation is managed by seven board members who serve as appointed by Cameron County Commissioners. Criteria used to determine inclusion as a component unit of Cameron County is that all board members are appointed by the County governing body and the County may influence operations significantly by the appointment of board members.

Condensed Financial Statements. The following are condensed financial statements for each discretely presented component unit disclosed above. The fiscal year end for each of the discretely presented component units is September 30, 2022.

B. Government-wide and Fund Financial Statements

The **government-wide financial statements** include the statement of net position and the statement of activities. Government-wide statements report non-fiduciary activity of the primary government. The effect of interfund transfers has been removed from the government-wide statements but continues to be reflected on the fund statements. Governmental activities are supported mainly by taxes, licenses and permits, charges from services, fines and forfeitures and intergovernmental revenues. The primary government is reported separately from the component units within the government-wide statements. The statement of activities reflects the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges for customers or applicants who purchase, use or directly benefit from goods or services provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program revenues are reported as general revenues.

Separate **fund financial statements** are provided for governmental funds, proprietary fund and fiduciary funds even though the latter are excluded from the government-wide financial statements. The General Fund, Special Road & Bridge Fund, 2022 Certificates of Obligation Fund, and the American Rescue Plan Act Fund meet the criteria as **major governmental funds**. Each major fund is reported in separate columns in the fund financial statements. Non-major funds include other Special Revenue, Capital Project and Debt Service Funds. The combined amounts for these funds are reflected in a single column in the governmental funds' Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances. Detailed statements for non-major funds are presented within Combining and Individual Fund Statements and Schedules on the Supplementary Information section.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Government-wide and Proprietary Funds financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Major revenue types, which have been accrued, are district clerk and county clerk fees, justice of the peace court costs and fine revenue, and intergovernmental revenue. Governmental activities supported by taxes and intergovernmental revenues is reported separately from business-type activities which are funded on fees and charges for services. Grants and similar items are recognized as revenue when all applicable eligibility requirements imposed by the provider is met.

The Government-wide statement of activities reflects the economic resource measurement focus and the accrual basis of accounting. Revenues are classified as program revenues and general revenues when earned and expenditures when incurred. Program revenues include 1) charges to customers or applicants for goods or services provided, 2) grants and contributions restricted to operational or capital requirements of a particular program. Program revenues include those generated from the justice system, parks, health and human services, and roads and bridges. Taxes and items that are not program revenues are reported as general revenues. The County implemented GASB Statement No. 87, Leases (GASB 87) for the fiscal year ended September 30, 2022. In accordance with the requirements of this statement, restated Government-wide net position is as follows:

| Net position, September 30, 2021, as previously reported | \$ 184,334,965 |
|----------------------------------------------------------|-------------------|
| Implementation of new accounting standard | 516,762 |
| Net position, September 30, 2021, as restated | \$ 184,851,727 |

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Governmental fund level financial statements are reported using current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Measurable and available revenues means they are collectible within 60 days after the fiscal year ends. Property taxes levied and due on October 1, 2021, and which became past due on January 31, 2022, and other revenues which have been assessed are considered as available at fiscal year-end. Reserve for Delinquent taxes are classified as Deferred Inflows of Resources as they are not available revenues.

Expenditures generally are recorded when a fund liability is incurred; however, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when the liability has matured and payment is due.

The government reports the following major governmental funds:

The General Fund is the general operating fund of the County and is always classified as a major fund. The General Fund is used to account for all financial resources except those required to be accounted for in another fund. Major revenue sources include property taxes, charges for services, intergovernmental revenues and investment earnings of idle funds. Primary expenditures are for general administration, law enforcement, public safety, health, welfare, and capital acquisition.

The Special Road & Bridge Fund is used to account for the revenues restricted for the funding of road repairs and improvements and all related expenditures related to the County roads. Revenues are supported by the property tax rate as adopted by Commissioner's Court during the budget process in addition to fees from licenses and permits and intergovernmental revenue.

The 2022 Certificates of Obligation Capital Project Fund is used to account for bond proceeds from the April 2022 \$18,725,000 debt issuance that will be used to account for the planning, acquisition, construction, equipping, repair and or renovation of property throughout Cameron County.

The American Rescue Plan Act Fund is used to account for revenues and expenditures pertaining to the \$82,194,452 grant awarded from the Coronavirus State and Local Fiscal Recovery Funds (SLFRF), as part of the American Rescue Plan Act under the U.S. Department of Treasury. These funds are to support state, local, and Tribal governments in their response and recovery form the COVID-19 public health emergency.

Other governmental fund types include special revenue funds, capital projects funds and debt service funds which are considered non-major funds.

Proprietary fund level financial statements are used to account for activities, which are similar to those often found in the private sector. The measurement focus is upon determination of net income, financial position and cash flows. The County's Proprietary funds include the Sheriff's Commissary, the Bridge System, the Park System and the Airport System enterprise funds. The Proprietary funds are accounted for using the accrual basis of accounting as follows:

- 1. Revenues are recognized when earned and expenses are recognized when the liabilities are incurred.
- 2. Current-year contributions, administrative expenses and benefit payments, which are not received or paid until the subsequent year, are accrued.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Proprietary funds distinguish operating revenues and expenses from non-operating. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

Major proprietary funds are the Bridge and Parks Systems. The Bridge System is used to account for three international crossings at points of entry. Usage of this fund accounts for the operation and maintenance of the international bridges and is financed primarily through user charges. The Park System accounts for the operation and maintenance of County managed beaches and is financed by user fees.

Fiduciary fund level financial statements include fiduciary funds held in a trustee or custodial capacity for parties outside the government and cannot be used to support the government's own purposes. County maintains a fiduciary financial responsibility, and are used for resources that do not belong to the County. The private purpose trust funds are trust funds restricted for external recipients and may never be used to support governmental programs as they provide specific benefits to specific beneficiaries and are custodial in nature. Custodial funds do not involve a formal trust agreement. These funds serve custodial purposes for the District and County Clerks Accounts, Tax Office and Law Enforcement Judicial Offices. Fiduciary funds in custody for county government purposes are accrued for recognition in financial reports. The County had a custodial fund that was determined to no longer qualify as a fiduciary fund (Sheriff Fee Account) for fiscal year ended September 30, 2022. Restated custodial fund net position is as follows:

| Net Position, September 30, 2021, as previously reported | \$ 10,846,687 |
|----------------------------------------------------------|------------------|
| Change in accounting principles | (9,820) |
| Net Position, September 30, 2021, as restated | \$ 10,836,867 |

Internal Service fund financial statements include the administration of workers' compensation insurance and the health and life benefits programs provided to active and retired employees and their dependents. Premiums are paid into these funds from all county programs; contributions are used to pay claims, administrative costs and claims reserves.

D. Assets, Deferred Outflows/Inflows, Liabilities and Net Position

1. Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with an original maturity of 3 months or less. State statutes and the County's official Investment Policy authorize the County to invest in obligations of the U. S. Treasury, commercial paper, repurchase agreements, Bankers' acceptances, money market mutual funds and direct obligations of the State of Texas.

The County records investments at fair value in accordance with provisions of GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools as superseded by GASB Statement No. 72, Fair Value Measurement and Application, which took effect for reporting periods after June 15, 2015. All investment income is recognized as revenue in the appropriate fund's statements of activity and or statement of revenues, expenditures and changes in fund balance. Participation in First Public Lone Star Investment Pool maintains a net asset value of one dollar and its dollar-weighted average maturity is 60 days or less.

D. Assets, Deferred Outflows/Inflows, Liabilities and Net Position (continued)

2. Receivables

Reimbursements for services performed are recorded as receivables and revenues when they are earned in the governmentwide statements. Included are fines and costs assessed by court action and billable services for certain contracts. Receivables are shown net of allowance for unelectable

Due from other governments include amounts due from grantors for approved grants for specific programs and reimbursements for services performed by the County. Program grants are recorded as receivables and revenues at the time all eligibility requirements established by the provider have been met.

Property taxes are based on taxable value at January 1 prior to September 30, levied on October 1 and past due after January 31. Accordingly, receivables and revenues for property taxes are reflected on the government-wide statement based on the full accrual method of accounting. Property tax receivables for prior year's levy are shown net of an allowance for uncollectible.

Lending or borrowing between funds is reflected as "due to or from". Interfund activity reflected in "due to or from" is eliminated on the government-wide statements.

3. Inventories and Prepaid items

Inventory is valued at average cost. Inventory and prepaids in the General and Special Revenue Funds consists of expendable supplies held for consumption. In the General Fund, the cost is recorded as expenditure at the time the inventory and prepaid items are used. In the Special Revenue Funds, inventory and prepaid items expected to be used within a short period of time, are recorded as expenditures at the time of purchase; other inventory items are expensed when used. Reported inventories are offset by a reservation of fund balance which indicates they do not represent "available spendable resources."

4. Leases

Leases are defined as contractual agreements that conveys control of the right-to-use another entity's nonfinancial asset (the underlying asset) as specified in the contract for a period of time in an exchange or exchange-like transaction. The lease term is defined as the period during which a lessee has a noncancelable right-to-use an underlying asset, plus any applicable periods covered by any renewal options that are reasonably certain to be exercised, or options to terminate that are not reasonably certain to be exercised. Contracts that transfer ownership of the underlying asset are recognized as financed purchases in the financial statements. Leases that have a maximum term of less than 12 months are considered short-term leases. Short-term lease payments are recognized in the period of payment.

