**CAMERON COUNTY, TEXAS
CHAPTER 312, TAX CODE TAX ABATEMENT
AGREEMENT WITH
RIO GRANDE LNG, LLC FOR TRAIN 3**

THIS TAX ABATEMENT AGREEMENT FOR TRAIN 3 ("Agreement"), dated this 3rd day of October, 2017 is entered into by and between Rio Grande LNG, LLC, a Texas limited liability company (the "Company") and the County of Cameron, Texas, acting by and through its County Judge or his designee (the "County").

WHEREAS, the County adopted Resolution No 2016R12073 governing Chapter 312 tax abatement agreements and Chapter 381 economic development grant programs within the County on December 13, 2016, and amended by Resolution No. 2017R09073 adopted on September 5, 2017 and this Agreement is consistent with such Resolutions and applicable state laws, including Chapter 312 of the Texas Tax Code,

WHEREAS, the aforementioned resolutions set forth Guidelines and Criteria governing Chapter 312 tax abatement agreements and Chapter 381 economic development grant agreements within the County (the "Guidelines") and this Agreement is consistent with the Guidelines,

WHEREAS, the County has been duly designated as an Enterprise Zone pursuant to Chapter 2303 of the Texas Local Government Code and consistent with Section 312.4011 of the Texas Tax Code (the "Enterprise Zone");

WHEREAS, the Chapter 312 tax abatement program established by the Guidelines was created by the County to assist companies in establishing operations in the County to provide economic benefits to the County, stimulate increased economic activity, and provide job opportunities for residents of the County;

WHEREAS, Company submitted an application for tax abatement to the County concerning contemplated improvements and investment;

WHEREAS, the County believes the Company represents significant potential to increase economic activity and job opportunities for residents in the County and wishes to offer the Company participation in its tax abatement program to encourage the Company to site their operations in the County, in the location more specifically described in Exhibit I;

WHEREAS, as further described herein, Company proposes to construct and operate a project to manufacture liquefied natural gas ("LNG") for export and will be

engaged in the active conduct of a trade or business, a substantial portion of which is located within the County;

WHEREAS, in accordance with the Guidelines, the Commissioners Court finds that Company's contemplated investment (i) is significantly impactful to the County, and (ii) has the potential to exceed an aggregate investment of \$100 million;

WHEREAS, the Company's and its Affiliates' (as defined herein) investments are contemplated to be phased over a period of time, and this Agreement applies to a portion of the Company's total investment;

WHEREAS, the Commissioners Court finds that the terms of this Agreement are consistent with encouraging development in the County and are in compliance with the Guidelines and applicable law; and, thus deems that it is in the best interest of the County to assist the Company in establishing operations in Cameron County,

NOW, THEREFORE, the County and the Company agree as follows:

Article I

BASIC TERMS

The following understanding forms the basis of this Agreement:

1.01 The Company presently leases real property from the Brownsville Navigation District of Cameron County, Texas (the "BND") as described in Part A of Exhibit I. Additionally, the Company's Affiliate has an option agreement with the BND to enter into a ground lease for the real property described in Part B of Exhibit I (together with the leased real property, the "Site")

1.02 The Company, together with its Affiliates, proposes to construct and operate a project to manufacture LNG for export (the "Facility") at the Site. The Company expects the entire Facility to be in operation for at least twenty (20) years. The Facility's operations at the Site are contemplated to comprise up to six LNG liquefaction trains, each of which is an independent processing unit for gas liquefaction (each such train at the Facility, a "Train").

1.03 This Agreement pertains to the tax incentives applicable to (i) Train 3 of the Facility and any newly added associated infrastructure for Train 3 (which is not included within the scope of the Initial Trains' Agreement) and (ii) the newly added compressors and related equipment for Train 3 at the inlet pipeline compressor station at the Site (the "Compressor Station"), including the real estate improvements, fixtures, personal property, and any new additional value for Train 3 after the Base Year Value associated with such improvements. In view of the complex legal and financial structure of the Facility, multiple agreements substantially similar in all material respects to this Agreement will be implemented simultaneously by and between the Company and the County and each such agreement should be referred to, and taken as a whole, for the

entirety of the Company's (and, over time, its Affiliates') tax abatement benefits and PILOT Amounts (as defined herein). The County hereby acknowledges that the Compressor Station is expected to be owned by Rio Bravo Pipeline Company, LLC, an Affiliate, and may at a future date be located outside the boundaries of the Site, but within the Enterprise Zone. Consequently, it is agreed that if, following the execution of this Agreement, the Compressor Station is relocated outside of the Site, the parties will work in good faith to execute an amendment to this Agreement to include the additional land on which the Compressor Station is relocated. Additionally, if the requirements of Section 8.04 herein relating to assignment are met, Company may assign all or a portion of its rights under this Agreement to such Affiliate.

