The ZONE may provide funding for eligible project costs within the ZONE as provided for in Chapter 311 of the Texas Tax Code, as amended. The ZONE is projected to terminate on December 31, 2027.

#### IV. RIGHTS AND OBLIGATIONS OF CAMERON COUNTY

#### A. Tax Increment Participation by CAMERON COUNTY

- Subject to the limitations set out in this Agreement, CAMERON COUNTY agrees to
  participate in the ZONE by contributing to the Zone's Tax Increment Fund one
  hundred percent (100%) of its respective Tax Increments each year during the term of
  this Agreement, beginning with the 2013 tax year.
- 2. The Parties hereto agree that CAMERON COUNTY'S contribution to the Tax Increment Fund shall be used to fund project costs to support the development and revitalization efforts in the ZONE as allowed under Chapter 311 of the Texas Tax Code as amended. Unless otherwise changed by formal amendment pursuant to Section VI.D of this agreement, CAMERON COUNTY'S contributions to the Tax Increment Fund shall end when it has contributed its proportionate share, 31.6059% (County's projected maximum tax increment of \$2,632,475 divided by \$8,329,049, combined City (projected maximum, but not limited to tax increment amount) and County maximum projected tax increment as described in Exhibit A)), of the actual costs of the project, or the maximum total contribution provided for in this Agreement, whichever is less, subject to any early termination as otherwise provided in this Agreement not to extend beyond December 31, 2027, the end date for the

County's participation as set forth in Section V.A. in any event. Subject to any limitations of V.T.C.A., Tax Code § 311.014, County tax increment actually paid in excess of its proportionate share of the actual costs of the project shall be returned without delay upon project completion.

#### B. Tax Increment Payment

- 1. CAMERON COUNTY'S obligation to contribute its Tax Increment Payments to the Tax Increment Fund, as provided in paragraph IV (A) (1) of this Agreement, shall accrue as CAMERON COUNTY collects its Tax Increment. The Parties hereto agree that all real property taxes collected each year by CAMERON COUNTY that are attributable to real property in the ZONE shall first constitute taxes on the Tax Increment Base. Subject to the limitations on the County's total participation in the ZONE as set forth in Section IV.A.2, after the total amount of taxes on the Tax Increment Base have been collected, the collected amount shall then constitute the Tax Increment. CAMERON COUNTY agrees to contribute its Tax Increment Payments to the Tax Increment Fund semi-annually on March 1 and September 1 (or the first business day thereafter) of each tax year. The amount of each Tax Increment Payment shall be based on the Tax Increments that are received, but which have not been previously deposited, during the semi-annual period preceding each deposit date. The Parties agree that CAMERON COUNTY'S obligation to deposit Tax Increment Payments after December 31, 2027 shall only be for taxes collected and received after such date that are attributable to the time period during which CAMERON COUNTY agreed to participate.
- 2. Any delinquent deposit of a Tax Increment Payment under this Agreement by CAMERON COUNTY shall be administered as provided in Section 311.013(c) of the Texas Tax Code (or its successor provision). The Parties expressly agree that CAMERON COUNTY shall not owe any penalty or interest on Tax Increments that have been levied, but not received by CAMERON COUNTY. In addition, CAMERON COUNTY shall not be obligated to contribute its Tax Increment Payment from any tax accounts that are classified as exempt or from any non-Tax Increment revenue sources.
- 3. The CITY and the ZONE BOARD agree to comply with the approved Project Plan for the ZONE (Exhibit "A") and apply the County's tax increment payments to the actual costs of the Projects in ZONE. The City will keep the County promptly

informed as to all changes in the project costs as those costs become known. The CITY agrees to provide prior written notice to CAMERON COUNTY of a proposed material change (defined in this context as any change in the boundaries of the ZONE or any 10% or more increase in the Total Project Plan's actual costs to be incurred within the ZONE ) to the Project Plan. CITY shall have the right to amend and modify the Project Plan and without providing prior written notice to CAMERON COUNTY so long as such amendment or modification does not constitute a material change. CAMERON COUNTY shall have a period of 30 business days from the date of receipt of such notice of a material change to provide comment(s) and objection(s) to the proposed change. The absence of written objection(s) or comment(s) by CAMERON COUNTY to the CITY will constitute approval of the proposed material change by CAMERON COUNTY. If CAMERON COUNTY provides notice to the City that it objects to the proposed material change, and the objection(s) and any comment(s), as set out in the notice, is(are) not resolved within 60 calendar days from the date of such notice, CAMERON COUNTY may thereafter discontinue its Tax Increment Payments - towards the unapproved proposed material change or changes but shall continue to participate in other projects in the Zone's Project Plans to which there have been no unapproved material changes subject to the other terms of this Agreement. The Parties agree that this paragraph does not permit any increase in the COUNTY'S tax increment payment participation in the ZONE. Any increased participation shall require a formal amendment to this Agreement as set forth in Paragraph IV., B.6 and VI., I below.