As a lessor, the County recognizes a lease receivable and a corresponding deferred inflow of resources is measured at the present value of lease payments expected to be received during the lease term discounted at either the explicit interest rate or County's estimated rate of return on investment. Under the lease agreements, the County may receive variable lease payments that are dependent upon the lessee's revenue. The variable payments are recorded as in inflow of resources in the period the payment is received. A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows/Inflows, Liabilities and Net Position (continued)

4. Leases (continued)

As a lessee, the County recognizes a lease liability and a right-to-use lease asset. At the commencement of a lease, the lease liability is recorded at the net present value of the future fixed lease payments, discounted at either the explicit interest rate in the agreement or the County's risk free rate at lease inception. The right-to-use lease assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right-to-use lease assets are amortized on a straight-line basis over the life of the related lease.

5. Capital Assets – Primary Government

Capital assets, which include land, buildings and improvements, equipment and infrastructure assets (e.g., roads and bridges) are reported in the government-wide financial statements. Capital assets such as equipment are defined as assets with a cost of \$5,000 or more and useful life greater than a reporting period. Infrastructure assets include County-owned roads and bridges. Capital assets constructed or acquired by purchase are stated at historical cost. Donated capital assets are stated at their acquisition value on the date of donation. Acquisition value is the price that would be paid to acquire an asset with equivalent service potential on the date of the donation. Capital assets received in a service concession arrangement are reported at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

| Asset Type | Years |
|------------------------|-------|
| Building | 40 |
| Furniture and fixtures | 5 |
| General equipment | 5 |
| Trucks | 6 |
| Cars | 6 |
| Computer hardware | 5 |
| Infrastructure | 30 |

6. Deferred Outflows/Inflows of Resources

Deferred outflows of resources represent a consumption of net assets that applies to future periods. Deferred inflows of resources represent an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Deferred Outflows/Inflows, Liabilities and Net Position (continued)

6. Deferred Outflows/Inflows of Resources (continued)

Deferred outflows consist of deferred costs on refunding debt obligations that are applicable to future period(s). In reporting advance refunding of debt, the difference between the reacquisition price and the net carrying amount of the old debt is recorded as deferred charges on refunding and reported as a deferred outflow of resources. These costs are amortized as components of interest expense over the shorter of the remaining life of the refunding or the refunded debt. For the fiscal year ended September 30, 2022, deferred outflow of resources due to refunding debt was recognized under government-wide statements of \$ 718,925 for the primary government.

The County reports changes in Net OPEB Liability as OPEB expense or reported as deferred outflows/inflows of resources depending on the nature of the change. The aggregated OPEB expense for all plans totaled \$ 2,484,037 for the fiscal year ended September 30, 2022 (refer to Note 17A and Note 17B).

The County reports deferred outflows/inflows of resources related to its pension. For the fiscal year ended September 30, 2022 pension expense/(income) totaled \$(2,693,833) (refer to Note 16A) and deferred outflows/inflows were as follows:

- Pension contributions after the measurement date these contributions are deferred and recognized the following fiscal year
- Difference in projected and actual earnings on pension costs investment (gains)/losses are recognized in pension expense over a period of five years.
- Difference in expected and actual pension experience economic/demographic (gains)/losses and assumption changes or inputs are recognized over the rounded average remaining service life for all active, inactive, and retired members.

7. Compensated Absences

A liability for unused vacation, holiday and compensatory time for all full time employees is calculated and reported in the government-wide statements. For financial reporting, the following criteria must be met to be considered as compensated absences;

- a. leave or compensation is attributable to services already rendered
- b. leave or compensation is not contingent on a specific event (such as illness)

Per GASB Interpretation No. 6, liabilities for compensated absences are recognized in the fund statements to the extent the liabilities have matured (i.e. are due for payment). Compensated absences are accrued in the government-wide statements.

Primary Government – The County's permanent, full-time employees accrue 3.08 hours of vacation per biweekly pay period from date of employment to five years of service, 4.62 hours per pay period from 5 years to 15 years of service and 6.16 hours per pay period in excess of 15 years of continuous employment. The maximum accrual is two, three or four weeks of vacation for the respective accrual categories specified. Upon termination from County employment, an employee shall be entitled to payment for total accrued but unused hours of vacation.

The County's permanent, full-time employees accrue sick leave at the rate of 3.08 hours per pay biweekly period. Sick leave is paid to current employees if the employees are absent from work due to illness, injury or other situations requiring medical attention. An employee who leaves the employment of the County for any reason shall receive no compensation for accrued sick leave.

D. Assets, Deferred Outflows/Inflows, Liabilities and Net Position (continued)

7. Compensated Absences (continued)

County employees whose regular day off falls on a holiday or who are required to work on a holiday will be provided an alternate day off. Unused holiday leave accumulated after October 1, 2022 must be taken by end of each fiscal year (September 30) and shall not carryforward. Unused holiday leave accumulated prior to October 1, 2022 must be used prior to the deadline of October 1, 2027. Unused holiday leave accumulated prior to October 1, 2022 and not used by the deadline will be cancelled after October 1, 2027. Unused holiday leave is cancelled upon separation from employment without compensation to employee.

8. Unemployment and Workers' Compensation Benefits

The County is a reimbursing employer for unemployment compensation benefits. The County processes workers' compensation payments through a third-party administrator as the claims become due. These obligations are budgeted and paid from current resources.

9. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities under governmental activities and/or business-type activities statement of net position. Bond premiums and discounts, as well as prepaid insurance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures in the period issued.

10. Fund Balance and Flow Assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. For the classification of fund balances in the governmental funds, the County considers expenditures to be funded from the most restrictive category first when more than one classification is available.

In the proprietary fund financial statements and in the government-wide financial statements, restricted net position is reported for amounts that are externally restricted by 1) creditors (e.g. bond covenants), grantors, contributors, or laws and regulations of other governments or 2) law through constitutional provision or enabling legislation.

10. Fund Balance and Flow Assumptions (continued)

GASB Statement 54 – *Fund Balance Reporting and Governmental Fund Type Definitions* was implemented by Cameron County as of fiscal year end September 30, 2011. This statement sets a hierarchy that intends to determine to what extent a government is bound to observe spending constraints governing how it spends fund balance. The fund balances of governmental funds are defined as follows:

Nonspendable – these are funds that cannot be spent because they are not in spendable form, such as inventory or prepaid items or because they must be maintained intact. General fund has inventory and prepaid items are classified as nonspendable.

Restricted – these are funds that can be spent only for specific purposes and are subject to externally enforceable legal restrictions. Typically these restrictions are imposed by parties outside of the local government such as creditors through bond covenants, grantors and other governments through laws and regulations. All grants received by county government are classified as Special Revenue Funds with restricted usage. Capital Projects funded through debt issuance are classified as restricted through bond covenants.

Committed – these are funds that can only be used for specific purposes pursuant to constraints imposed by formal action (court order) of the government's highest level of decision-making authority. Commissioners Court adopted a policy mandating that committed amounts remain binding unless removed or rescinded by an order adopted by Commissioners Court, the governing body of the County.

Assigned - these funds are intended to be used for specific purposes as established by governing body.

Unassigned – these funds are available for any purpose. Positive unassigned fund balance amounts are reported only in the general fund. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

D. Assets, Deferred Outflows/Inflows, Liabilities and Net Position (continued)

10. Fund Balance and Flow Assumptions (continued)

Usage of fund balance that is available for spending is reserved to formal action approval of the government's highest level of decision making authority. Through the budget process, fund balance usage is allowed only after the Commissioners Court official approval.

Fund balance flow assumptions - For the classification of fund balances in governmental funds, the County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Within unrestricted fund balance, committed amounts are allocated first followed by assigned, then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balances classifications could be used.

E. Subsequent Events

Management has evaluated subsequent events through May 16, 2023, which is the date the financial statements were available to be issued.

F. Recently Issued and Implemented Accounting Pronouncements

GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance* – In May 2020, GASB issued Statement No. 95 to provide temporary relief to governments and other stakeholders, in light of the COVID-19 pandemic, by postponing the effective dates of certain provisions in the following Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Recently Issued and Implemented Accounting Pronouncements (continued)

The effective dates of certain provisions contained in the following pronouncements were postponed by one year:

Statement No. 83, Certain Asset Retirement Obligations
Statement No. 84, Fiduciary Activities
Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements
Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period
Statement No. 90, Majority Equity Interests
Statement No. 91, Conduit Debt Obligations
Statement No. 92, Omnibus 2020
Statement No. 93, Replacement of Interbank Offered Rates
Implementation Guide No. 2017-3, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions
(and Certain Issues Related to OPEB Plan Reporting)
Implementation Guide No. 2018-1, Implementation Guidance Update—2018
Implementation Guide No. 2019-2, Fiduciary Activities.

The effective dates of the following pronouncements were postponed by 18 months:

Statement No. 87, Leases Implementation Guide No. 2019-3, Leases.

The County implemented Statements No(s). 83, 88, 89, 90, 95 and 98 in prior years.

GASB Statement No. 87, *Leases* - The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right-to-use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for fiscal years beginning after June 15, 2021. The County implemented GASB 87 for the fiscal year ended September 30, 2022.

GASB Statement No. 91, *Conduit Debt Obligations* - The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. The County implemented GASB 91 for the fiscal year ended September 30, 2022.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Recently Issued and Implemented Accounting Pronouncements (continued)

GASB Statement No. 92, *Omnibus 2020* - The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements The requirements of this Statement are effective for fiscal years beginning after June 15, 2021. The County implemented GASB 92 for the fiscal year ended September 30, 2022.