Article II

ABATEMENT CONDITIONS AND REQUIREMENTS

As conditions precedent to Company receiving the abatement granted herein, Company agrees to the following commitments and performance requirements:

2.01 Company shall commence construction of Train 3 within ten (10) years of the date that Train 2 Commences Full Commercial Operations (as such terms are defined herein). Company shall notify the County in accordance with the requirements of Article VII herein when (i) Train 2 Commences Full Commercial Operations; and (ii) when it has commenced construction of Train 3.

2.02 Company agrees to invest or cause to be invested an additional amount of at least \$50,000,000 in improvements, fixtures and equipment at the Site by the date Train 3 Commences Full Commercial Operations. The additional investment shall be in addition to the initial investment documented in the Completion Report for that certain Tax Abatement Agreement for Trains 1 & 2 dated October 3, 2017 between Rio Grande LNG, LLC and the County (the "Initial Trains' Agreement").

2.03 The Company will achieve the schedule of minimum performances shown on Exhibit 2. Such minimum performances shall form the basis for the Company to continue to receive the County incentives outlined in Article IV during the Incentive Period.

2.04 As an inducement for the County to enter into the Agreement, the Company shall make certain payments in lieu of taxes ("PILOT") as further described in Article V below.

2.05 During the Incentive Period, as defined below, the Site and the Facility shall be used for a lawful use related to the support and/or operation of Company's business. The Site shall at all times be used in a manner consistent with the general purpose of encouraging development within the Enterprise Zone. The parties acknowledge that the use of the Site as described in Section 1.02 is consistent with such purposes.

2.06 Company will negotiate in good faith with the County regarding an agreement to fund yet to be identified county projects which support the Company's and the County's joint objectives for the general welfare of the County provided the terms of such agreement will be generally consistent with and not expand upon the principles enumerated in Exhibit 3.

2.07 As satisfaction of the Program Requirement in Section II.A(2) of the Guidelines, Company will employ Regional Residents as follows:

(a) During Construction. Beginning one hundred and twenty (120) days after the Company notifies the County that it has commenced construction of Train 3 in accordance with Section 2.01 and continuing until the start of the first Operational Year, the Company agrees and agrees to cause its contractors to hire, Regional Residents such that, in aggregate, Regional Residents comprise at least thirty-five percent (35%) of Full-Time Employees and/or Full-Time Equivalent Employees of the Company and Related Employers making at or above the Required Wage.

(b) During Operations. Beginning on January 1 of the first Operational Year, the Company agrees and agrees to cause its contractors to hire, collectively, a minimum number of Regional Residents such that, in aggregate, Regional Residents comprise at least thirty-five percent (35%) of Full-Time Employees and/or Full-Time Equivalent Employees of the Company and Related Employers making at or above the Required Wage.

(c) Applicable Section 9.01(d) Shut Downs. If required by Section 9.01(d), the Company will preserve and cause its contractors to preserve Regional Resident employees such that, in aggregate, Regional Residents comprise at least thirty-five percent (35%) of Full-Time Employees and or Full-Time Equivalent Employees of the Company and Related Employers making at or above the Required Wage. Notwithstanding the foregoing, the requirements of this Section 2.07(c) shall not be applicable if maintaining such employees at the Site would present an unacceptable level of risk to the health and safety of such individuals. For the avoidance of doubt, this provision 2.07(c) shall apply in place of (rather than in addition to) the employment requirements of Section 2.07(b).

(d) For purposes of this Agreement, the term "**Regional Residents**" means individuals who: (1) resided within the County or within one hundred (100) miles of the Site for at least six (6) months prior to being hired into their current position, or (2) were born in the County. Regional Residents shall satisfy any requirement that an employee is an "economically disadvantaged individual" pursuant to the Guidelines.

