1.- Questions and Clarifications from participating vendors:

1., Is it possible to clarify the anticipated weekly hours and scheduling expectations for the pharmacist consultant coverage?

ANSWER:

The pharmacist must commit to one day out of the month for visitation to each of our pharmacies at the four public health clinics, and the main pharmacy here in our Administration office located in San Benito. Hours may vary depending on start time of the consultation workday to the time it takes to travel and perform the duties required at of our four clinics, which are in San Benito, Harlingen, Brownsville and Port Isabel. Our staff currently averages around 5 hours for the consultation day, keeping in mind, the pharmacist has been with us for almost three years now.

On occasion, staff may also need to contact the consulting pharmacist via text or email for clarification, either to confirm visitation date or provide guidance (before the monthly visit). These communications are usually quick and normally do not take more than 15 minutes on average, depending on the situation.

Note:

This addendum shall become part of the RFQ and all BIDDERS/PARTICIPANTS shall be bound by its content. All aspects of the scope of work/services not covered herein shall remain the same.