GASB Statement No. 93, *Replacement of Interbank Offered Rates* - Some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR)—most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The requirements of this Statement, except for paragraphs 11b, 13, and 14 are effective for reporting periods beginning after June 15, 2020. The requirement in paragraph 11b is effective for reporting periods ending after June 15, 2020. The requirement in paragraph 11b is effective for fiscal years periods beginning after June 15, 2020. The requirement of ASB 93 for the fiscal year ended September 30, 2022.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* - The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The County will implement GASB 94 in fiscal year 2023 and the impact has not yet been determined.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* - provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The County will implement GASB 96 in fiscal year 2023 and the impact has not yet been determined.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Recently Issued and Implemented Accounting Pronouncements (continued)

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32 - primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements in (1) paragraph 4 of this Statement as it applies to defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans and (2) paragraph 5 of this Statement are effective immediately. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021. The County implemented GASB 97 for the fiscal year ended September 30, 2022.

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the Government-wide statement of net position

The reconciliation of the governmental fund balance sheet includes reconciliation between fund balance for total governmental funds and net position as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore, are not reported in the governmental funds."

The details of these difference are as follows:

| Bonds payable | \$ (134,330,977) |
|---------------------------------------------------------------------------------------------------------|------------------|
| Tax notes payable | (8,731,267) |
| Accrued interest payable | (713,173) |
| Notes payable | (2,134,923) |
| Lease liabilities | (1,103,860) |
| Deferred charges on refundings | 248,650 |
| Unamortized premium - bonds | (11,822,996) |
| Unamortized premium - tax notes | (888,702) |
| Deferred charge related to insurance cost | 33,569 |
| Net adjustment to reduce fund balance - total Government Funds to arrive at net position - Governmental | |
| activities | \$ (159,443,679) |

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures and changes in fund balances and the Government-wide statement of activities

The reconciliation of the statement of revenues, expenditures and changes in fund balances of Governmental Funds includes reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation indicates that "governmental funds report capital outlays as expenditures for County owned assets and right-to-use lease assets; however, in the statement of activities, the cost of capital assets is allocated over their estimate useful lives and reported as depreciation and amortization expense." The details of these differences are as follows:

| Capital outlay | \$ 23,170,648 |
|-------------------------------------------------------------------------------------------------------------|---------------|
| Depreciation expense | (16,217,725) |
| Amortization expense | (363,396) |
| Net adjustment to increase net changes in fund balance - total Governmental funds to arrive at net position | |
| of Governmental activities | \$ 6,589,527 |

C. Bond & long term debt

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of insurance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. The details of these differences are as follows :

| Issuance of 2022 CO(s) | \$ 18,725,000 |
|----------------------------------------------------------------------------------------------------------|-----------------------|
| Issuance of 2022 Tax Notes | 5,483,735 |
| Lease liabilities issued | 301,079 |
| Principal retirement | (11,082,812) |
| Premium on bonds issued | 1,584,278 |
| Premium on tax note issued | 605,433 |
| Amortization of bond insurance, deferred refunding and premium | (1,002,850) |
| Accrued interest | 92,672 |
| Net adjustment to decrease net changes in fund balances-total Governmental funds to arrive at changes in | |
| net position of Governmental activities | <u>\$(14,706,535)</u> |

D. Pension & OPEB

Another element of the reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The detail of these differences are as follows:

| Pension expense/(income) | \$(1 | 0,760,263) |
|-------------------------------------------------------------------------------------------------------------|-----------|------------|
| OPEB expense | | 1,065,029 |
| Net adjustment to increase net change in fund balances-total Governmental funds to arrive at changes in net | | |
| position of Governmental activities | <u>\$</u> | 9,695,234 |

3. DEPOSITS AND INVESTMENTS

A. Deposits, Including Certificates of Deposit

The County considers account balances in demand deposit accounts and certificates of deposit with a maturity of less than three months to be cash equivalents. It is the County's policy for cash to be 105% secured by collateral valued at market or par, whichever is lower, less the amount insured by the Federal Deposit Insurance Corporation (FDIC). At September 30, 2022, the County's interest-bearing demand deposits totaled \$236,918,916 and were insured by the County's depository institution at \$250,000 through FDIC and collateralized for amounts above the FDIC limits by pledged securities in the County's name. Collateral amounts include coverage for demand deposits held in the County's depository for the Cameron County Health Care District of \$2,619,806 and Cameron County Spaceport Development Corporation of \$16,142, reported in the Discretely Presented Component Units. Collateral that is pledged to the County complies with the depository contract requirements, County Investment Policy and Procedures Section 9.01 and Government Code Title 10, Chapters 2256 and 2257.

GASB 72, *Fair Value Measurement and Application* requires disclosures regarding investments that calculate net asset value per share (or its equivalent). It addresses accounting and financial reporting issues related to fair value measurements by providing guidance for determining fair value for financial reporting purposes. All investments of Cameron County have a determining fair value for financial reporting purposes. All investments of Cameron County have a determined net asset value per share of \$1.00 per share and a dollar weighted average maturity of 60 days or less.

GASB 79, *Certain External Investment Pools and Pool Participation*, requires certain disclosures for an external investment pool to measure investments at amortized cost for financial reporting purposes. Cameron County's participation in investment pools does not meet the reporting criteria of this statement.

B. Investments

Investments are under the custody of the County Treasurer. Investing is performed in accordance with investment policies complying with State Statutes (Texas Government Code, Title 10, Chapter 2256 V.T.C.A GOVT Sec. 2256, as amended by Act 1996, 74th Legislature, Chapter 402, Section 1). This law requires the government entity to maintain safety of principal, maintenance of adequate liquidity, desired diversification to maximize rate of return with the previous considerations and have portfolio maturities structured to achieve the highest rate of return of interest consistent with liquidity requirements of the cash needs. The County's Investment Policy and Funds Strategy is consistent with this law and states that it will be the objective of Cameron County to earn the maximum rate of return on its investments within the policies imposed by its safety and liquidity objectives and state and federal law governing investment of public funds.

Custodial Credit Risk – In accordance with the County's investment policy, the County shall require monthly reports with fair values of pledged securities from all financial institutions with which the County has collateralized deposits. The Investment Officer will monitor adequacy of collateralization levels to verify fair values and total collateral positions.

3. DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (continued)

Credit Risk - The County identifies and manages credit risk by following the Investment Policy. The Investment Officer implements its investment strategy, establishes and monitors compliance with investment policies and procedures and consistently monitors prudent risk controls. The County seeks to control its risk of loss by monitoring the ratings of portfolio positions to assure compliance with the rating requirements imposed by the Public Funds Investment Act.

The County specifically addresses credit risk in stating that all county funds are fully collateralized or insured consistent with federal and state law in one or more of the following manners:

- FDIC insurance coverage
- United States Government Bonds, Notes and Bills,
- Securities of federally sponsored U. S. Agencies and instrumentality's of the United States Government and/or obligations, including
- Letters of credit, of the United States or its agencies and instrumentalities,
- No Collateralized Mortgage Obligations are acceptable.

County and District Clerks' trust funds are invested on behalf of the beneficiaries of funds held in trust in Certificates of Deposit. These investments are issued by a state or national bank domiciled in this state or a savings and loan association domiciled in this state and are guaranteed or insured by the FDIC or secured by authorized investments that have a fair value of not less than the principal amount of the certificates.

Concentration of Credit Risk – In accordance with the Investment Policy, the County will manage its credit risk exposure through diversification and limiting its investments in each government-sponsored security to eliminate the risk of loss resulting from over concentration of liquid assets with a specific maturity, a specific issuer or a specific class of investments. Investment pools are limited to 60% of the total outstanding investment portfolio with the stipulation that no more than 35% can be held in any registered pool.

Cameron County has investments with Lone Star Investment Pool, managed by First Public, LLC, the State of Texas investment pool available to governmental entities. Lone Star is neither a registered investment pool with the SEC nor backed by pledged collateral, but the underlying investments are mutual funds, U.S. Treasury Bonds, T-bills, government agency securities and repurchase agreements allowed under the Public Funds Investment Act as described by V.T.C.A., Title 10, Government Code, Section 2256. Investments are stated at fair value which approximates fair value. Lone Star's portfolio has low market risk due to restrictions on weighted average maturity and maximum maturity of any one investment and is rated AAA by Standard & Poor. Lone Star's investment portfolio is required to maintain a stable \$1.00 net asset value. The Lone Star Investment Pool is governed by a Board of Trustees (Board) who is devoted to running an investment pool with superior level of safety and protection of investments.

C. Cash and Investments of Discretely Presented Component Units

Cash and cash equivalents

The Discretely Presented Component Units consider account balances in demand deposit accounts and certificates of deposit with a maturity of less than three months to be cash.

3. DEPOSITS AND INVESTMENTS (CONTINUED)

C. Cash and Investments of Discretely Presented Component Units (continued)

As of September 30, 2022, the carrying amount of CCRMA's cash, cash equivalents, and restricted cash was \$23,868,851 of this total, \$21,666,431 was restricted and held in various bond trustee accounts in the BNY Mellon and interest checking accounts in accordance with bond indenture agreements. The remainder \$2,202,420 was held in business interest checking accounts. There is no limit on the amount CCRMA may deposit in any one institution. However, the Federal Deposit Insurance Corporation only insures up to \$250,000 per institution. CCRMA is fully collateralized with pledged securities for amounts in excess of the FDIC limit for the year ended September 30, 2022.