(e) The Company shall, and shall cause its contractors to, focus job training, job advertisements and notices, and local hiring outreach initiatives on County residents and use commercially reasonable efforts to attract qualified Regional Residents and maximize hiring from the Cameron County labor pool. The Company shall annually report in the

Award Affidavit on its efforts to attract, hire and retain County residents in its workforce in the County. The Company shall publish lists of job openings in local media outlets at reasonable intervals during construction and, thereafter, throughout the Term of the Agreement and identify a local hiring liaison. The Company shall cause its engineering, procurement, and construction ("EPC") contractor to publish lists of job openings in local media outlets at reasonable intervals during construction. The Company shall support local hiring with job fairs and implementation of training programs in the County throughout the term of this Agreement.

(f) If the Company and its contractors make good faith efforts to train and employ Regional Residents, but they are unable to comply with the Regional Resident employment requirements of this Section 2.07 due to the unavailability or limitations of qualified candidates within the regional labor pool, the Company may request a waiver or reduction of Training Payments as contemplated in Section 2.07(g). Along with such a waiver or reduction of Training Payment(s) request, the Company shall provide the County with substantial and verifiable evidence of its good faith efforts to train and employ Regional Residents and the unavailability or limitations of qualified candidates. In considering such request, the County will assess, acting reasonably, all available evidence of the Company's training and hiring efforts and the regional labor pool.

(g) The failure of the Company to meet the Regional Resident employment requirements in this Section 2.07 shall not be a default under this Agreement, if (1) the Company provides a written plan to the County on measures undertaken to increase training and hiring of Regional Residents, and (2) the Company makes a payment (a "Training Payment"), for each year such employment deficit occurs, as follows:

(i) For Section 2.07(a), \$2,500 per Regional Resident employee deficit; provided that such Training Payments, in aggregate across any tax abatement agreements for all Trains, shall be capped as follows: (1) \$250,000 for the first Award Affidavit for the Initial Trains' Agreement; (2) \$375,000 for the second Award Affidavit for the Initial Trains' Agreement, and (3) \$500,000 for each subsequent Award Affidavit thereafter in which such a deficit occurs during construction.

(ii) For Sections 2.07(b) and (c), the following amount *times* the Regional Resident employee deficit: (1) \$10,000 with respect to the first year that such deficit occurs, (2) \$15,000 with respect to the second year that such deficit occurs, and (3) \$25,000 with respect to the third and any subsequent year(s) in which such a deficit occurs.

(h) The test for compliance with the Regional Resident employment requirements set forth in this Section 2.07 shall be the percentage of headcount employed within the County on a "reporting date" identified by Company for each annual Award Affidavit, which shall be on or after the calendar year-end immediately preceding the date of such Award Affidavit and prior to the date of such Award Affidavit. For administrative simplicity, (1) the Company will not be required to calculate an average employment over the preceding period, but the authorized representative will affirm that he or she has

no knowledge of any material change in employees, where such reported percentage or number would not be substantially representative for the applicable year (or, if otherwise, provide qualitative information to explain any such discrepancy); and (2) the Company may base its calculation on Full-Time Employees without analysis of Full-Time Equivalent Employees so long as Company is able to meet the minimum thirty-five percent (35%) Regional Resident employment requirement(s) based solely on its calculation of Full-Time Employees. Additionally, if there is a vacancy that was previously filled by a Regional Resident (1) within 60 days of an Award Affidavit; and (2) such Regional Resident had been employed by or on behalf of Company within the County for work related to construction or operations at the Site for at least nine (9) months prior to such vacancy, that position will be counted as a Regional Resident employee for purposes of the calculation and disclosed in the Award Affidavit.

(i) Following receipt of an Award Affidavit indicating a Regional Resident employment deficit, the Commissioners Court will consider any request for a waiver or reduction of Training Payments pursuant to Section 2.07(f), then it will notify the Company of: (1) the amount of the required Training Payment and (2) the recipient(s) of such payments, such as local scholarships, educational organizations, and job training facilities. Alternatively, the Commissioners Court may require payment directly to the County. The Company shall have thirty (30) calendar days from the date of receipt of notification from the County of the amount of the Training Payment to make such payment(s).

