Subject: RE: Cameron County Purchasing Department Invitation for Bid #2517 ROAD MATERIAL :HOT APPLIED CRACK SEAL DUST CONTROL

I missed it or I cant find how much material will be purchased every time.

In order for me to put a delivered price I need to know how many pallets or will it be a truckload at a time.

Please advise.

I can't just do a price per lb. delivered since I don't know if it will be 1 pallet or 1 TL at a time

Thank you,

Eric Larson

RESPONSE FROM CAMERON COUNTY – PUBLIC WORKS DEPARTMENT:

In response to the inquiry.

We typically purchase this material per pallet. Each precinct orders as needed.

So we would ask the vendor to show transport cost separately or per pallet. I don't foresee we would purchase more than one pallet at a time.

Thanks.

Carlos A. Sanchez, P.E, CPM, CFM

Public Works Director / County Road Engineer

Cameron County

To: Roberto Luna <roberto.luna@co.cameron.tx.us>
Subject: RE: Bid Tab Request

Roberto,

Would you be willing to substitute Magnesium Chloride for road stabilization and dust control? We would be happy to speak to you about the benefits.

Thank you,

Caitlyn Lewis, Bid Manager

Subject: Re: Bid Tab Request

Hello Mr. Luna.

Yes, we would accept Magnesium Chloride as a substitute. This would fall under the "equivalent" product type.

Thank you.