Investments

The Discretely Presented Component Units classify certificates of deposits purchased or renewed for periods in excess of three months and money market mutual funds as investments designed to achieve a certain rate of return.

No investments meeting these criteria are reported by CCRMA; however, CCRMA does have an investment policy. CCRMA recognizes that effective cash management is good fiscal management. CCRMA's investment policy considers safety and risk of investment, while seeking to optimizing investment earnings. The purpose of the CCRMA's investment Policy is to comply with Chapter 2256 of the Government Code ("Public Funds Investment Act"), which requires the Authority to adopt a written investment policy regarding the investment of its funds and funds under its control. CCRMA's Investment Policy addresses the methods, procedures and practices that must be exercised to ensure effective and judicious fiscal management of the Authority's funds.

Investments are under the custody of the financial officer of each component unit. Investing is performed in accordance with investment policies complying with the State Statues (Texas Government Code, Title 10, Chapter 2256 V.T.C.A. Govt. Sec. 2256 as amended by Act 1996, 74th Legislature, Chapter 402 Section 1, effective September 01, 1996). This law requires the government entity to maintain safety of principal, maintenance of adequate liquidity, desired diversification to maximize rate of return with the previous considerations and have portfolio maturities structured to achieve the highest rate of return of interest consistent with liquidity requirements of cash needs.

The County is permitted by law to levy taxes for general fund, jury fund, road and bridge fund and permanent improvement fund purposes up to \$0.80 per \$100 of taxable value. The County collects its taxes through the Cameron County Tax Assessor Collector's Office.

5. PROPERTY TAXES (CONTINUED)

The County also collects property taxes for the City of Brownsville, Brownsville Navigation District, Cameron County Emergency Services District #1, South Texas Independent School District, Santa Rosa Independent School District, Brownsville Independent School District, La Feria Independent School District, San Benito Independent School District, Texas Southmost College, City of Combes, City of San Benito, Town of Indian Lake, City of Los Fresnos, City of Rio Hondo, City of Santa Rosa, City of Primera, City of La Feria, City of Port Isabel, City of South Padre Island, City of Laguna Vista, City of Los Indios, Town of Bayview, Point Isabel School District, Laguna Madre Water District, Santa Maria Independent School District, the Town of Palm Valley, Town of Rancho Viejo, Paseo de la Resaca 1, 2 and 3, Paseo de la Resaca District, Valley Mud District #2, Port of Harlingen and Cameron County Drainage Districts No. 1,3,4 and 5, City of Harlingen and Harlingen Consolidated Independent School District. During FY22 Cameron County Tax Assessor's Office began collections for the Cameron County Drainage District No. 6, which was the district's initial taxing year.

Collector's Ad Valorem Tax Fund. Tax collections deposited for the County are distributed periodically to the General Fund, Debt Service Fund and Special Road and Bridge Fund. This distribution is based upon the tax rate established for each fund by order of the Commissioners' Court for the tax year for which collections are made.

Property taxes for the County are levied each October 1st, on the assessed value of the preceding January 1st, for all taxable real and personal property. Taxes are due and payable when levied. On January 1st, at the time of assessment, an enforceable lien is attached to the property for property taxes. All tax payments not received by February 1st, after the taxes are levied, are considered delinquent. All tax payments not received by July 1st, become subject to attorney collection fees, unless a payment arrangement has been made with the Tax Assessor-Collector. Property, for which taxes are delinquent, is subject to foreclosure proceedings. As required by the State Property Tax Code, appraisal values are determined by the Cameron County Appraisal District at 100% of the appraised market value.

The Delinquent Taxes Receivable Account represents uncollected tax levies for the past twenty (20) years. The allowance for estimated uncollectible is 3.01% of the total delinquent taxes receivable at September 30, 2022. State Property Tax Code, appraisal values are determined by the Cameron County Appraisal District at 100% of the appraised market value.

The County qualifies as an Enterprise Zone under Chapter 2303 of Texas Local Government Code thus permitting the County to enter into tax abatement agreements with businesses for economic development purposes subject to applicable codes, including Chapter 312 of the Texas Tax Code. County encourages business, commercial, manufacturing and industrial concerns to locate, remain and expand in the County and offers property tax abatements to qualifying entities. The base value of real property and personal property is not eligible for abatement, only the increase in value is considered for abatement. The duration of the abatement is based on the expected economic impact of performance and proposed by the business but will not exceed ten (10) years. The agreement includes provisions for performance monitoring and recapture of property tax revenue lost if the business enterprise fails to perform as expected. Abatement request are considered on a case by case basis and are based on job creation impact, revenues generation to County and importance to the community.

The County is participating in tax abatement agreements with wind farm energy project companies. All of the wind farm abatement agreements contain a provision for payment in lieu of taxes of \$575,000 for the 10 years of the tax abatement. Other abatements approved in October 2017 are LNG and Annova which are liquefied natural gas (LNG) export facilities that are under development at the Port of Brownsville. On March 2021, Annova LNG announced that it will not proceed its plans to develop an LNG facility at the Port of Brownsville. The LNG abatement required the creation of 175 jobs with 35% hiring from within a 100 mile area. The LNG agreement provides for 100% abatement for ten (10) years and includes provisions for payment in lieu of taxes and participation in community benefits agreements. Cameron County also participates in a space exploration technology abatement.

a. The purpose of interfund balances is to provide working capital on a temporary basis to non-major governmental funds while waiting to be reimbursed from the funding source of individual projects.

b. Interfund balances are all expected to be repaid within one year from the date of the financial statements.

9. COMPENSATED ABSENCES

Compensated absences are made up of time earned by employees for vacation, unused holiday and compensatory time. County policy requires employees to use their vacation time in the year earned with the exception of being able to carry over a balance to the first quarter of the following fiscal year. County policy only allows compensatory time to be accrued up to 240 hours. At the end of a pay period, a non-exempt employee shall be paid cash for all hours worked beyond the 240 compensatory hours as allowed by law. The following shows the change in compensated absences and the balance due, as of September 30, 2022.

| | Governmental | | | Total Primary |

B. General and Certificates of Obligation Bonds

Bonded debt of the County consists of various issues of General Obligation Bonds, Certificates of Obligation and Revenue Bonds. General Obligation Bonds and Certificates of Obligation are direct obligations of the County with the County's full faith and credit pledged towards the payment of these obligations. General Obligation Bonds and Limited Refunding are issued upon approval by the public at open elections. Certificates of Obligation are issued by the order of Commissioners' Court as pursuant to the general laws of the State of Texas, particularly the Certificates of Obligation Act, Subchapter C of Chapter 271, Texas Local Government Code.

Debt service is paid from ad valorem taxes. Revenue bonds are generally payable from the pledged revenue generated by the respective activity for which the bonds are issued.

13. LONG-TERM DEBT (CONTINUED)

C. Advanced Refunding and Defeased Debt

Cameron County issued \$17,865,000 Limited Tax Refunding bonds, Taxable Series 2019 dated October 1, 2019 for the purpose of refunding currently outstanding obligations of the County, to achieve debt service savings and to pay costs related to the issuance of the Bonds. This Refunding consisted of Series 2011 \$23,570,000 Certificates of Obligation and Series 2011 \$5,560,000 Refunding. The balance of the Refunded Bonds were Certificates of Obligation Series 2011 \$15,115,000 and Limited Tax Refunding Bonds, Series 2011 \$1,660,000. Net proceeds received were \$17,597,860, issuance costs of \$168,417, underwriter's discount of \$95,873 and net present value savings of \$1,135,126 were realized through this issuance. The net proceeds from the issuance of the Limited Tax Refunding Bonds, Series 2019 were deposited with the Bank of New York Mellon Trust Company, N.A., the "Escrow Agent", pursuant to the Escrow Agreement between the Issuer and Escrow Agent. By the deposit of the Federal Securities and cash with Escrow Agent pursuant to Escrow Agreement, the Escrow Fund is irrevocably pledged to the payment of the principal of and interest on the Refunded Obligations are deemed as no longer being outstanding except for the purpose of being paid from the funds held in the Escrow Fund with the Escrow Agent.

On March 3, 2015 Cameron County issued \$18,100,000 Limited Tax Refunding Bonds, Series 2015 for the purpose of refunding certain obligations of the county. Obligations refunded were Unlimited Tax Road Bonds, Series 2005 \$525,000, Certificates of Obligation, Series 2007 \$5,645,000, Certificates of Obligations, Series 2008 \$10,490,000 and Unlimited Tax Road Bonds, Series 2008 \$1,675,000 with interest rates ranging from 3.00% to 5.00%. The Bonds were sold for a purchase price of \$20,339,119 representing the principal amount of the Bonds of \$18,100,000 (which is less than the principal refunded bonds of \$18,345,000), plus a premium of \$2,338,519, less an Underwriters' discount of \$99,399. County's contribution of \$177,529 and issuance costs, paying and escrow agent fees accounted for a total of \$20,332,410 being deposited with Escrow Agent into the Escrow Fund in accordance with Escrow Agreement. This refunding resulted in a net present value savings of \$1,587,781 and a gross savings of \$1,903,134. The net proceeds of \$20,332,410 were verified and deposited pursuant to Escrow Agreement. Accuracy and sufficiency of such amounts as deposited were confirmed by Financial Advisor and investments are to be made only in U.S. Treasury Securities and obligations of agencies or instrumentalities of the United States. Pursuant to the Escrow Agreement these refunded obligations are no longer outstanding or unpaid.