4. If the County believes that CITY has materially breached this Agreement, then CAMERON COUNTY may provide written notice to the CITY and the ZONE Board stating its intent to terminate its participation in the ZONE and detailing its objection(s) or concern(s) regarding any breach. If the objection(s) and/or concern(s) as set out in the notice is (are) not cured within 60 calendar days from the date of such notice, then CAMERON COUNTY shall provide another 60 calendar days notice to the CITY if COUNTY intends to discontinue its Tax Increment Payments and, upon expiration of said notice period, may terminate its participation in the ZONE. Failure to submit an annual report or audit to the Cameron County Commissioners Court, as required by Section VI.K., shall be considered a material breach of this Agreement.

- 5. Except for contributing its respective Tax Increment Payments to the Tax Increment Fund as set out in this Agreement, CAMERON COUNTY shall not have any obligation or responsibility for any costs or expenses associated with the development of the ZONE or the implementation of the Project Plan, including, without limitation, any obligation to pay or repay any debt.
- 6. Notwithstanding anything in this Agreement to the contrary, the CITY'S total Tax Increment Payment to the Tax Increment Fund over the term of this Agreement shall be, but not limited to, Five Million Forty Five Thousand Five Hundred Forty-Five Dollars and No Cents, (\$5,045,549). Notwithstanding anything in this Agreement to the contrary, CAMERON COUNTY'S total Tax Increment payment to the Tax Increment Fund over the term of this Agreement shall not exceed Two Million Six Hundred and Thirty-Two Thousand Dollars Four Hundred and Seventy-Five and no cents (\$2,632,475). The Parties may agree in writing to increase these amounts during the term of this Agreement.

#### C. Management of the ZONE

- The CITY is the only Participating Taxing Entity with any responsibility for managing or administering the Projects. CAMERON COUNTY may inspect the Project sites and review Project plans and drawings at times and intervals, which will not interfere with ongoing operations.
- 2. The ZONE BOARD shall be composed of seven (7) members, as provided under Section 311.009(a) of the Texas Tax Code. CITY may appoint the remaining ZONE BOARD members; however; CAMERON COUNTY shall have the right to have one individual appointed to the ZONE BOARD as provided by statute.

#### D. Expansion of the ZONES

The obligation of CAMERON COUNTY to participate in the ZONE is limited to the description of the ZONE in Exhibit "C" attached hereto. CAMERON COUNTY'S participation shall not extend to the Tax Increment on any additional property added to the ZONE by the CITY unless CAMERON COUNTY approves such participation in writing.

#### V. TERM AND TERMINATION

#### A. Agreement Term and Termination

This Agreement shall become effective as of the last date of execution by the Parties hereto, and shall remain in effect until December 31, 2027 unless earlier terminated as provided in this Agreement (the "Agreement Term"). Subject to the terms of this Agreement, CAMERON COUNTY agrees to participate under this Agreement, beginning with the 2012 tax year and ending in accordance with the terms provided in this Agreement. The Parties agree and understand that CAMERON COUNTY'S Tax Increment Payments will not be made after December 31, 2027 except for Tax Increment levies generated during the life of the ZONE but collected after December 31, 2027 subject to the limitations set out in paragraph IV. A. 2, of this Agreement.

#### B. Early Termination

Neither CITY nor the ZONE BOARD shall take any action to terminate the ZONE earlier than the duration of the ZONE as specified in this Agreement, unless the purpose for the ZONE no longer is deemed feasible by the CITY and ZONE BOARD.

#### C. Disposition of Tax Increments

Upon expiration or termination of the ZONE, any money remaining in the Tax Increment Fund shall be paid to the Participating Taxing Entities on a pro-rata basis in accordance with Section 311.014(d) of the Texas Tax Code.