(j) The Company will submit one Award Affidavit for all Trains subject to such requirement by a tax abatement agreement between the Company and the County. The Award Affidavit shall report the Company's compliance with the requirements of this Section 2.07 in aggregate across all applicable Trains, with reporting separated between Trains subject to Section 2.07(a) and 2.07(b). For the avoidance of doubt, the Company shall make one payment based on the aggregate Regional Resident employee deficit, and such payment shall satisfy the requirement for all applicable agreements. For purposes of illustration, if (1) Trains 1 through 3 are subject to Section 2.07(b), and, in aggregate, they have a Regional Resident employee deficit of 5 individuals (and it is the first year of such deficit) and (2) Trains 4 and 5 are subject to Section 2.07(a), and, in aggregate, they have a Regional Resident employee deficit of 10 individuals, then, absent a reduction pursuant to Section 2.07(f), the Company shall make Training Payments totaling \$75,000, and such payments shall satisfy the requirements of all applicable tax abatement agreements for such year.

2.08 Company shall be and remain current on the payment of any and all taxes owed by Company to the County and all remaining taxing entities within the County; provided, however, that Company may properly follow legal procedures to protest or contest any such taxes.

2.09 Company shall conform to the requirements of applicable city ordinances and all other applicable laws and regulations of the County, state and federal government.

Article III

TERM AND INCENTIVE PERIOD

3.01 This Agreement shall take effect on the date on which both the County and Company have executed this Agreement ("**Effective Date**") and, unless earlier terminated in accordance with its terms and conditions, shall expire simultaneously upon the earlier to occur of (i) a non-appealable written determination from the Federal Regulatory Commission (FERC) that Company will not be granted a final order to construct and operate Train 3 in connection with the Facility; or (ii) the expiration of the Incentive Period ("**Term**").

3.02 The tax abatements granted herein and the payment commitments undertaken hereby are contingent on a final investment decision being taken by the Company or an Affiliate for the construction of Train 3. Consequently, the Company shall promptly notify the County in the event that it (or any Affiliate) takes a final investment decision on another LNG facility located in the United States of America prior to, or in place of, a final investment decision on the Facility. In this case, the County shall have the right to terminate this Agreement within sixty (60) days of receipt of such notice from the Company.

3.03 In the event that Company does not receive a final order from FERC to construct and operate Trains 1 & 2 within thirty (30) months of the Effective Date, the County shall have the right to terminate this Agreement. The Company shall promptly notify the County of such final order and provide evidence as may be reasonably requested.

3.04 If all of Company's leasehold interests at the Site terminate without assignment of the Agreement to a successor in interest of Company's leasehold interest in accordance with Section 8.04, and a leasehold interest at the Site is not restored within ninety (90) days of termination, this Agreement will automatically terminate unless amended in accordance with Section 8.01. Notwithstanding the foregoing, no taxes may be abated during any period in which Company (or its assignee) does not hold an ownership or leasehold interest in the Site.

3.05 For purposes of this Agreement the "**Incentive Period**" shall mean the ten (10) calendar years starting on January 1 of the first full calendar year following the date that Train 3 Commences Full Commercial Operations. "**Commences Full Commercial Operations**" means that the Company has formally notified its LNG customers pursuant to its LNG sale contract arrangements that such Train has ended its commissioning period and has commenced commercial operations for the delivery of LNG. Each such calendar year of the Incentive Period shall be referred to in this Agreement as an "**Operational Year**." Notwithstanding the foregoing, the Company may elect to commence the Incentive Period earlier, provided that (i) the conditions to Abatement in Article II have been met and (ii) to be effective, notice of such election shall be made at

least nine (9) months before January 1 of the year in which Company's Incentive Period is to commence

Article IV

INCENTIVES AND REPORTING

4.01 As an inducement to the Company to develop and continuously operate the Facility for at least ten (10) years, and to maintain the Facility in operation for the minimum period set forth in Section 1.02, provided that Company has met the abatement conditions contained in Article II herein, the County agrees that the Company shall receive a tax abatement for the County's ad valorem real and personal property taxes as specified in Section 4.02 to financially support the construction, startup and operation of the Facility.