On June 07, 2012, the County Issued Limited Tax Refunding Bonds Series 2012 in the amount of \$9,610,000 with interest rates ranging from 2.0% to 3.5%. The proceeds were used to refund \$6,635,000 of outstanding Certificates of Obligation, Series 2005 and \$2,420,000 outstanding Certificates of Obligation, Series 2004, with interest rates ranging from 2.0% - 4.5%. The 2012 refunding bonds carried an initial principal amount of \$9,610,000 but were sold at a net premium of \$437,592. After the County contributed \$59,498 and after paying issuance cost, insurance premium, and underwriting fees of \$241,518 the net proceeds were \$9,865,572. The net proceeds from the issuance of the Limited Tax Refunding Bonds, Series 2012 have been deposited in the Escrow Fund to refund the Refunded Obligations. The accuracy and sufficiency of such deposits to make payments were confirmed by the financial advisor and such amounts held in an escrow fund under an Escrow Agreement dated September 1, 2012 between the Issuer and the Escrow Agent. The advance refunding has met the requirements of an in-substance debt defeasance and the Refunded Obligations are deemed to have been fully paid and no longer outstanding, except for the purpose of receiving payments from the deposited bond proceeds and any cash held for such purpose by the Escrow Agent for the Refunded Obligations and such Refunded Obligations will not be deemed as being outstanding obligations of the County payable from taxes nor for the purpose of applying any limitation on the issuance of debt. The purpose of this Refunding was to restructure debt service payments, to obtain net present value savings of \$576,928 and for the payment of related Refunding Bond issuance costs.

14. RISK MANAGEMENT

The County is exposed to various risks of loss relating to general liability, the accidental risk of loss of real and personal property, damage to County assets, errors and omissions, and personal risks which relate to workers' compensation. The County implements a number of risk strategies such as participating in risk pools, purchasing commercial insurance, self-insurance with specific and aggregate stop loss insurance, and full self-insurance to manage those listed risks. Amounts of coverage for these types of risk have not been subject to a significant reduction in the current year.

A. Workers Compensation Insurance

The County is self-insured for Workers Compensation Insurance administered by TAC. TAC Workers Compensation Insurance Program provides medical and indemnity payments, as required by law, for job related injuries up to the State's statutory limits. The annual premium for workers' compensation is determined by position class codes, times an experience modification factor.

B. Other Insurance

The County is also a member of a risk pool for automobile, general liability, and property and casualty insurance. As a member of the pool, the County would incur a liability only if the pool's operations become insolvent. General liability policy and automobile liability policy have a plan anniversary date of July 1st. The following are the coverage limits of the policies:

Automobile Liability Coverage

| Bodily Injury | Property Damage | Personal Injury Protection |
|----------------------------------------------------|------------------------|--------------------------------------------|
| | \$100,000 per | |
| \$100,000 per person | occurrence | \$5,000 per person |
| \$300,000 per occurrence | | |
| -Coverage for County-owned vehicles | | -Coverage for non-owned and hired vehicles |
| -Personal injury protection for specified vehicles | | -Limited Mexico coverage |
| | | -The deductible is \$1,000 per occurrence |

The annual premium is \$197,648 for automobile liability and \$72,287 for automobile physical damage for the period July 1, 2022 through July 1, 2023. No settlements exceeded insurance coverage during the past three years.

Comprehensive General Liability Coverage

| Bodily Injury | Property Damage | Employee Benefits | Personal and Adv. Injury Liability |
|--------------------------------------------------|--------------------------|--------------------------|---------------------------------------------------------|
| \$100,000 per person \$300,000 per occurrence | \$100,000 per occurrence | \$500,000 per occurrence | \$100,000 per person \$300,000 per offense aggregate |

The deductible is \$5,000 per occurrence. The annual premium is \$55,289 for the period July 1, 2022 through July 1, 2023. No settlements exceeded insurance coverage during the past three years.

The property and casualty insurance covers buildings, structures, and personal property, including coverage extensions for earth movement, flood, account receivables, valuable records, demolition, increased costs of construction, transit, business interruption, mobile equipment, builder's risk, and loss of income. Specifically excluded is coverage for fine arts, physical damage to owned automobiles and leasehold interests. Each type of asset covered has specific liability limits and deductibles.

14. RISK MANAGEMENT (CONTINUED)

C. Employee Health and Life Benefits

On May 1, 1989, Cameron County established a limited risk management program for health and life benefits provided to active and retired employees and their dependents. Premiums are paid into the Internal Service Fund (Health and Life Benefits Fund) by all funds through payroll contributions and are available to pay claims, administrative costs, and claims reserves. Administrative costs include the cost of individual stop loss insurance and aggregate stop loss insurance (determined by the monthly number of insured lives, at a specified dollar value times twelve), as well as fees charged by a Third Party Administrator (TPA).

Cameron County continues to promote Wellness Plans and Preventative Care by annual screenings, physical exams and health fairs. Currently, the Fund's board is examining program saving measures, greater participation of the plan users, and alternate plans for provision of service to insure the financial well-being of the program as well as maintaining the ability to provide the level of care desired by the County and increasing the county contribution for all employees. In FY 2022 a transfer of \$3,774,227 was needed from General Fund, Road & Bridge and Enterprise Funds to meet medical obligations. This was an increase from FY 2021 when a transfer of \$3,328,971 was needed to meet medical obligations.

During fiscal year 2022, a total of \$17,959,859 was paid in benefits and \$1,608,244 was paid in administrative costs. Estimated claims payable, based upon claims filed and estimated unfiled claims at year end, totaled \$1,071,223 as of September 30, 2022. Changes in the balances of claims liabilities during the past three years follow:

| | 2022-2021 | 2021-2020 | 2020-2019 |
|-------------------------------------------------------|------------------|--------------|--------------|
| | Fiscal Year | Fiscal Year | Fiscal Year |
| Unpaid claims, beginning of fiscal year | \$ 1,016,576 | \$ 1,217,666 | \$ 903,284 |
| Incurred claims (including incurred but not reported) | 18,014,506 | 15,296,049 | 15,790,516 |
| Payment of claims | (17,959,859) | (15,497,139) | (15,476,134) |
| Unpaid claims, end of fiscal year | \$ 1,071,223 | \$ 1,016,576 | \$ 1,217,666 |

14. RISK MANAGEMENT (CONTINUED)

D. Public Officials and Law Enforcement Liability

The County self-insures its activities that are normally covered with public officials (errors and omissions) insurance and law enforcement liability insurance. Lawsuits involving wrongful termination, sexual harassment, and breach of contract are typically covered through Public Officials Insurance; whereas, civil rights violations, illegal search and wrongful incarceration are covered by Law Enforcement Liability Insurance. Since the County is self-insured in these areas of liability, there are no exclusions. Insurance policies purchased from private insurance companies could exclude certain coverage's that would leave the County uninsured. Therefore, the lawsuits listed below may or may not have been specifically covered by an acquired insurance policy. Because the County is self-insured with regards to law enforcement liability and public officials liability, all settlements exceed insurance coverage amounts. The County is currently defending against various lawsuits concerning Public Officials and Law Enforcement Liability. While the final outcome of these lawsuits cannot be certain, the County has reserved \$500,000 to provide for a contingency in cases in which the County may be adversely ruled upon.

E. Enterprise Activity Coverage

The Bridge and Park Systems maintain insurance coverage for fire, extended coverage, loss of revenue, accounts receivable, earthquake, flood, named storm and malicious mischief, and toll equipment coverage. Vehicles are self-insured as to comprehensive collision coverage; however, auto liability coverage is provided through the Texas Association of Counties in amounts above the legal requirements. The Bridge and Park Systems also maintain insurance coverage for property damage and for use and occupancy coverage protecting from loss of revenues.

15. COMMITMENTS AND CONTINGENCIES

A. Litigation

The County is presently a defendant in various lawsuits. While the County plans to vigorously defend itself, legal counsel for the County cannot assess the loss, if any, that may result from unfavorable judgments against the County.

The County is a defendant in cases involving law enforcement operations. These cases deal with allegations of civil rights violations and prisoner civil rights violations. State court cases allege failure to follow due process, misappropriation of funds in civil case, negligence, abuse of power, inverse condemnation and constructive fraud. The County does not anticipate these to be "cases of liability." Resolution of these matters are pending and financial impact to the County, while not known, is not expected to be of significance.

Cameron County is a defendant in several cases involving employment related litigation, civil rights, wrongful termination, constitutional violations and due process. The outcome of these lawsuits are not known and financial impact to the County, while undeterminable, is not expected to be material in any event. In the unlikely event of adverse finding to the County, cases would be appealed to the 13th Court of Appeals. The County has committed fund balance of \$500,000 for any pending litigation claims.

B. Interlocal Agreements

Harlingen, Texas and San Benito, Texas

On June 3, 1991, Cameron County entered into an agreement with the Cities of San Benito, Texas and Harlingen, Texas, whereby the County would finance, construct and operate an international toll bridge located at Los Indios, Texas approximately eight miles south of both communities. The revenue bonds issued are payable from the revenues of the County's Toll Bridge System. Each of the cities has agreed to pay the lesser of \$200,000 annually, or 25% of any deficiency in annual debt service requirements, net operating losses not including depreciation, and any capital equipment not paid for with bond proceeds.