#### VI. MISCELLANEOUS

#### A. Understanding

Any and all costs incurred by the CITY are not, and shall never become general obligations or debt of CAMERON COUNTY. The eligible project costs incurred by the CITY shall be payable solely from the Tax Increment Fund in the manner and priority provided in this Agreement. There shall also be no recourse against any Participating Taxing Entity, public official, ZONE, or ZONE BOARD if all, or any part of the CITY'S costs, are not reimbursed. It is recognized by the ZONE BOARD that the Project Plan does not forecast sufficient tax revenues to reimburse the CITY for all its estimated contributions or costs. It is expected that the project costs not fully covered by the tax revenues will be paid by grant monies obtained by the CITY.

#### B. Severability

 In the event any term, covenant, or condition herein contained shall be held to be invalid by any court of competent jurisdiction, such invalidity shall not affect any other term, covenant, or condition herein contained, provided that such invalidity

- does not materially prejudice any Party hereto in its respective rights and obligations contained in the valid terms, covenants, or conditions hereof.
- 2. In the event any term, covenant, or condition shall be held invalid and said invalidity substantially impairs a material right of a Participating Taxing Entity or any ZONE BOARD, then this Agreement shall be void as to that Participating Taxing Entity and that Participating Taxing Entity shall have no further obligation to contribute any future Tax Increment Payments to the Tax Increment Funds. In such a situation, the Parties hereto agree that the Tax Increment Funds shall not refund any prior Tax Increment Payments under this provision of this Agreement.

#### C. Entire Agreement

This Agreement merges the prior negotiations and understandings of the Parties hereto and embodies the entire agreement of the Parties.

#### D. Written Amendment

This Agreement may be changed or amended only by a written instrument duly executed on behalf of each Party hereto. All Parties to this Agreement understand and recognize that only the City Commission of the CITY and only the CAMERON COUNTY Commissioners Court have authority to change or amend this Agreement on behalf of CITY or CAMERON COUNTY, respectively.

#### E. Notices

All Notices required or permitted hereunder shall be in writing and shall be deemed delivered the earlier of (i) when actually received or, (ii) on the third day following deposit in a United States Postal Service post office or receptacle with proper postage affixed (certified mail, return receipt requested) addressed to the respective other Party at the address prescribed in Section I of this Agreement, or at such other address as the receiving Party may have theretofore prescribed by notice to the sending Party.

#### F. Non-Waiver

Failure of any Party hereto to insist on the strict performance of any of the agreements herein or to exercise any rights or remedies accruing hereunder upon default or failure of performance shall not be considered a waiver of the right to insist on, and to enforce by any appropriate remedy, strict compliance with any other obligation hereunder or to exercise any right or remedy occurring as a result of any future or failure of performance.

#### G. Assignment

Except for the CITY'S right to assign and delegate this Agreement and the performance of obligations to the ZONE BOARD, no Party shall assign this Agreement at law or otherwise without the prior written consent of the other Parties and no Party shall delegate any portion of its performance under this Agreement without the written consent of the other Parties. All Parties to this Agreement understand and recognize that only the City Council of CITY and only the Commissioner's Court of CAMERON COUNTY have authority to approve a delegation or assignment (of any kind) of this Agreement.

#### H. Successors

This Agreement shall bind and benefit the Parties and their legal successors. This Agreement does not create any personal liability on the part of any elected official, or agent of a Party to this Agreement.

#### I. Project Plan

The Parties agree an amendment to any Project Plan shall not apply to CAMERON COUNTY unless CAMERON COUNTY approves the amendment as provided in this Agreement if such amendment to any Project Plan (i) has the effect of directly or indirectly increasing the percentage or amount of Tax Increment to be contributed by CAMERON COUNTY to the Tax Increment Fund; or (ii) increases or reduces the geographical area of any ZONE set forth in its Project Plan.

#### J. No Waiver of Immunity

No Party hereto waives or relinquishes any immunity or defense on behalf of itself, its trustees, officers, employees, and agents as a result of its execution of this Agreement and performance or non-performance of the covenants contained herein.