4.02 In consideration of the Company's performance of its obligations under this Agreement, the County agrees that the Company shall receive a tax abatement during the Incentive Period for the County's ad valorem real and personal property taxes relative to the Added Value of the Eligible Property located on the Site, as follows:

Percent of County Taxes to be Abated:

Year 1	100%
Year 2	100%
Year 3	100%
Year 4	100%
Year 5	100%
Year 6	100%
Year 7	100%
Year 8	100%
Year 9	100%
Year 10	100%

Such tax abatements will commence on January 1 of the first Operational Year. The tax abatement granted herein shall continue for the duration of the Incentive Period and expire at the end of the tenth Operational Year. At a future date, the Cameron County Appraisal District will determine the base year value of the Eligible Property as of January 1, 2018.

4.03 Report Upon Completion. Upon completion of the minimum investment of \$50,000,000 pursuant to Article II, Company will submit to the County a report with reasonable documentation of the minimum investment and confirmation evidencing that Company has met the requirements of Article II (except for the ongoing performance requirements in Sections 2.03 and 2.07 that will occur in future Operational Years) ("Completion Report"). For Sections 2.05, 2.06, 2.08 and 2.09 a statement by an authorized representative or officer of Company that to the best of Company's knowledge it is in compliance with these requirements will suffice for purposes of the Completion Report.

4.04 Award Affidavit. On or before April 1 of each year that this Agreement is in effect, the Company shall submit to the County, an award affidavit signed and affirmed by an officer or authorized representative of the Company (each an "Award Affidavit"), stating that to the best of the Company's knowledge: (i) the Company intends to maintain the Facility in full operation in accordance with the terms of this Agreement; (ii) the Company's representations and warranties contained in Section 6.01 continue to remain true and correct as of the date of the Award Affidavit; (iii) a narrative description of the development's progress; (iv) information supporting employment creation and retention, including information and supporting evidence on employment of Regional Residents and all other reporting requirements set forth in Section 2.07; and (v) for Award Affidavits provided during an Operational Year, certification by the Company that the aggregate performances set forth in Section 2.03 have been achieved and that reasonable backup documentation exists to substantiate the Company's calculations and performances as set forth in the Award Affidavit. Subject to Section 8.09(u), the Company shall also submit documentation as may be reasonably requested by the County in such form as the County may reasonably determine in accordance with the terms and subject matter of this Agreement. The County shall not make copies or otherwise duplicate any documentation submitted by the Company pursuant to such a request and all documentation submitted to the County pursuant to this Agreement shall be returned to Company within fifteen (15) days after County's receipt thereof, except as required by the Texas Public Information Act or other applicable law.

4.05 The Company's failure to comply with and meet the performance requirements of Section 2.03 for an Operational Year will not eliminate or limit the right of the Company to an abatement for that Operational Year if, and only if, (i) the deficit in the requirements was less than ten (10%) percent of the target, (ii) the Company accurately set forth the calculations in the Award Affidavit for the Operational Year, and (iii) the Company makes specific reference to this waiver in any award field for the Operational Year

4.06 Audits of Books and Records. The County will have the right, and the Company shall allow the County to audit the Company's operating records relevant for the County to determine compliance with this Agreement after submission of the Completion Report and, thereafter, during each Operational Year. Company must make all such records available to the County at the Company's office in the County or at another location within the County acceptable to both parties. If the Award Affidavit is found to be incorrect in any material way with respect to the calculations or regarding the Company's representations and warranties, then, in addition to the remedies available to the County under Section 8.05, the Company will pay to the County on demand at its address set forth herein, the reasonable cost of the audit. If such audit proves the Award Affidavit is correct, the expense of any such audit will be paid by the County. Any audit conducted pursuant to this Section 4.06 shall be undertaken during the Company's normal working hours, and the Company shall be provided with reasonable notice and opportunity to prepare relevant records for review without disruption to the conduct of its ordinary business activities. Any amounts payable by one party to the other party shall be

settled within thirty (30) days of submission of documentary evidence of the costs of such audit.

4.07 Inspections. At any time during Company's normal working hours throughout the Term and following at least fifteen (15) business days prior written notice to Company, the County will have the right to inspect the Site and the Facility in order to determine compliance with the Agreement. Company will reasonably cooperate with County and any County employees during any such inspection. Notwithstanding the foregoing, Company shall have the right to require that any representative of the County on the Site be escorted by a representative or security personnel of Company during any such inspection and Company shall be able to exercise a requested inspection date and time in its reasonable discretion so as not to interfere with ongoing business operations at the Site. Further, Company may require that all individuals inspecting the Site or the Eligible Property first sign a confidentiality agreement under which they agree not to discuss or publicize information revealed in such inspection except as necessary for them to complete such inspection and evaluation in accordance with the terms of this Agreement.