Any surplus remaining after payment of operations, debt service, or capital equipment purchases, in excess of 140% of the average annual debt service requirements of outstanding Los Indios Toll Bridge Bonds, will be distributed 25% to each city and 50% to the County. The Free Trade Bridge at Los Indios opened November 1, 1992. The results of operations for the Free Trade Bridge at Los Indios for the fiscal year ended September 30, 2022 produced a surplus of \$1,222,904, as defined by the interlocal agreement between the entities and the County. The County's share of the interlocal agreement proceeds is \$611,452. Each participating entity is entitled to a combined total of \$611,452 for their share of the year's operations as defined under the interlocal agreement.

Brownsville, Texas

On January 12, 1990, the County entered into an agreement with the City of Brownsville, Texas, whereby the County would finance, construct and operate an international toll bridge located in Southeast Brownsville, Texas, approximately two miles east of Gateway International Toll Bridge. Revenue bonds issued are payable from the revenues of the County's Toll Bridge System. The City of Brownsville, Texas agreed to pay the lesser of \$400,000 annually, or 50% of any deficiency in annual debt service requirements, net operating losses not including depreciation, and any capital equipment not paid for with bond proceeds. Any surplus remaining after payment of operations, debt service, or capital equipment purchases, in excess of 140% of the average annual debt service requirements of outstanding Toll Bridge Bonds, will be distributed equally between the City and County. The bridge opened in April 1999. During the period of bridge construction, the City and County paid the net annual debt service and such payments were recorded as contributed capital. The results of operations for the Veterans Bridge at Los Tomates for the fiscal year ended September 30, 2022 produced a \$6,724,426 surplus as defined by the interlocal agreement between the entities and the County. In accordance with the interlocal agreement between Cameron County and the City of Brownsville, each entity was allocated \$3,362,213.

| Fiscal Year Ended September 30, | Cameron County | City of Brownsville | Total Surplus (Deficiency) |

B. Interlocal Agreements (continued)

Cameron County Regional Mobility Authority (CCRMA)

On April 11, 2006 the County entered into an agreement with the Cameron County Regional Mobility Authority (CCRMA) whereby the County would provide a loan of \$250,000 for the purpose of assisting the CCRMA in its organizational efforts. During fiscal year 2022, the CCRMA issued a payment of \$50,000 to be applied to the outstanding loan balance. The receivable balance remaining as of FY 2022 is \$117,500. Up through year ending September 30, 2013, the Cameron County Auditor's office oversaw all financial transactions for CCRMA. As of October 1, 2013, CCRMA, although a component unit of Cameron County, has dedicated financial staff for all their operations. On May 23, 2006, the County and the CCRMA entered into another agreement to prepare route analysis, schematic design and environmental assessment to include a finding of no significant impact for the North Rail Relocation Project and the FM 509 extension between its current termination point and Expressway 77. The funds for the work were provided by Cameron County through Project Road Map. CCRMA aggressively continues to work with Texas Department of Transportation and local entities on a number of transportation projects: East Loop SH32, 2nd Access to South Padre Island area, SH550 and I-69/US77.

On June 6, 2012 and June 7, 2012 the County and CCRMA approved and entered into the SSH 550 Funding and Development Agreement (the "550 Agreement"). The 550 Agreement designates CCRMA as the owner of the Project and as the operator and the party responsible for maintenance of the Project. On August 8, 2012, Cameron County issued \$40,000,000 Revenue and Tax Bonds, Series 2012, providing funding for the Project and as a condition for such funding, the CCRMA is obligated to repay the funding together with interest on the unpaid principal balance. The debt will be reported on the CCRMA financial statements. The CCRMA has pledged to the County Pledged revenues in accordance with the "SH550 Project Agreement." CCRMA is responsible for providing annual operating, maintenance, and capital budgets to the County and for funding various reserves as established in the Trust agreement. In FY 2016, Series 2012 was included in a Refunded Issuance for \$14,340,000 of this Obligation. Series 2012 Revenue and Tax Bonds were refunded on February 15, 2020 with issuance Series 2020 Revenue and Tax Refunding \$26,925,000. As of September 30, 2022, \$26 million remain outstanding.

On March 1, 2014, Cameron County issued \$5,000,000 Revenue and Tax Bonds, Series 2014 (State Highway 550 Project) on behalf of CCRMA. The \$5,000,000 Revenue and Tax Bonds, Series 2014 are issued as Completion Obligations for the purpose of providing payment for final costs incurred with the design, planning, construction and equipping of the SH550 Direct Connector Project. These bonds are parity obligations with the County's \$40,000,000 "Revenue and Tax Bonds, Series 2012." Through this issuance, the County will provide the necessary funding for completion of the "SH550 Direct Connector Project" and as a condition of this funding, CCRMA is obligated to repay the funding together with interest on the unpaid principal balance of the Project funding at the same stated rates of interest the County will pay on the Bonds. As part of this SH550 Direct Connector Project, CCRMA has pledged to the County the pledged revenues. The County has assigned its right to such Pledged Revenues to the Trustee pursuant to the Order and the Trust Agreement. In December 2016, \$695,000 of the bonds were advance refunded. As of September 30, 2022, \$4.0 million remain outstanding.

15. COMMITMENTS AND CONTINGENCIES (CONTINUED)

B. Interlocal Agreements (continued)

On February 26, 2015, Cameron County Commissioners Court adopted a "CERTIFICATE FOR ORDER" authorizing the issuance of "Cameron County, Texas Revenue and Tax Bonds, Series 2015 (State Highway 550 Project)", levying an annual ad valorem tax; entering into a second amendment to Trust Agreement, second amendment to SH550 Funding and Development Agreement, and Bond Purchase Agreement; delegating authority to approve terms; and other matters related thereto. On April 1, 2015, Cameron County issued \$4,500,000 Cameron County, Texas Revenue and Tax Bonds, Series 2015 (State Highway 550 Project) as completion obligations for the payment of obligations to be incurred in connection with the final design, planning, construction, and equipping of the SH550 Direct Connector Transportation Project and to pay costs of issuance. These Bonds are parity obligations with the County's outstanding \$40,000,000 "Revenue and Tax Bonds, Series 2014 (State Highway 550 Project) together with the 2012 Bonds (the "Prior Bonds"). This project will be designed, constructed, operated and maintained by CCRMA. CCRMA has pledged and assigned to the County certain toll revenues to be derived from the Project, pass through payments and a subordinated pledge of Vehicle Fee Revenues for the payment of the bonds. In December 2016, \$245,000 of the bonds were advance refunded. As of September 30, 2022, \$4.1 million remain outstanding.

On November 2016, Cameron County Commissioners Court adopted a "CERTIFICATE FOR ORDER" authorizing the issuance of "Cameron County, Texas \$15,805,000 Revenue and Tax Refunding Bonds, Series 2016 (State Highway 550 Project)", for the purpose of refunding and restructuring certain outstanding obligations of the CCRMA for debt service and cash flow savings and to pay costs of issuance of the Bonds. The County entered into a funding and development Agreement, dated August 1, 2012, amended on February 1, 2014, March 15, 2015 and November 1, 2016 (the 550 Agreement) in which the authority pledged and assigned to County certain toll revenues to be derived from Project, Pass-through Payments and a subordinated pledge of Vehicle Fee Revenues. The County has assigned its right to the Pledged Revenues to the Trustee pursuant to the Order and Trust Agreement. As of September 30, 2022, \$15.8 million remain outstanding.

On December 5, 2017, Cameron County Regional Mobility Authority issued Vehicle Registration Fee Revenue Refunding Bonds, Series 2017 for the purpose to advance refund \$4.4 million of the Authority's vehicle registration fee revenue bonds for debt service savings and to pay costs of issuance of the Bonds. The Bonds do not constitute obligations of Cameron County, Texas nor the credit or taxing authority of Cameron County, Texas. As of September 30, 2022, \$4.5 million remain outstanding.

On February 15, 2020, Cameron County Regional Mobility Authority issued Revenue and Tax Refunding Bonds, Taxable Series 2020 for the purpose to advance refund Series 2012 \$25,005,000 of the Authority's Revenue and Tax Bonds for debt service savings and to pay costs of issuance of the Bonds. As of September 30, 2022, \$26.1 million remain outstanding.

On August 31, 2021, the CCRMA issued Vehicle Registration Revenue Bonds, Series 2021 in the amount of \$3.925 million. The CCRMA is obligated to repay the principal and interest amounts on the bonds as detailed in the official statement of the bonds. The Bond Series 2021 has maturities of February 2022 to 2041 and carry interest rates of 3% payable February 15 and August 15 of each year. Bond proceeds will be used for the purpose of paying project costs, funding the debt service and paying cost of issuance of the bonds. As of September 30, 2022, \$3.9 million remain outstanding.

Tax Increment Reinvestment Zone (TIRZ)

Cameron County is a participant in a number of reinvestment zones with local municipalities: City of La Feria Reinvestment Zone #1, City of Brownsville Reinvestment Zone #1; City of San Benito, City of Harlingen TIRZ #1, #2, #3, City of Port Isabel, City of Los Fresnos, and Town of South Padre Island Cameron County Commissioners Court appoints one representative to each zone board; the county representative is usually the county commissioner in whose precinct the zone is located. Since November, 2011, Cameron County and Cameron County Regional Mobility Authority (CCRMA – component unit) entered into interlocal agreements to participate in "Transportation Reinvestment Zones" throughout specific regions throughout the County.