#### K. Access to Financial Information

The CITY shall conduct or cause to be conducted, at a minimum, an annual audit of the Zone Fund by April 30<sup>th</sup> of each year during the term of the Agreement, a copy of which will be provided to CAMERON COUNTY. Furthermore, each Party to this Agreement shall have reasonable access to financial information and audit reports regarding the operation of the ZONE, contribution of Tax Increment Payments to the Tax Increment Fund, and expenditures from the Tax Increment Fund for Project Costs. Further, in accordance with Section 311.016 of the Texas Tax Code, CITY shall prepare and deliver an annual report to the Cameron County Commissioners' Court no later than January 1<sup>st</sup> of every year for the duration of the Agreement. No payments will be made by

CAMERON COUNTY unless the Cameron County Commissioners' Court has received the annual report by the CITY.

#### L. ZONE Designation

CITY represents that its designation of the ZONE meets the criteria of Section 311.005(a), Texas Tax Code, and said designation also complies with Texas Attorney General Opinion No. JC-0152 (December 8, 1999).

#### SECTION I - EXECUTIVE SUMMARY

#### Overview of Plan

The City of Port Isabel Tax Increment Reinvestment Zone ("TIRZ") Number One, represents an important opportunity for the City of Port Isabel in partnership with Cameron County and the Laguna Madre Water District to promote and encourage development and redevelopment in areas of the City that have significant and varied impediments to development.

Large and small tracts of land in and around the city have remained vacant or are in need of redevelopment due to inadequate city street infrastructure, inadequately sized or no utility lines, substandard streets, drainage issues, water and sewer availability and land uses that are no longer compatible with the growth of the City. The costs associated with the remediation of these development and redevelopment issues are of a magnitude that without additional sources of funds the growth of the city will be significantly impaired.

The creation of the TIRZ will provide the following benefits:

- Funding for necessary public improvements associated with the needed infrastructure improvements.
- 2. Replace low value existing land uses with high value single-family residences, multi-family residences and commercial development.
- 3. Offer employment opportunities and reduce commuting time for Port Isabel and Cameron County residents.
- 4. Help to balance population growth in Cameron County.
- 5. Provide a more efficient use of existing city and county services.
- 6. Help to address structural imbalances in the Port Isabel economy and housing market.

#### **Development Goals and Objectives**

The development goals and objectives, which are expected to meet the specific needs of the City of Port Isabel Tax Increment Reinvestment Zone Number One, are:

- Provide for new commercial and residential land uses through the enhancement of the Port to Highway 48 Boulevard along with new sewer and water lines sized for existing and future growth.
- Begin to address the need for expanded housing opportunities for Port Isabel residents and Port Isabel workers who have to commute to work.
- Provide employment opportunities to service increasing population growth within the City of Port Isabel and surrounding Cameron County.
- Solve long-range storm drainage issues that affect the City, surrounding Cameron County and its residents.

 Provide for economic development incentives to address structural imbalances in the Port Isabel economy.

The City of Port Isabel Tax Increment Reinvestment Zone Number One Project Plan and Reinvestment Zone Financing Plan (Project Plan) provides a long term program to increase single-family and multi-family housing opportunities and add population within the District. The plan also provides for more and expanded commercial property uses using tax increment financing to fund required public improvements. This long-term program is expected to attract additional commercial and residential development to include affordable, work force and market rate housing.

#### Section II - Project Plan

#### Background

On October 27, 2009 the City Commission of the City of Port Isabel approved a "Resolution of Intent" to consider the creation of the City of Port Isabel Tax Increment Reinvestment Zone Number One. On January 31, 2012 the City Commission approved Ordinance No. 682 authorizing the creation of the Tax Increment Reinvestment Zone. On February 15, 2012 the Commission approved Ordinance No. 683 appointing a Board of Directors for the Zone.

Meetings and statutory presentations were held with individuals and taxing entities in Cameron County on the following dates:

- Cameron County Commissioner Pct. 3 October 20, 2011
- Laguna Madre Water District November 2011
- Cameron County Commissioners Court on. November 23, 2011
- Point Isabel Independent School District on October 18, 2011

#### **Program Concepts**

The City of Port Isabel Tax Increment Reinvestment Zone represents an important opportunity for the City of Port Isabel in partnership with Cameron County to develop a viable long-range revitalization plan for areas of the City, which have lacked a wide range of commercial, and single and multi-family housing opportunities. New commercial/retail/foodservice, single-family, multi-family and lodging construction are the key components of the revitalization plan. The construction of an additional multi-lane thoroughfare with new utility lines will serve to increase investment by the private sector into this area. Increased employment opportunities for Port Isabel and surrounding county and community residents will be enhanced through the development and redevelopment activity within the Zone.