Article V

PAYMENTS IN LIEU OF TAXES

5.01 In consideration of the tax abatements described in Section 4.02 being granted to it, the Company (or an Affiliate) shall pay to the County \$400,000 in each Operational Year (each, a "PILOT Amount").

5.02 The PILOT Amount may be paid in quarterly installments no later than March 31, June 30, September 30, and December 31 of each Operational Year (the "PILOT Payments"). The County acknowledges and accepts that the PILOT Payments may be made by Company or any Affiliate in order to optimize the financing structure for the Facility.

5.03 In the event that the Company (or its Affiliate) enters into a tax incentive agreement that includes Train 3 with a tax authority with a tax rate in excess of the County's rate as of the date hereof, the Parties shall amend this Agreement to provide for an increase in the PILOT Amount of no less than double and no more than triple the amounts listed in Section 5.01, without any further amendment to any other terms of this Agreement unless mutually agreed to at such time by both parties, save and except as may be necessary to implement the aforementioned change. Notwithstanding the foregoing, if such amendment to increase the PILOT Amount is ruled to invalidate the tax incentive agreement with the other tax authority, this Section 5.03 shall not be applicable and the PILOT Amount will revert to the amount as stipulated in Section 5.01. Any increase in PILOT Payments pursuant to Training Payments shall not be further increased by this Section 5.03.

Article VI

GENERAL

8.01 This Agreement may be amended, but only in writing, signed by each of the parties hereto and through using the same procedure for approval as is required for this Agreement

8.02 The covenants and contracts contained in this Agreement, or in any document certificate or other instrument delivered under or pursuant to this Agreement, will survive the execution and delivery hereof, the consummation of this Agreement, and continue to survive thereafter for the applicable statute of limitations to ensure full performance thereof and full recourse for nonperformance by any party.

8.03 No Third Party Beneficiaries The parties agree that no third person has in any way brought the parties together or been instrumental in the making of this Agreement. Nothing in this Agreement, expressed or implied, is intended to confer upon any other persons any rights or remedies under or by reason of this Agreement. The Company agrees to indemnify the County against any cost resulting from any claim by any third person for any commission brokerage, finder's fee or any other payment based upon any alleged agreement or understanding between such third party and the Company, whether expressed or implied from the actions of the Company. If such a claim is brought against the County, the Company shall have the right and authority to control and direct the investigation, defense and settlement of such claim, as permitted by state law and constitution. For the avoidance of doubt, the Company has engaged financial and tax advisors on a fee basis, and no compensation is contingent on execution of this Agreement.

8.04 Assignment. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, successors and assigns. This Agreement may not be assigned by either the County or the Company without the prior written consent of the other party hereto, which consent shall not be unreasonably withheld or delayed. Notwithstanding the forgoing, the County hereby consents to Company's assignment of all or a portion of its rights under this Agreement upon prior written notice to the County to (i) any Affiliate that assumes Company's leasehold interest and/or acquires an ownership or leasehold interest at the Site (to the extent of such leasehold or

ownership interest); (ii) to any entity that has acquired all or substantially all of the Company's assets; (iii) to any successor to the Company by merger, consolidation or other reorganization; and (iv) to a lender providing financing for the Facility as further described below, provided that, with respect to any assignment pursuant to (i), (ii), (iii) or (iv): the Company shall notify the County of any such transaction following such occurrence in accordance with the terms of Article VII hereof. Any assignment shall require that: (i) all rights, duties, obligations and liabilities under the Agreement applying to the interest acquired by the assignee shall be assigned from the assignor and assumed by the assignee, and upon such assumption, the assignor shall have no further rights, duties, or obligations under the Agreement from the date of such assignment to the extent such rights, duties, obligations or liabilities apply to the interest acquired by the assignee; (ii) the assignment be made subject and subordinate to this Agreement and the policies and procedures of the Guidelines; and (iii) the assignment document is in a form and contains content reasonably acceptable to the Cameron County Civil Division Office. For any lender to the Facility, Company may assign as collateral, pledge and/or grant a security interest in this Agreement without the County's consent, but with prior written notice to the County and the County shall execute any document reasonably required by the Company or its lenders, acting reasonably, to effect such assignment, pledge or security interest.