On December, 2015, Cameron County entered into an interlocal agreement with Cameron County Regional Mobility Authority (CCRMA) to participate in Transportation Reinvestment Zone #6. This zone establishes a "County-Wide Transportation Reinvestment Zone" projected to support \$1.6 billion in transportation projects that will promote safety, support development and facilitate the movement of traffic throughout Cameron County. TRZ #6 supersedes all previous Cameron County/CCRMA TRZs. The Tax Increment Base year of TRZ#6 is all real property in the County as of January 1, 2015 and the maximum transfer amount is the cumulative total of \$1,625,954,462. Cameron County's participation will be 25% of the Tax Increment excluding amounts levied and collected for Interest and Sinking Funds and commitments of existing TIRZ agreements. The termination date of the Zone is whichever of the following events occurs first: A) date upon which all outstanding Project Obligations have been satisfied and no additional Project Obligations are anticipated; B) the Maximum Transfer Amount has been paid (\$1,625,954,462); C) December 29, 2055, unless such date is extended by agreement of parties.

As of September 30, 2022 funds of \$7,281,228 are reserved for entities that have not submitted financial reports or billings.

16. RETIREMENT PLAN

A. Texas County and District Retirement System

Plan Description

Cameron County provides retirement, disability and death benefits, for all of its full-time employees through a nontraditional defined benefit pension plan administered by the statewide, public employee Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of approximately 800 counties and districts pension plans. TCDRS issues an aggregate annual comprehensive financial report on a calendar year basis. The ACFR is available on the TCDRS website at www.TCDRS.org. or upon request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, TX 78768-2034.

The plan's provisions are adopted by the governing body of the employer, within the options available in the state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service or with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

16. RETIREMENT PLAN (CONTINUED)

A. Texas County and District Retirement System (continued)

. .

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits, with interest. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

The employer has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The employer's contribution is determined using an actuarially determined rate of 10.56% for the months of the calendar year in 2021 and 10.49% for the months of the calendar year in 2022. As of December 31, 2021, the Summary Valuation for the County's TCDRS plan recognized an investment gain. Previous years' deferred actuarial investment losses are first used to reduce that year's actuarial investment gain. A portion of the remaining gain was recognized in this year's valuation, with the remainder deferred until future valuations. Investment markets have experienced an investment loss in 2022 due to the Coronavirus outbreak making it likely that our plan will experience a substantial investment loss which will cause an increase in the required contribution rates. Due to the valuation smoothing of investment gains and losses over five years, we can expect rates to increase over the next several years as the investment loss is recognized.

The contribution rate payable by the employee members for the calendar years 2021 and 2022 is the rate of 7.00% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act. For the County's fiscal year ended September 30, 2022, the actual employer contributions were \$9,130,638, and were equal to the required contribution.

Net Pension Liability/(Asset)

Governmental Accounting Standards Board issued Statement No. 68 which are reporting standards for public pension plans and participating employers which address specifics of the reporting public pension plan obligations for employers. Employers are required to recognize a liability as Net Pension Liability (NPL) or an asset as Net Pension Asset (NPA) on the balance sheets, with changes recognized as Pension Expense on the income statement or reported as deferred inflows/outflows of resources over a period of time. Changes in Net pension liability (NPL) for Cameron County was determined as of December 31, 2021, and total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Events that occurred subsequent to December 31, 2021, are not reflected in this report.

| Net Pension Liability /(Asset) | December 31, 2020 | December 31, 2021 |
|----------------------------------------------------------|-----------------------|-------------------|
| Total pension liability | \$ 384,336,925 \$ | 405,861,494 |
| Fiduciary net position | 359,562,439 | 433,331,935 |
| Net pension liability / (asset) | 24,774,486 | (27,470,440) |
| Fiduciary net position as a % of total pension liability | 93.55 % | 106.77 % |
| Pensionable covered payroll ⁽¹⁾ | 74,784,046 | 78,316,405 |
| Net pension liability/(asset) as a % of covered payroll | 33.13 % | (35.08)% |

⁽¹⁾Payroll is calculated on actual contributions reported to TCDRS.

Actuarial assumptions used to determine the total pension liability as of the valuation date, December 31, 2021 are as follows:

| Discount Rate* | 7.60 % |
|------------------------------------------------------|--------|
| Long term rate of return, net of investment expense* | 7.50 % |

*This rate reflects the long term rate of return funding valuation assumption of 7.50%, plus 0.10% adjustment to be gross of administrative expenses as required by GASB68.

Actuarial assumptions used in this analysis for reporting requirements as of December 31, 2021 were based on the results of an actuarial valuation analysis for the period January 1, 2017 – December 31, 2020, except where required to be different by GASB68. System-wide economic assumptions used by the TCDRS actuary were a 5.00% real rate of return, 2.50% inflation and an 7.50% long term investment return. The 7.50% long term rate of return is net of investment expenses. It is expected that returns will equal the nominal annual rate of 7.50% used in the calculation of the actuarial accrued liability and the normal cost contribution rate for the retirement of each participating employer. The assumption is that salary increases will vary based on length of service and by entry-age group. Annual salary increase rates consist of a general wage inflation component of 3.00% and a merit, promotion and longevity component that on average approximates 1.60% per year for a career employee. Employer specific economic assumption reflects 0.00% growth in membership and payroll growth of 3.00%.

Demographic assumption considerations were that new employees would replace terminated employees with similar entry ages. Members who become disabled are eligible to commence benefit payments regardless of the age. Rates of disability are based on TCDRS experience.

Mortality rates for depositing members were based on a 135% of Pub-2010 General Employees Amount-Weighted Mortality Table for males, and 135% for females. Both projected with 100% of the MP-2021 Ultimate scale after 2010. Service retirees, beneficiaries, non-depositing members and disabled retirees were based on 135% of Pub-2010 General Retirees Amount-Weighted Mortality Table for males and 120% for females. Both projected with 100% of the MP-2021 Ultimate scale after 2010. Ultimate scale after 2010.

Family composition for calculating Survivor Benefit for depositing and non-depositing members were that male members have a female beneficiary three years younger and female members are assumed to have a male beneficiary who is three years older. Annual rates of retirement were based on members reaching the age of sixty or the earliest eligibility. For those reaching the age of seventy five, retirement was considered to occur immediately.

Employees with six years or less have a higher probability of termination for reasons other than death, disability or retirement. Rates of termination vary by years of service, entry-age group and sex. Termination rate of 0% was assumed for members two years prior to retirement eligibility. Members who terminate may either leave their account with TCDRS or withdraw their funds. Members withdrawing their account vary based on length of service and vesting schedule. For those terminating members who are non-vested 100% withdrawal was assumed.

To determine the long-term expected rate of return on TCDRS assets, expected inflation is added to expected long-term real returns and reflect expected volatility and correlation. Capital market assumptions and information are provided by TCDRS based on January 2022 information for a 10 year time horizon. The valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a long-term horizon; the most recent analysis was performed in 2021.

An alternative method to determine the sufficiency of the fiduciary net position for all future years has been used for discount rate determination. The alternative method reflects the funding requirements under the employer's funding policy and the legal requirements under the TCDRS Act. Under the TCDRS funding policy, the Unfunded Actuarial Accrued Liability shall be amortized as a level percent of pay over 20-year closed layered periods. Employers are legally required to make the contribution specified in the funding policy.

Asset Allocation

Employer's assets are projected to exceed accrued liabilities in 20 years or less. When this level is reached, the employer is still required to contribute at least the normal cost. Increased costs due to adoption of COLA is required to be funded over a period of 15 years, if applicable. Based on these requirements, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. In projecting the expected levels of cash flows and investments returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years. Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments. This long term assumed rate of return should be net of investment expenses, but gross of administrative expenses for GASB68 purposes. The discount rate of 7.60% reflects the long-term assumed rate of return on assets for funding purposes of 7.50%, net of expenses, increased by 0.10% to be gross of administrative expenses.

17. OTHER POST-EMPLOYMENT BENEFITS

Post-Retirement Medical Benefits:

Texas Local Government Code, Chapter 175 requires counties make available continued health benefit coverage to retirees and their dependents beyond the end of an individual's employment with County. Texas Law does not require counties to fund all or any portion of such coverage. Effective October 1, 2007, County discontinued medical coverage after age 65. The County may incur a debt obligation to pay for OPEB cost for its retired employees so long as the County follows the constitutional requirement that it have sufficient taxing authority available at the time such debt is incurred to provide the payment of the debt and has levied a tax for such purpose. Information and amounts presented in the County's Annual Comprehensive Financial Report relative to OPEB expense/expenditures, related liabilities (assets), note disclosures, and supplementary information are only intended to achieve compliance with the requirements of generally accepted accounting principles (GASB 75) and does not constitute or imply that the County has made a commitment or is legally obligated to provide OPEB benefits. Cameron County has not incurred a legal debt obligation for OPEB nor has it levied a tax for the same. The County does not have a separate audited GAAP basis postemployment benefit plan report available for defined benefit plans. Currently, the County funds costs associated with OPEB on a current "pay as you go" basis for each single year through annual appropriations authorized by Commissioners Court during the annual County Budget Adoption Process.

A. The Plan: Health Insurance Benefits

Cameron County administers a single-employer defined health benefit plan that covers employees, retirees and their spouses. Benefits provided by Cameron County to retirees only includes medical benefits for which the retiree pays a monthly premium. This benefit is not available after retiree reaches the age of 65. The plan provisions allow members to retire upon attaining age 60 with 8 or more years of service or when the sum of their age and years of service equals 75 or more.