#### **Development Goals and Objectives**

The planned public improvements within the City of Port Isabel Tax Increment Reinvestment Zone will insure the future of the City as a viable option as companies look to expand or relocate and will provide for landlocked tracts of land to be developed. The addition of lodging facilities and an enhanced visitor event center will complement the destination tourism and fishing industries.

#### **Description of District**

The City of Port Isabel Tax Increment Reinvestment Zone is located throughout the City. It uses a series of major through-fares and city street right-of-ways to connect the various properties within the Zone. The market value of property within the Zone is estimated to be \$28,208,703, however, the total assessed value of the property in the Zone, the Base Value of the Zone, is estimated at \$27,798,326 per preliminary figures from the Cameron County Appraisal District. The City of Port Isabel TIRZ includes approximately 175+/- acres of public and privately held land surrounding the City as shown on the Exhibit "A"

#### **Existing Uses and Conditions**

The City of Port Isabel has determined that the improvements in the Zone will significantly enhance the value of all of the taxable real property in the Zone and will be of general benefit to the municipality, and that the Zone area meets the requirements of Section 311.005 of the Act, being that the Zone area:

"is predominantly open or undeveloped, and because of obsolete platting, deterioration of structures or site improvements, or other factors, substantially impairs or arrests the sound growth of the City" and

The City of Port Isabel, pursuant to the Act, further finds and declares that:

- 1. the proposed zone is a geographical area located wholly within the City limits or extraterritorial jurisdiction of Port Isabel;
- 2. less than thirty percent (30%) of the property in the proposed Zone is used for residential purposes, as the term "residential" is defined in Section 311.006(d) of the Act;
- 3. the total appraised value of the taxable real property in the proposed Zone or in existing reinvestment zones, if any, does not exceed fifty per cent (50%) of the total appraised value of taxable real property in the City and in industrial districts, if any, created by the City;
- the proposed Zone does not contain more than fifty percent (50%) of the total appraised value of real property taxable by Cameron County and the Point Isabel Independent School District,
- 5. development or redevelopment within the boundaries of the proposed Zone will not occur solely through private investment in the reasonably foreseeable future.

#### City of Port Isabel TIRZ Zoning

Properties within the Zone are currently zoned: N Non Zoned District, R-1 Single Family Residential District, A-1 Multi-family residence District, A-2 Mobile Home/Manufactured Home District, B-1 Business District, B-2 General Business District H-1 Industrial District, and PDD Planned Development District. The City does not have an Agricultural use zone but relies on the appraisal district to designate that land use. There are no proposed changes in zoning ordinances, the City of Port Isabel Comprehensive Master Plan, building codes or subdivision rules and regulations that would affect properties in the Zone

#### Relocation of Area Residents

In the event that it became necessary to relocate a person or persons because of a TIRZ redevelopment activity the City would work with the Port Isabel and Cameron County Housing Authorities to find housing equal to or better than the housing stock they are being relocated from. The boundaries of the Zone include commercial and multi-family properties in need of redevelopment, in the event that the building are not reparable but must be razed the City will work with the Port Isabel and the Cameron County Housing Authorities to relocate the tenants. No structure will be demolished without the existing tenant base being relocated to comparable housing with in the market area.

#### Non Project Costs

The plan does not contemplate any non-project costs. However, the Board reserves the right to incur non-project costs in the event that drainage issues that are affecting property within the Zone require the expenditure of funds outside the boundaries of the Zone in order to ameliorate drainage issues within the Zone. The Board also reserves the ability to procure easements for the Laguna Madre Water District in order to extend water or sewer service between Zone properties.

#### **Proposed Public Improvements**

#### **BOULEVARD PORT ROAD TO HIGHWAY 48**

The Cameron County Regional Mobility Authority has determined that a need exists for a by-pass road from the Port of San Benito-Port Isabel to Highway 48, which ties the City to the City of Brownsville. The RMA has approximately \$1,200,000 for the funding of a two lane connector between the Port and Highway 48. The construction of this road would open a very large tract of land for future development, however, a two lane road without sewer and water does not meet the long range goals of the City. The City will participate in the construction of the road by providing the funding to expand the road from two lanes to four lanes and will provide for funding for water and sewer mains large enough to service the entire surrounding property from TIRZ revenues. Water and sewer will be stubbed out at various points along the road in order to facilitate future development of the land. The RMA will be reimbursed for their cost of the road construction out of the TIRZ fund as those funds become available.