8.05 Upon the occurrence of an event of default pursuant to Section 9.01(a), 9.01(b), or 9.01(c) and after the expiration of the Company's right to cure as set forth in Section 9.02, the County may, as its exclusive remedies, elect to terminate this Agreement and be entitled to collect and recapture the full amount of ad valorem taxes abated under this Agreement as of the date of default, and Company's liability shall be limited to such amount; *provided however*, that (i) the County must give notice of such termination within sixty (60) days of the expiration of the cure period provided in Section 9.02 and (ii) all additional considerations paid by the Company as set forth in Sections 2.04, 2.06, 2.07, Article V, and Section 8.07 and Exhibit 3 of this Agreement, expressly including without limitation all PILOT Payments, shall be credited against the recapture amount due under this provision. Such a recapture shall be due and payable to the County within sixty (60) days of the date the County provides notice to Company exercising its right of recapture. Upon the occurrence of a default pursuant to Section 9.01(d) or 9.01(f) and after the expiration of the Company's right to cure as set forth in Section 9.02, the County will be entitled to collect and recapture the amount of ad valorem taxes abated under this Agreement for the calendar year in which such a default occurred and may elect to terminate this Agreement. Such a recapture shall be due and payable to the County within sixty (60) days from the date the County provides notice to Company exercising its right of recapture. Upon the occurrence of an event of default pursuant to Section 9.01(e), and after the expiration of the Company's right to cure as set forth in Section 9.02, the County may terminate this Agreement and assert any remedy at law or equity to enforce the provisions hereof. Upon the occurrence of an event of default pursuant to Sections 9.01(h), 9.01(i), 9.01(j) or 9.01(k) and after the expiration of the Company's right to cure as set forth in Section 9.02, the County may, as its exclusive remedies, elect to terminate this Agreement and be entitled to collect and recapture the full amount of ad valorem taxes abated under this Agreement during the period beginning

on the date such default first occurred and continuing through the date of notice of termination.

If more than one remedy for a default by the Company may be applicable, the County may pursue such jointly or alternatively as it may elect and the forbearance by the County to enforce any remedy provided above upon an event of default shall not be deemed or construed to constitute a waiver of such default.

8 06 The County acknowledges and understands that the Company is relying on the County's representations and warranties in this Agreement and the County's ability to perform the terms thereof. Accordingly, in the event of default by the County, Company may seek to have the provisions of this Agreement enforced by declaratory judgment or injunctive relief to obtain specific performance. Except as provided in this Section 8 06, nothing contained in this Agreement shall be construed as constituting a waiver of the County's governmental immunity from suit or liability, which is expressly reserved to the extent allowed by law.

8 07 The parties will promptly collaborate in good faith in an effort to execute a "Community Benefit Agreement" generally consistent with, and not expanding upon, the principles set forth in Exhibit 3. Such agreement will be executed no later than the Company's taking a positive final investment decision for Trains 1 & 2.

8 08 Prior to the Incentive Period, the Company shall reasonably coordinate with the County to provide guidance on the expected start of the Incentive Period based on commercial and construction progress.

Exhibit 3
Community Benefit Agreement Principles

The parties will collaborate to identify community investment projects ("County Projects"), to improve the welfare of the citizens of Cameron County.

- The terms of the commitment will be memorialized in one Community Benefits Agreement ("CBA"), which shall satisfy the requirement for a CBA in all of the tax abatement agreements for the Facility's six trains. The CBA will contain terms and conditions customary for projects such as the Facility, with all commitments contingent on positive final investment decisions ("FID") for the applicable trains.
- The Cameron County Board of Commissioners (the "Commissioners Court") will play the leading role in selecting the County Projects, but the Company shall have input into the selection process.
- Subject to a positive FID for Trains 1 & 2, the Company commits to funding \$5 million for the County Projects, with such money being equally shared between the County Judge and the County Commissioners. The Commissioners and County Judge shall have the discretion to select a project (s) of their choice in their precinct or other precincts. The parties will develop an expected funding schedule subject to the following:
 - Initial funding shall not be required until at least six (6) months after the FID.
 - No more than 25% of the commitment shall be payable prior to the first Operational Year.
 - The balance of the commitment shall be spread across the first three (3) Operational Years.