Dependents of retirees who are not eligible for Medicare are also eligible for coverage while retiree is alive but they must pay for dependent coverage. Participants under disability are eligible for continued medical coverage under COBRA but must pay the full premium.

17. OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

A. The Plan: Health Insurance Benefits (continued)

After COBRA expires, there is no additional medical coverage for disabled participants. Cameron County does not offer dental, vision or hearing medical benefits to retirees. Transactions are recorded using the accrual basis of accounting. Plan member and employer contributions are recognized in the period for which the contributions are due. Benefits and refunds are recognized when due and payable. Cameron County does not pre-fund benefits. Benefits are paid directly from general assets on a pay-as-go basis and there is no trust for accumulating plan assets. Local Government Code Section 157.101 assigns the authority to establish and amend benefit provisions to Commissioner's Court. Monthly medical contributions required by retirees are as follow:

| | | Retiree & | R | Retiree & 1 | | Retiree & | Family including |
|------------|--------------|--------------|----|-------------|----|-----------|------------------|
| | Retiree | Spouse | | Child | _ | Children | spouse |

| Active Members | 1,531 |
|-----------------------------------------------|-------|
| Retirees and beneficiaries receiving benefits | 52 |
| Spouses of Retirees | 17 |
| Total | 1,600 |

The valuation date of GASB75 for Cameron County is October 2021 the date as of which the actuarial valuation was performed. Measurement date is September 30, 2022, the date as of which the OPEB Liability is determined. The reporting period is fiscal year ending September 30, 2022. There have been no significant changes between the valuation date and the fiscal year end.

| Valuation Date | March 1, 1900 |

| Measurement Date | September 30, 2022 |
| Actuarial Cost Method | Entry Age Normal |

Results for FYE21 were based on results for FYE20. No assumption updates were made for FYE21 and FYE20

The actuarial cost method used for determining the benefit obligations is the Entry Age Normal Cost method. This method uses a projected retirement benefit at assumed retirement age computed for each participant using anticipated future pay increases. Normal cost is computed for each participant as the level percentage of pay would accumulate with interest at the rate assumed in the valuation to an amount sufficient to fund his projected retirement benefit. The normal cost for the plan is the total of the individually computed normal costs for all participants including costs for any death or disability benefits under the plan. The accrued liability at any point in time is the theoretical fund that would have been accumulated on his behalf from his normal cost payments and prior year's earnings if plan had been in effect. For persons receiving benefits or entitled to a deferred vested retirement income, the accrued liability cost is equal to the present value of their future benefit payments. The accrued liability for the plan is the total participant computed accrued liability. Unfunded accrued liability for the plan is the excess of the accrued liability over the assets which have accumulated for the plan.

The accrued liability as of any date is not the actuarially computed present value of accrued or accumulated plan benefits as of that date. The accrued liability is the portion of the ultimate cost assigned to prior years by the cost method being used.

Salary merit increases used in this valuation are based on years of service provided. Employees are projected to receive a higher percentage rate increase (5.0% to 1.8%) in the beginning years of employment and at 20 years of service this drops to 1.05%. It is assumed to 50% of active employees will elect coverage at retirement. For active employees, husbands are presumed to be three years older than their spouse and 50% of active participants that retire are assumed to elect spousal coverage. Entry level employees are presumed to have a higher termination rate than those vested employees. It is presumed that a majority of employees will retire at the age of 65. Rates used in determining termination, retirement and disability were updated using the prescribed rates in the 2017 TCDRS Report. Medical trend assumptions for this valuation were based on Society of Actuaries' published deport on long-term medical trend. It is assumed that out of pocket and deductible medical costs will increase periodically as trends increase.

Governmental Accounting Standards Board (GASB) issued Statement No. 74 & 75 in 2016 to improve accounting and financial reporting by state and local governments. These Statements substantially revised the accounting requirements previously mandated under GASB 43 and 45. In compliance with Statement 75, Cameron County implemented these requirements during fiscal year 2018. GASB75 requires employers to recognize a liability for OPEB obligations, Net OPEB Liability, (Total OPEB Liability for unfunded plans) on the Statement of Net Position. Changes in Net OPEB Liability are required to be recognized as OPEB expense or reported as deferred outflows/inflows of resources depending on the nature of the change.

B. OPEB - Multiple Employer Defined Benefit Group Term Plan Group Term Life Fund

Cameron County participates in a cost-sharing multiple-employer defined-benefit group-term life insurance plan operated by the Texas County & District Retirement System (TCDRS). This plan is referred to as the Group Term Life Fund (GTLF). The GTLF retiree death benefit paid from the Group Term Life (GTL) program is an OPEB benefit. This OPEB program is treated as an unfunded trust, because the GTL program covers both active and retirees and is not segregated. The TCDRS GTL program is an unfunded OPEB plan as the GTL fund does not meet the requirements of a trust under Paragraph 4b of GASB75, because the assets of the GTL fund can be used to pay active GTL benefits which are not part of the OPEB plan. For GASB75 purposes the OPEB plan is not a cost sharing plan, so the annual benefit payments are treated as being equal to the employer's actual retiree TGL contributions for the year.

|----------------------|----|--------------------|----------------------|
| Total OPEB Liability | \$ | 4,089,504 | \$ 4,337,807 |

The total OPEB Liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below:

Discount Rate:

| Discount rate ⁽¹⁾ | 2.12 % | 2.06 % |
|---------------------------------------------------------------|----------------|----------------|
| Long-term expected rate of return, net of investment expenses | Does not apply | Does not apply |
| Municipal bond rate | 2.12 % | 2.06 % |

⁽¹⁾ The OPEB plan has been determined to be an unfunded OPEB plan: therefore only the municipal bond rate applies

Key Actuarial Assumptions:

All actuarial assumptions that determined the total OPEB liability as of December 31, 2021 were based on the results of an actuarial experience study for the period January 1, 2017 – December 31, 2020, except where required to be different by GASB75.

| Measurement date | December 31, 2020 | December 31, 2021 |
| Employer's fiscal year | October 1, 2021 | September 30, 2022 |

All actuarial assumptions that determined the total OPEB liability as of December 31, 2021 were based on the results of an actuarial experience study for the period January 1, 2017 - December 31, 2020, except where required to be difference by GASB75.

Sensitivity Analysis

The GTL program covers both active and retirees and is treated as an unfunded OPEB plan. Under GASB75 (paragraph 155), the discount rate for an unfunded OPEB plan should be based on 20-year tax-exempt AA or higher Municipal Bonds. Therefore a discount rate of 2.06% is used in this actuarial based on 20 Year Bond GO Index published as of the measurement date of December 31, 2021. The following tables show the Total OPEB GTL Liability of the employer, calculated using the discount rate of 2.06%, as well as what the County's Total OPEB Liability would be if it were calculated using a discount rate that is a percentage point lower (1.06%) or 1 percentage point higher (3.06%) than the current rate. Note that the healthcare cost trend rate does not affect the Total OPEB Liability, so sensitivity to the healthcare cost trend rate is not shown.

Deferred Inflows/Outflows of Resources

As of December 31, 2021, the deferred inflows and outflows of resources are as follows:

| | Deferred Inflows | | | Deferred Outflows | | | |
|----------------------------------------------------|------------------|-----------|----|--------------------------|--|--|--|

Employer OPEB Contributions to the Plan - Remove when combined

Employers make a combined contribution for both active and retiree coverage; however, only the retiree coverage is considered an OPEB plan and therefore only the contributions associated with retiree coverage are included under GASB75. For GASB purposes, the employer's benefit payments for the year are treated as being equal to its annual retiree GTL contributions. The following table shows a breakdown of the employer's contributions to the GTL program for the calendar year 2021.

The GTLF is a separate trust administered by the TCDRS board of trustees. TCDRS issues a publicly available annual comprehensive financial report (ACFR) that includes financial statements and required supplementary information for the GTLF. This report is available at www.tcdrs.org. TCDRS' ACFR may also be obtained by writing to the Texas County & District Retirement System, P.O. Box 2034, Austin, TX 78768- 2034 or by calling 1-800-823-7782.

B. OPEB - Multiple Employer Defined Benefit Group Term Plan Group Term Life Fund (continued)

The coverage provided to retired employees is a postemployment benefit other than pension benefits (OPEB). Retired employees are insured for \$5,000. Each participating employer contributes to the GTLF at a contractually required rate. An annual actuarial valuation is performed and the contractual rate is determined using the unit credit method for providing one-year term life insurance. Cameron County contributions to the GTLF for the years ended 9/30/21 and 9/30/22 were \$197,296, and \$188,922 respectively, which equaled the contractually required contributions each year.

18. RELATED PARTY TRANSACTIONS

In the normal course of business, Cameron County contracted services with LDG Enterprises, LLC d/b/a GDJ Engineering, LLC for consulting and engineering services in the amount of \$684,301 for the year ended September 30, 2022, for which an immediate family member of a member of the Commissioners' Court has an interest in. Amounts due to the company totaled \$111,373 at September 30, 2022.

19. SUBSEQUENT EVENTS

On November 2022, the U.S. Department of the Treasury de-obligated \$1,225,590 of Cameron County's \$13,315,725 initial Emergency Rental Assistance II program as part of the Treasury's quarter 2 assessment excess funds determination. The Quarter 1 assessment excess funds determination on August 2022 totaled \$1,997,359, resulting in Cameron County's final allocation of ERA II of \$10,092,776. The ERA II's period of performance ends on September 30, 2025.