#### STREET, WATER AND SEWER EXTENSIONS

The City will establish a policy through its TIRZ development guidelines of reimbursing single and multi-family developers for public infrastructure. The guidelines will provide for 100% reimbursement for public improvements for single-family lots for homes that will be sold to the Port Isabel and Cameron County residents in the price range of \$75,000 to \$115,000. Developers building in the price range of \$115,001 to \$135,000 will be eligible for reimbursement up to 80%. In the price range \$135,001 TO \$150,000 the eligible reimbursement would be 60%. Houses constructed with a sales price between \$150,001 and \$200,000 would be eligible for reimbursement

of 25% of their public improvements. Immediate family members and employees of the developer that purchase homes in the development would not have any reimbursement associated with their lot, i.e. if the reimbursement to the developer is \$12,000 per lot then that sum of money would be deducted from the developers' eligible reimbursement. It is the goal of the Zone to facilitate the construction of approximately 150 new single family homes over the life of the TIRZ

#### ECONOMIC DEVELOPMENT INCENTIVES MULTI-FAMILY PROPERTY

The growth and health of the Cities economy has been adversely impacted by a lack of affordable multi-family housing. Port Isabel employers report difficulty in finding and retaining qualified employees who live in the City or surrounding area. Land prices in the City are such that the development of quality affordable and workforce housing is difficult. No new multi-family properties have been developed in the City for over twenty years. As an economic development incentive to produce additional multi-family housing within the City, the City may from time to time underwrite the acquisition of property for multi-family development, or use TIRZ funds to facilitate the construction of new multi-family dwelling units.

#### HIGHWAY 100 AND DOWNTOWN BEAUTIFICATION AND STREETSCAPE

In its downtown area the City has been able to do some street landscaping, which enhances the retail and food service business in the downtown area. It is the intent of the City to extend that streetscaping from the downtown area along Highway 100 to Port Road. The TIRZ would participate in sidewalk construction and reconstruction, tree planting and other landscaping. The Zone would not participate in any maintenance. The Port Isabel Downtown District Plan outlines improvements in the historic downtown area, primarily along Maxam Street, when appropriate TIRZ funds may be used in the implementation of that plan.

#### PUBLIC HOUSING ENHANCEMENTS - ECONOMIC DEVELOPMENT INCENTIVES

The Zone may from time to time purchase substandard structures from either the Cameron County Housing Authority or the Port Arthur Housing Authority, rehabilitate the structures or demolish the buildings and make the property available to not for profit housing providers for single and multifamily development or will fund replacement housing in the event that the property is sold for other commercial uses.

#### **PUBLIC FACILITIES**

The City has a need to consolidate all of its maintenance activities in one location. This will serve to enhance significant saving in that City workers are not spending time going from here to there but are able to accomplish all there maintenance activities under one roof and in one maintenance yard. Additionally the City will have a need to enhance and upgrade their public safety communication system to include the ability to coordinate and communicate with Cameron County and other regional municipalities. Purchase of property for visitor center, parking and the landscaping and sidewalks for the parking lot are included in the plan.

The planned improvements are designed to begin to meet the long-term needs to secure growth and investment in Port Isabel and central Cameron County.

#### Conclusions

Based upon a set of conservative assumptions and analysis of the Project Plan and Reinvestment Zone Financing Plan, the City of Port Isabel has concluded that the Project Plan and Reinvestment Zone Financing Plan is feasible.

#### **SECTION III - Project Feasibility**

The feasibility of any development has two aspects that must be considered:

- 1. Financial or economic feasibility
- 2. Market feasibility.

The purpose of the TIRZ is to address the financial aspect of the development. TIRZ incremental funds provide for a portion of the development costs incurred for public improvements, thus insuring the financial feasibility of the Project. This project is financially feasible and can be developed with the funding of public improvements from TIRZ funds, however the City acknowledges that the incremental funds to be generated from the project do not cover all of the cost of the proposed public improvements and that other funding sources will be necessary.

Market feasibility addresses issues relating to product absorption, type of product, and demand. The existing economic base is expected to increase due to new commercial opportunities that will be generated through the construction of the new Port Road bypass corridor. Additionally developers and builders have approached the City with preliminary plans for which they will be pulling permits in 2012 and 2013. There is demonstrated demand for the type and size of the planned private improvements in the Zone. The public improvements schedule for the Zone will insure that these private improvements are built.

#### SECTION IV – REINVESTMENT ZONE FINANCING PLAN

#### **Tax Increment Financing**

The Tax Increment Financing Act (Chapter 311 of the Tax Code), provides for municipalities to create "reinvestment zones" within which various public works and improvements can be undertaken, using tax increment revenues, bonds or notes, to pay for those improvements. At the time an area is designated a reinvestment zone for tax increment financing ("TIF"), the existing total of appraised value of real property in the zone is identified and designated as the "tax increment base." Taxing units levying taxes in the zone during its life are limited to revenues from this base.

Public improvements are made in the area to attract private development that would not otherwise occur. As the costs of new development are added to the tax rolls, property values will rise. This rise in new value is called the "captured appraised value." The taxes that are collected by the participating taxing jurisdictions on the increment between the base value and the new higher value, the tax increment, are then deposited into a TIF Trust Fund, which is used to pay for the public improvements. Once the public improvements are completed and paid for, the TIF is dissolved and any remaining amounts of taxes collected are kept by the taxing jurisdiction. In effect, the taxing jurisdictions are "investing" future earnings to receive the benefit of higher tax revenues from new development. Taxing jurisdictions are not restricted from raising or lowering their tax rate during the life of the zone.

#### Financing Plan

The Reinvestment Zone Financing Plan developed by the City provides that potentially \$13,440,000 of public improvements will be partially paid for with TIF funds. The Reinvestment Zone Financing Plan also projects incremental funds for financing and revenues for the City of Port Isabel TIRZ. It is not anticipated that tax increment funds in an amount to fully reimburse the City for all approved project costs will be generated over the projected life of the Zone

<u>Financing Method:</u> Incremental funds will be spent as they accrue and TIF Revenue Bonds may be issued for larger projects and paid for with annual TIRZ proceeds

<u>Financing Policy:</u> The goal of the City of Port Isabel Tax Increment Reinvestment Zone is to borrow only those funds needed as the necessity arises in order to reduce interest expense.

<u>Long Term Financing:</u> The developers of the commercial/industrial/retail sites, and the single and multi-family homes will arrange for long term financing for their individual projects.

<u>Tax Increment Bonds:</u> The City may at some point in the future issue bonds for capital improvements within the Zone. However, the City will issue no bonds without sufficient Zone revenue to service the principal and interest on the bonds.

#### **Development Schedule And Assumptions**

The Development Schedule is based upon the immediate needs of the City and the public works are listed by priority. The City intends to remain flexible in order to leverage other funds with TIRZ funds to maximize the efficiency of the City's funds.

Begin Construction Construction Complete	2012 2026
Boulevard Port Road To Hwy 48	\$ 2,500,000
Street, Water and Sewer Extensions	\$ 4,000,000
Multi-Family Property Acquisition	\$ 3,000,000
Streetscape Hwy 100	\$ 750,000
Public Housing Enhancements	\$ 1,125,000
Public Facilities	\$ 2,000,000
Administrative and Start Up Expense	\$ 65,000
Total Costs	\$ 13,440,000

#### **Financial Assumptions**

No tax rate changes have been factored into the financial pro forma's for the District. A 2% per year inflation rate in the value of the private improvements has been factored into the pro-forma. All projections assume that taxable appraised value and tax rates will remain unchanged, with the exception of the 2% per year inflation factor, over the entire 15-year life of the District. It has also been assumed that the taxing entities will continue to collect tax revenues at the same rate and that homestead and other exemption rates will remain unchanged. The finance plan assumes a collection rate of 97.5% because 70% of the new development will be in the form of commercial construction, the long-term lenders who do the permanent financing for these types of projects generally require proof that the taxes are current. Residential projects that receive incentive financing will have, as a term of the assistance, to have property taxes included in the mortgage payments. The City acknowledges that in any given year the collection rate will initially be lower with the balance of the taxes due being paid in arrears.
